

RAIL CHIEFS CONSIDER WAGE AWARD

SCALE INCREASES TO 1,800,000 WORKERS TOTAL \$600,000,000

Whether Railway Workers Will Accept Award Calling For 60 Per Cent of Increase Demanded or Launch General Strike Depends on Decision of Grand Council of Brotherhoods.

By GILMAN PARKER
CHICAGO, July 20.—Wage increases totalling \$600,000,000 a year today were granted to the 1,800,000 railroad workers of the country by the United States railroad labor board.

The award is approximately 60 per cent of the increase demanded.

Immediately upon announcement of the award, copies of the board's decision were distributed among the representatives of the sixteen big railway brotherhoods. These delegates comprising the grand council of the brotherhoods went into session at ten o'clock this morning to determine whether they would accept or reject the award.

On their decision rests whether the country's railway workers will remain on their jobs and bring increased efficiency to the transportation systems of America or whether a general strike, paralyzing the nation's industries, will be called.

RATES OF INCREASES

In the award, the following rates of increase per hour were established for the various classes as enumerated below:

- Section One—Storekeepers, assistant storekeepers, chief clerks, foremen, sub-foremen and other clerical supervisory forces, 13 cents.
- Section Two—Clerks with an experience of one (1) or more years in railroad clerical work, or clerical work of a similar nature in other industries, or where their cumulative experience in such clerical work is not less than one (1) year, 13 cents.
- Section Three—Clerks whose experience as above defined is less than one (1) year and until an experience of one (1) year in such work entitles them to the increase provided for in section two, 6½ cents.
- Section Four—Train and engine crew callers, assistant station masters, train announcers, gatemen and baggage and parcel room employees (other than clerks), 13 cents.
- Section Five—Janitors, elevator and telephone switchboard operators, office station and warehouse engagers, mailmen and warehouse watchmen, and employees engaged in assorting waybills or machines for perforating, addressing envelopes, numbering claims, and other papers, gathering and distributing mail, adjusting dictaphone cylinders and other similar work, 10 cents.
- Section Six—Office boys, messengers, chore boys, and other employees under eighteen years of age, filling similar positions, and station attendants, 5 cents.
- Section Seven—Station, platform, warehouse, transfer, dock, pier, store-room, stockroom, and team track freight handlers or truckers and others similarly employed, 12 cents.
- Section Eight—The following differentials shall be created or maintained as the case may be, between truckers and the classes named below:
 - (a)—Sealers, scalers and fruit and perishable inspectors one (1) cent per hour above truckers' rates as established under Section Seven.
 - (b)—Stowers or stevedores, callers, or loaders, locators and coopers two (2) cents per hour above truckers' rates as established under Section Seven.
- Section Nine—All common laborers in and around stations, storehouses and warehouses, not otherwise provided for, 8½ cents.
- Article III—Maintenance of way and structures and unskilled forces specified of the United States Railroad Administration of the hereinafter named classes:
 - Amounts per hour:
 - Section One—Building, bridge, construction, painter, mason and concrete, water supply and plumber foremen, except such water supply and plumber foremen as were paid under the provisions of supplement No. 4 to general order No. 27, 15 cents.
 - Section Two—Assistant, building, bridge, painter, construction, mason and concrete, water supply, and plumber foremen, and for coal wharf, coal chute, and fence gang foremen, pile driver, ditching and hoisting engineers and bridge inspectors, except such assistant water supply and plumber foremen as were paid under the provisions of supplement No. 4 to General Order No. 27, 15 cents.
 - Section Three—Section, track and maintenance foremen and assistant section, track and maintenance foremen, 15 cents.
 - Section Four—Mechanics in the maintenance of way and bridge departments, except those that come under the provisions of the national agreement with the federated shop trades, 8½ cents.
 - Section Five—Mechanics' helpers in the maintenance of way and bridge departments, except those that come under the provisions of the national agreement with the federated shop trades, 8½ cents.
 - Section Six—Track laborers and all common laborers in the maintenance of way department and around shops and round houses, not otherwise provided for herein, 8½ cents.
 - Section Seven—Drawbridge tenders and assistants, pile driver, ditching and hoisting foremen, pumper engineers and pumpers, crossing watchmen or flagmen and lamp lighters and tenders, 8½ cents.
 - Section Eight—Laborers employed in and around shops and round houses, such as engine watchmen and wipers, 8½ cents.

FOURTH ROLL CALL NOV. 11

Dates for Red Cross Membership Campaign Announced.

East Liverpool's fourth Red Cross Roll Call drive will be launched Armistice Day, November 11 and will close Thanksgiving Day, November 25, it was officially announced Tuesday.

Miss Florence Updegraff, chairman of the East Liverpool chapter of the American Red Cross, will appoint a city chairman to direct the solicitation.

East Liverpool now has an enrollment of approximately 3,500 in the adult Red Cross and approximately 4,000 in the Junior Red Cross. An effort will be made this year to double the adult membership and to increase the junior enrollment to at least 5,000.

Hereafter, the anniversary of the end of hostilities in the World war will be made the opening date for the Red Cross Roll Call and Thanksgiving Day the closing day. Dr. Livingston Farrand, chairman of the central committee of the American Red Cross, has announced.

LET CONTRACT FOR COX HIGHWAY WORK

By the state highway department letting the contract for the improvement of one mile of road from the west line of Butler township to Westville, the Cox highway will be improved from Salem west through Beloit, Sebring, Alliance to Massillon, it was announced today. This job has been awarded on a contract of \$49,875.66.

A brick surface is to be placed on the Youngstown-East Liverpool macadam road in the vicinity of North Lima at a cost of \$93,493.54.

Contractors announce their intent to go on these jobs immediately.

COX AND MOORE MEET

Youngstown Man Refuses to Accept Appointment as Chairman.

COLUMBUS, O., July 20.—The Democratic national committee convened here at 1 p. m. this afternoon. A roll call was ordered. It was stated that the committee will appoint a sub-committee to confer with Governor Cox on the chairmanship and would immediately thereafter adjourn until 3 p. m.

Gov. Cox stated that in view of the refusal of Edmund H. Moore, he would favor no particular candidate for the chairmanship. The committee, he said, probably would appoint a sub-committee immediately upon convening to confer with the governor on the chairmanship.

"I shall go into the matter very carefully with that sub-committee," said the governor.

Following the governor's announcement, Chairman Homer E. Cummings went into conference with Mr. Moore and other leaders.

It was announced that the committee would convene immediately.

Democratic leaders were of the opinion that the refusal of Mr. Moore made the re-election of Mr. Cummings practically certain.

Suffragist leaders urged the committee to assume responsibility for seeing to it that the Tennessee and North Carolina legislatures ratify the federal suffrage amendment.

A fund of approximately \$3,500,000, Democratic leaders here estimated, will be necessary to properly wage the Cox-Resolute campaign as it will be outlined before the national committee. This sum is practically double the amount raised in 1916 and will be the largest war chest ever raised by the Democratic party.

The committee unanimously passed a resolution promising to give full support to the suffrage workers who are seeking to obtain ratification by the Tennessee legislature of the woman suffrage amendment to the constitution.

MAN BURNED AT MIDLAND MILL

William Mowery, 22, Electrical Engineer, Brought to Hospital.

Suffering from burns on the face and left arm sustained while at work in the Midland (Pa.) plant of the Pittsburgh-Crescent Steel company, William Mowery, aged 22, of the East End, was admitted to the City hospital at 1:30 o'clock Tuesday afternoon.

Mowery, an electrical engineer, was making adjustments to a switchboard in the plant when a screw driver with which he was working came in contact with an exposed wire. The man's face and arm was enveloped in a sheet of flame and he was knocked to the floor by the impact of the high voltage.

The injured man was removed to this city in an automobile. His condition is not serious.

CRITICISM FOLLOWS APPOINTMENT OF PRINCE AS GOVERNOR GENERAL

Prince and Princess Arthur of Connaught.

Because he is a member of the British royal family, the appointment of Prince Arthur of Connaught to act as governor general of the Union of South Africa has stirred up much adverse criticism in Britain. The governor general is supposed to represent the British ministry and not the king. Princess Arthur, a cousin of the king, is very popular, but it remains to be seen whether the personal charm of her and her husband will be sufficient to make them a success in their new field of work.

SHAMROCK LEADS U. S. ENTRY IN BOAT RACE

Lipton's Big Green Yacht Goes Over Starting Line First—Resolute Overtakes Craft, But Again Loses Lead.

By JACK VEIOCK.
ABOARD U. S. S. GOLDSBOROUGH OFF SANDY HOOK, N. J., July 20.—(via Wireless)—After being delayed 15 minutes waiting for more of a breeze Shamrock and Resolute got away at 11:15 a. m. (Eastern standard time) today in an effort to decide the second of their races for America's cup. Only a slight breeze was blowing.

Sir Thomas Lipton's big green yacht got away in the lead. It looked from the press boat like Resolute deliberately allowed Shamrock to start first. The balloon on Shamrock would not break out as Shamrock slipped across the line and was partly hauled down. Five minutes after the start Resolute had nearly caught Shamrock. The official starting time was given as follows: Shamrock, 11:15:48; Resolute, 11:16:26.

At 11:22 Resolute passed Shamrock to leeward.

Today's race is being run on a triangular course, the first ten mile leg being a reach south, southeast, the second a beat west by north and third a reach to the finish line north, east by north.

Captain Burton was sailing the Shamrock and his wife was acting as timekeeper.

Ten minutes after the race started Resolute, even though she had started behind Shamrock, was leading by 50 yards.

CONDITION OF AUTO VICTIM UNCHANGED

Condition of John Huddleston Jr., 15-year-old automobile accident victim, was unchanged Tuesday afternoon, according to a report from the City hospital, where the lad is confined with a fractured skull. The boy was run down by an auto driven by William Owen, Riley avenue, on Bradshaw avenue Sunday forenoon.

RED ARMY IS MAKING GAINS

Bolshevik Troops are Advancing at Rate of 12 Miles Per Day.

BERLIN, July 20.—The Bolshevik army on the northern end of the Russo-Polish battle front is advancing at the rate of 12 to 15 miles a day, according to press dispatches from Warsaw today.

Using Minsk as a base of operations the Russians are making storm attacks against the Polish positions defending Novogrudok, Baranovitschi and the Oginski canal. On the southern end of the front the Russians are reported to have captured Kamenetz Podolski. Novogrudok is 40 miles north of the fortress of Grodno. Baranovitschi is an important railway city, five lines converging there. Kamenetz Podolski is in old Russia, only ten miles from the pre-war border of Galicia.

TURKS FIRE CHURCH; 1500 PERSONS PERISH

LONDON, July 20.—Fifteen hundred Christians are said to have perished when Turkish Nationalists set fire to a Greek church at Fouladik, according to a Constantinople dispatch to the Daily Express today quoting the Greek Patriarchate in the Turkish capital. The Turkish Nationalists were said to have herded a majority of the Christian population of Fouladik into the Greek church and then applied the torch.

BUCKEYE POWER CO. STRIKERS ACCEPT OFFER

Electrical Workers and Company Adjust Wage Differences.

GET PAY INCREASE

Strikers Will Return to Work On Monday Morning.

Accepting a compromise offer calling for a wage increase of 15 cents an hour, electrical workers in the East Liverpool district employed by the Buckeye Power company will return to work next Monday morning, it was announced Tuesday following a conference between company officials and representatives of the strikers Monday night.

Strike of electrical linemen, substation operators, meter men and general electrical workers was called early Saturday morning, May 1st, when a new scale calling for an increase from 70 cents to \$1 an hour was rejected. An increase of 15 cents an hour was rejected by the strikers when the strike was in its infancy.

An "open shop" created by the Buckeye Power company after the men had rejected their proffer, will be maintained in the East Liverpool district, officials of the power company declared Tuesday.

A conference between A. C. Martin, Steubenville, general superintendent of the Buckeye Power company; H. C. Sterling, manager of the East Liverpool district and representatives of the strikers was held in the office of the power company, corner of Fourth and Washington streets Monday night.

C. NICK MUESSIG RESIGNS LODGE POST

C. Nick Mueissig, exalted ruler of East Liverpool lodge No. 258, B. P. O. Elks, Tuesday tendered his resignation to lodge officials to take effect immediately. A successor to Mr. Mueissig will be elected at the next meeting of the lodge, Thursday, August 5.

Mr. Mueissig, who is western representative of the B. F. Drakenfeld & Co. of New York city, was advised at a recent conference that his territory had been widely extended, necessitating his frequent absence from the city. In view of his commercial pursuits, Mr. Mueissig stated Tuesday that he would be unable to properly fill his duties as exalted ruler.

JACK JOHNSON IN UNCLE SAM'S CUSTODY

TIAJUANA, Mex., July 20.—Jack Johnson, negro pugilist, is today a prisoner of the United States.

The negro surrendered to U. S. Deputy Marshal Connelley, through Sheriff John C. Cline of Los Angeles, at the international line at 10:30 a. m. Sheriff Cline took Johnson into custody at his little Mexican home in Tia Juana as the negro gave himself up voluntarily. Only a few newspaper correspondents and a handful of curious bystanders witnessed the surrender of the former heavyweight champion who has been a fugitive from justice for six years in foreign lands.

Marion Civic Association In Charge of Local Arrangements.

THURSDAY IS BIG DAY

G. O. P. Nominee to Officially Open "Front Porch" Campaign July 31.

By A. O. HAYWARD.
MARION, O., July 20.—The people of Marion are preparing for a host of visitors next Thursday when Senator Warren G. Harding is to be notified officially of his nomination by the Republican party as its candidate for the presidency.

D. R. Crissinger, president of the Marion Civic association, which has charge of the local arrangements, said today that preparations had been made to feed 100,000 people two meals that day if such be the demand.

"There will be no profiteering here on that day," Crissinger gave assurance. The civic association has discussed prices with merchants and restaurant keepers and reasonable charges will prevail throughout Marion. Irresponsible parties charging unreasonable prices will have their places closed immediately, but we do not fear anything of that kind.

"We have arranged for 50,000 buns for sandwiches on that day. Thirty-two quarters of beef will be roasted on the high school grounds. The Lincoln Park association will serve a \$1 dinner. Restaurants and sandwich stands will be serving meals through the day. Churches are preparing to feed 12,000 people.

"Few hotel rooms will be available unless reservations have been made, but there will be at least 1,000 rooms in private homes to be had at from 75 cents to \$1.50 daily. Everything possible has been done for the visitors."

It is expected that Marion will be crowded Wednesday and Thursday. After then its citizens will have a breathing spell until the set pilgrimages begin. The first of these will be on July 31 when the Richmond county Republican club, whose members are Senator Harding's neighbors, will come to open the "front porch" campaign officially. The Richmond voters coveted this honor. They are arranging to come on foot, by airplane and on cars.

The award is approximately 60 per cent of the increase demanded.
Immediately upon announcement of the award, copies of the board's decision were distributed among the representatives of the sixteen big railway brotherhoods. These delegates comprising the grand council of the brotherhoods went into session at ten o'clock this morning to determine whether they would accept or reject the award.
On their decision rests whether the country's railway workers will remain on their jobs and bring increased efficiency to the transportation systems of America or whether a general strike, paralyzing the nation's industries, will be called.

RATES OF INCREASES

In the award, the following rates of increase per hour were established for the various classes as enumerated below:

Section One—Storekeepers, assistant storekeepers, chief clerks, foremen, sub-foremen and other clerical supervisory forces, 13 cents.

Section Two—Clerks with an experience of one (1) or more years in the work of a similar nature in other industries, or where their cumulative experience in such clerical work is not less than one (1) year, 13 cents.

Section Three—Clerks whose experience as above defined is less than one (1) year and until an experience of one (1) year in such work entitles them to the increase provided for in section two, 6½ cents.

Section Four—Train and engine crew callers, assistant station masters, train announcers, gatemen and baggage and parcel room employees (other than clerks), 13 cents.

Section Five—Janitors, elevator and telephone switchboard operators, office station and warehouse watchmen, and employees engaged in as-sorting waybills and tickets, operating appliances or machines for perforating, addressing envelopes, numbering claims and other papers, gathering and distributing mail, adjusting dictaphone cylinders and other similar work, 10 cents.

Section Six—Office boys, messen-

gers, chore boys, and other employees under eighteen years of age, filling similar positions, and station attendants, 5 cents.

Section Seven—Station, platform, warehouse, transfer, dock, pier, store-room, stockroom, and team track freight handlers or truckers and others similarly employed, 12 cents.

Section Eight—The following differentials shall be created or maintained as the case may be, between truckers and the classes named below:

(a)—Sealers, sealers and fruit and perishable inspectors one (1) cent per hour above truckers' rates as established under Section Seven.

(b)—Stowers or stevedores, callers, or loaders, locators and coopers two (2) cents per hour above truckers' rates as established under Section Seven.

The above scale shall not operate to decrease any existing higher differentials.

Section Nine—All common laborers in and around stations, storehouses and warehouses, not otherwise provided for, 8½ cents.

Article III
Maintenance of way and structures and unskilled forces specified of the United States Railroad Administration of the hereinafter named classes:

Amounts per hour:

Section One—Building, bridge, construction, painter, mason and concrete, water supply and plumber foremen, except such water supply and plumber foremen as were paid under the provisions of supplement No. 4 to General Order No. 27, 15 cents.

Section Two—Assistant, building, bridge, painter, construction, mason and concrete, water supply, and plumber foremen, and for coal wharf, coal chute, and fence gang foremen, pile driver, ditching and hoisting engineers and bridge inspectors, except such assistant water supply and plumber foremen as were paid under the provisions of supplement No. 4 to General Order No. 27, 15 cents.

Section Three—Section, track and maintenance foremen and assistant section, track and maintenance foremen, 15 cents.

Section Four—Mechanics in the maintenance of way and bridge and building departments, except those that come under the provisions of the national agreement with the federated shop trades, 15 cents.

Section Five—Mechanics' helpers in the maintenance of way and bridge departments, except those that come under the provisions of the national agreement with the federated shop trades, 8½ cents.

Section Six—Track laborers and all common laborers in the maintenance of way department and around shops and round houses, not otherwise provided for herein, 8½ cents.

Section Seven—Drawbridge tenders and assistants, pile driver, ditching and hoisting foremen, pumper engineers and pumpers, crossing watchmen or flagmen and lamp lighters and tenders, 8½ cents.

Section Eight—Laborers employed in and around shops and round houses, such as engine watchmen and wipers,

LET CONTRACT FOR COX HIGHWAY WORK

By the state highway department letting the contract for the improvement of one mile of road from the west line of Butler township to Westville, the Cox highway will be improved from Salem west through Beloit, Sebring, Alliance to Massillon, it was announced today. This job has been awarded on a contract of \$48,875.65. A brick surface is to be placed on the Youngstown-East Liverpool macadam road in the vicinity of North Lima at a cost of \$93,493.54. Contractors announce their intent to go on these jobs immediately.

Democratic National Committee Convenes In Columbus.

COX AND MOORE MEET

Youngstown Man Refuses to Accept Appointment as Chairman.

COLUMBUS, O., July 20.—The Democratic national committee convened here at 4 p. m. this afternoon. A roll call was ordered. It was stated that the committee will appoint a sub-committee to confer with Governor Cox on the chairmanship and would immediately thereafter adjourn until 3 p. m. Gov. Cox stated that in view of the refusal of Edmund H. Moore, he would favor no particular candidate for the chairmanship. The committee, he said, probably would appoint a sub-committee immediately upon convening to confer with the governor on the chairmanship.
"I shall go into the matter very carefully with that sub-committee," said the governor.
Following the governor's announcement, Chairman Homer E. Cummings went into conference with Mr. Moore and other leaders.
It was announced that the committee would convene immediately.
Democratic leaders were of the opinion that the refusal of Mr. Moore made the reelection of Mr. Cummings practically certain.
Suffragist leaders urged the committee to assume responsibility for seeing to it that the Tennessee and North Carolina legislatures ratify the federal suffrage amendment.
A fund of approximately \$3,500,000, Democratic leaders here estimated, would be necessary to properly wage the Cox-Roosevelt campaign as it will be outlined before the national committee. This sum is practically double the amount raised in 1916 and will be the largest war chest ever raised by the Democratic party.
The committee unanimously passed a resolution promising to give full support to the suffrage workers who are seeking to obtain ratification by the Tennessee legislature of the woman suffrage amendment to the constitution.
On motion of Mr. Moore, of Ohio,

MAN BURNED AT MIDLAND MILL

William Mowery, 22, Electrical Engineer, Brought to Hospital.

Suffering from burns on the face and left arm sustained while at work in the Midland (Pa.) plant of the Pittsburgh-Crescent Steel company, William Mowery, aged 22, of the East End, was admitted to the City hospital at 1:30 o'clock Tuesday afternoon.
Mowery, an electrical engineer, was making adjustments to a switchboard in the plant when a screw driver with which he was working came in contact with an exposed wire. The man's face and arm was enveloped in a sheet of flame and he was knocked to the floor by the impact of the high voltage.
The injured man was removed to this city in an automobile. His condition is not serious.

CRITICISM FOLLOWS APPOINTMENT OF PRINCE AS GOVERNOR GENERAL

Prince and Princess Arthur of Connaught. Because he is a member of the British royal family, the appointment of Prince Arthur of Connaught to act as governor general of the Union of South Africa has stirred up much adverse criticism in Britain. The governor general is supposed to represent the British ministry and not the king. Prince Arthur, a cousin of the king, is very popular, but it remains to be seen whether the personal charm of her and her husband will be sufficient to make them a success in their new field of work.

SHAMROCK LEADS U. S. ENTRY IN BOAT RACE

Lipton's Big Green Yacht Goes Over Starting Line First—Resolute Overtakes Craft, But Again Loses Lead.

By JACK VEIOCK.
ABOARD U. S. S. GOLDSBOROUGH OFF SANDY HOOK, N. J., July 20.—(via Wireless)—After being delayed 15 minutes waiting for more of a breeze Shamrock and Resolute got away at 11:15 a. m. (Eastern standard time) today in an effort to decide the second of their races for America's cup. Only a slight breeze was blowing.
Sir Thomas Lipton's big green yacht got away in the lead. It looked from the press boat like Resolute deliberately allowed Shamrock to start first. The balloon on Shamrock would not break out as Shamrock slipped across the line and was partially hauled down. Five minutes after the start Resolute had nearly caught Shamrock. The official starting time was given as follows: Shamrock, 11:15:48; Resolute, 11:16:26.
At 11:22 Resolute passed Shamrock to leeward.
Today's race is being run on a triangular course, the first ten mile leg being a reach south, southeast, the second a beat west by north and third a reach to the finish line north, east by north.
Captain Burton was sailing the Shamrock and his wife was acting as timekeeper.
Ten minutes after the race started Resolute, even though she had started behind Shamrock, was leading by 50 yards.

FIRST PRESBYTERIAN CONGREGATIONAL PICNIC
The annual congregational picnic of the First Presbyterian church will be held on the Fred Hobbs farm, south of Chester, Thursday afternoon and evening.
Automobile trucks will be at the Presbyterian church at 3 o'clock Thursday afternoon to take the Sunday school pupils to the picnic grounds. Automobiles will meet the 3 p. m. car and all cars from 5 to 6 p. m. at the park entrance.
An afternoon of sports will be followed by a big supper at 6 o'clock.

TURKS FIRE CHURCH; 1500 PERSONS PERISH

LONDON, July 20.—Fifteen hundred Christians are said to have perished when Turkish Nationalists set fire to a Greek church at Pouladjik, according to a Constantinople dispatch to the Daily Express today quoting the Greek Patriarchate in the Turkish capital. The Turkish Nationalists were said to have herded a majority of the Christian population of Pouladjik into the Greek church and then applied the torch.

BUCKEYE POWER CO. STRIKERS ACCEPT OFFER

Electrical Workers and Company Adjust Wage Differences.

GET PAY INCREASE

Strikers Will Return to Work On Monday Morning.

Accepting a compromise offer calling for a wage increase of 15 cents an hour, electrical workers in the East Liverpool district employed by the Buckeye Power company will return to work next Monday morning, it was announced Tuesday following a conference between company officials and representatives of the strikers Monday night.
Strike of electrical linemen, substation operators, meter men and general electrical workers was called early Saturday morning, May 1st, when a new scale calling for an increase from 70 cents to \$1 an hour was rejected. An increase of 15 cents an hour was rejected by the strikers when the strike was in its infancy.
An "open shop" created by the Buckeye Power company after the men had rejected their proffer, will be maintained in the East Liverpool district, officials of the power company declared Tuesday.
A conference between A. C. Martin, Steubenville, general superintendent of the Buckeye Power company; H. C. Sterling, manager of the East Liverpool district and representatives of the strikers was held in the office of the power company, corner of Fourth and Washington streets Monday night.
C. Nick Muessig, exalted ruler of East Liverpool lodge No. 258, B. P. O. Elks, Tuesday tendered his resignation to lodge officials to take effect immediately. A successor to Mr. Muessig will be elected at the next meeting of the lodge, Thursday, August 5.
Mr. Muessig who is western representative of the B. F. Drakenfeld & Co. of New York city, was advised at a recent conference that his territory had been widely extended, necessitating his frequent absence from the city. In view of his commercial pursuits, Mr. Muessig stated Tuesday that he would be unable to properly fill his duties as exalted ruler.

CONDITION OF AUTO VICTIM UNCHANGED

Condition of John Huddleston Jr., 15-year-old automobile accident victim, was unchanged Tuesday afternoon, according to a report from the City hospital, where the lad is confined with a fractured skull. The boy was run down by an auto driven by William Owen, Riley avenue, on Bradshaw avenue Sunday forenoon.

RED ARMY IS MAKING GAINS

Bolshevik Troops are Advancing at Rate of 12 Miles Per Day.

BERLIN, July 20.—The Bolshevik army on the northern end of the Russo-Polish battle front is advancing at the rate of 12 to 15 miles a day, according to press dispatches from Warsaw today.
Using Minsk as a base of operations the Russians are making storm attacks against the Polish positions defending Novogrudok, Baranovitchi and the Oginski canal. On the southern end of the front the Russians are reported to have captured Kamenetz Podolski, Novogrudok is 40 miles north of the fortress of Grodno. Baranovitchi is an important railway city, five lines converging there. Kamenetz Podolski is in old Russia, only ten miles from the pre-war border of Galicia.

OHIO CITY IN GALA ATTIRE FOR HARDING NOTIFICATION

Marion Civic Association In Charge of Local Arrangements.

THURSDAY IS BIG DAY

G. O. P. Nominee to Officially Open "Front Porch" Campaign July 31.

By A. O. HAYWARD.
MARION, O., July 20.—The people of Marion are preparing for a host of visitors next Thursday when Senator Warren G. Harding is to be notified officially of his nomination by the Republican party as its candidate for the presidency.
D. R. Crissinger, president of the Marion Civic association, which has charge of the local arrangements, said today that preparations had been made to feed 100,000 people two meals that day if such be the demand.
"There will be no profiteering here on that day," Crissinger gave assurance. The civic association has discussed prices with merchants and restaurant keepers and reasonable charges will prevail throughout Marion. Irresponsible parties charging unreasonable prices will have their places closed immediately, but we do not fear anything of that kind.
"We have arranged for 50,000 buns for sandwiches on that day. Thirty-two quarters of beef will be roasted on the high school grounds. The Lincoln Park association will serve a \$1 dinner. Restaurants and sandwich stands will be serving meals through the day. Churches are preparing to feed 12,000 people.
"Few hotel rooms will be available unless reservations have been made, but there will be at least 1,000 rooms in private homes to be had at from 75 cents to \$1.50 daily. Everything possible has been done for the visitors."
It is expected that Marion will be crowded Wednesday and Thursday. After then its citizens will have a breathing spell until the set pilgrimages begin. The first of these will be on July 31 when the Richland county Republican club, whose members are Senator Harding's neighbors, will come to open the "front porch" campaign officially. The Richland voters coveted this honor. They are arranging to come on foot, by airplane and on cars.

COUNTY NEWS

SEEK RECORD OF CRIPPLED CHILDREN

The county board of health, working in conjunction with the state department of health, will conduct a survey of crippled children, in an endeavor to record certain information regarding every crippled child in the district.

The movement is state-wide and is backed by several prominent clubs throughout the state and by the legislature in the form of an appropriation. Money for the erection of an institution for the care and treatment of crippled children is now available, but because of the lack of sufficient funds definite information regarding such children, the institution has not been built. In the case of institutional treatment a fund is set aside for the treatment of individual cases.

The cases when found will be classified according to their needs and an effort made to co-operate with the parents in procuring for the child a common school education, vocational training, custodial care or surgical or mechanical treatment.

This movement has but one aim—to assist in procuring for crippled children the same advantages that are available to more fortunate children.

Every person can help in the movement by calling the attention of the county board to such cases and by urging parents of crippled children to take advantage of the opportunities along this line.

Article XIII

General Application

Section One—The increase in wages and the rates hereby established shall be paid according to the time served to all who were then in the carriers' service and remained therein or who have since come into such service and remained therein.

Section Two—The provisions of this decision will not apply in cases where amounts less than thirty dollars (\$30.00) per month are paid to individuals for special service which takes only a portion of their time from outside employment or business.

Section three—Increases specified in this decision are to be added to the hourly rates as established by or under the authority of the United States railroad administration for employees paid by the hour. For employees paid by the month, add two hundred and four (204) times the hourly rate specified to the monthly rate.

Section four—Each carrier will in payment to employees on and after August 1, 1920, include the increases in wages and the rates hereby established.

Section five—The amounts due in back pay from May 1, 1920, to July 31, 1920, inclusive in accordance with the provisions of this decision will be computed and payment made to employees separately from the regular monthly or semi-monthly payments so that employees will know the exact amount of their back payments.

Recognizing the clerical work necessary to make these computations for back pay and the probable delay before the entire period can be covered, each month, beginning with May, 1920, shall be computed as soon as practicable and as soon as completed, payments shall be made.

Section six—The increases in wages and rates hereby established shall be incorporated in and become a part of existing agreements or schedules.

Section seven—Except as specifically modified herein, the rules regulating payments of overtime or working conditions in all branches of service and the established and accepted methods of computing time and compensation thereunder, shall remain in effect until changed in the manner provided by the transportation act, 1920.

Section eight—It is not intended in this decision to include or fix rates for any officials of the carriers affected except that class designated in the transportation act of 1920 "as subordinate officials" and who are included in the act within the jurisdiction of this board. The act provides that the term "subordinate officials" includes officials of carriers of such class or rank as the interstate commerce commission shall designate by regulations duly formulated and issued. Hence whenever in this decision words are authorized such as "foremen," "superintendent" which may apply to officials, such words are intended to apply to only such classes of subordinate officials as are now or may hereafter be defined and classified by the interstate commerce commission as such subordinate officials.

ARTICLE XIV.
Interpretation of This Decision.
Section one—Should a dispute arise between the management and employees of any of the carriers as to the meaning or intent of this decision, which cannot be decided in conference between the parties directly interested, such dispute shall be referred to the United States railroad labor board in the manner provided by the transportation act, 1920.

Section Two—All such disputes shall be presented in a concrete joint signed statement setting forth: (1) the article of this decision involved, (2) the facts in the case, (3) the position of the employees and (4) the position of the management thereon. Where supporting documentary evidence is used it shall be attached in the form of exhibits.

Section Three—Such presentations shall be transmitted to the secretary of the United States Railroad labor board who shall place same before the board for final disposition.

By order of
United States Railroad Labor Board.
R. M. BARTON, Chairman.

Attest:
C. P. CARRITHERS, Secretary.

OLD RESIDENT DIED; LEAVES 107 BEHIND

WARREN, Mich., July 20.—Geo. F. Brinker, 91, oldest resident, is dead. He survived by 18 children, 65 grandchildren and 24 great-grandchildren.

Mr. Brinker had been married three times.

Born in Hanover, Germany, December 15, 1829, he came to Detroit when he was nine years old. He later went to Warren to live. During his life he had been a river steamship master, farmer, tavern keeper and cattle herder.

G. G. WILKINSON DIES SUDDENLY

East Palestine Postmaster Succumbs Following Attack Of Heart Disease.

Stricken with a sudden attack of heart trouble, George G. Wilkinson, aged 50, postmaster and president of the East Palestine board of education, is dead.

Mr. Wilkinson was appointed postmaster at East Palestine in 1914 by President Woodrow Wilson upon the recommendation of Senator Alton Pomerene. He served several terms as a member of the board of education and was twice president of the board. He was prominent in Democratic politics in eastern Ohio for many years.

His widow and one son, Cecil J. Wilkinson, East Palestine survive. He also leaves his mother, Mrs. Celestia Cummins, of Harlan, Ind.; two brothers, C. C. of Columbiana, and H. H. of Salem; and an adopted daughter, Miss Ella.

Funeral services will take place on Wednesday afternoon from the late home on East Market street, East Palestine. The body will be taken to Lisbon, where it will rest until the interment in the cemetery at Columbiana is completed.

OHIO CITY

(Continued from Page One)

Rates are being adjusted for six delegation visits to follow immediately after the Richmond county event. Many letters are coming in telling of plans for pilgrimages that are being formed by enthusiastic Republican organizations from most every state in the union. This rush is expected to keep up almost steadily until Senator Harding shall announce his plan for some big set speeches he is to deliver away from Marion. These major speeches will not come, it is understood, until late in September or early October. Plans for them have not been arranged. It is expected, however, that the senator will make at least one, possibly two addresses in the east and as many more in the middle west. He may speak in New York and Boston and in Chicago, St. Louis, Indianapolis or some other places in the states where the campaign is being hotly waged.

The plan of the front porch campaign, however, will not be changed. All preparations for it are going steadily ahead in Marion. A court of honor is being erected on Mt. Vernon avenue in front of the senator's home. This would seem unnecessary in view of the beauty of the avenue with its wealth of giant oaks and level lawns. The main streets of the town are being prepared for illumination, the buildings are decorated and the streets are being put in order.

CUMMINGS

(Continued from Page One)

The committee voted to name a sub-committee to confer with candidates Cox and Roosevelt on the selection of new officers for the national committee and report back to the full committee at 4 p. m.

Chairman Cummings named the following, who with himself should make up the sub-committee: E. H. Moore, of Ohio; Noran E. Mack, New York; William P. Connolly, Michigan; Wilbur W. Marsh, Iowa; Samuel B. Hicks, Louisiana; Leodore B. Decker, California; Cordell Hull, Tennessee; Thomas B. Love, Texas; S. B. Amidon, Kansas; Mrs. Campbell Cantrell, Kentucky; Mrs. A. L. Smith, Illinois; Angus W. McLean, North Carolina; Mrs. Bernice S. Pyke, Ohio, and Mrs. E. D. Christian, Washington.

Immediately after the knotty problem of the chairmanship has been disposed of, the committee is expected to take up the question of the date and place of the notification ceremonies. August 10 has been tentatively agreed upon, though it is possible that this may be changed. All indications pointed to Dayton as the probable place of holding the ceremony.

Tentative plans for the speaking tours to be conducted by Gov. Cox and his running mate, Franklin D. Roosevelt, were drawn up today for submission to the committee. They are understood to contemplate at least one trip through both the eastern and western states by Gov. Cox, and two trips of approximately three weeks each through the west for Secretary Roosevelt. Gov. Cox and Mr. Roosevelt, it was said, will probably close the campaign with a joint tour of the east. These plans, of course, are subject to revision by the committee.

SHAMROCK LEADS

(Continued from Page One)

Sail handling on the Shamrock was badly bungled. The crew had a great deal of trouble with the Shamrock balloon. At 11:30 Resolute had increased her lead to 200 yards. She was slipping along smoothly and fast.

PARIS GIRLS VISIT U. S. SENATOR'S WIFE

Mlle. Cornier (above) and Mlle. Bernet.

Mlle. Germaine Cornier and her friend, Mlle. Anne Marie Bernet, are the guests in Washington of Mrs. Thomas Sterling, wife of the senator from South Dakota. They are on their way back to Paris, France, from Vermillion University, South Dakota, where they have been taking a post graduate course.

Shamrock was falling behind because her three head sails refuse to fill. It looks as if Captain Burton was again in trouble through bad judgment and sail setting.

At 11:35 Resolute was 300 yards ahead of Shamrock. Lipton's skipper at that time lowered his forestay sail and jib and set an English bowsprit spinnaker or balloon forestay sail. Shamrock still clung to her No. 1 reaching jib top sail.

At 11:55 the breeze began hauling to the south. Resolute broke out her jib and made preparations to beat to the first mark. Shamrock was half a mile astern but somewhat to the weather.

At noon the Resolute ran into a soft spot and Shamrock drew up until she was within less than a quarter of a mile of the defender.

At 12:10 Shamrock passed Resolute to windward and took the lead again. The little fisherman's stay sail set ahead of Shamrock's mast seemed to draw nicely.

At 12:25 Shamrock was a quarter of a mile ahead of the Resolute. She picked up a draught of air and sailed around Resolute to windward, luck being with Lipton's boat for the week end. Resolute still clung to her balloon, which seemed to draw well but could not compete with Shamrock's baby forestay sail.

Both yachts had worked to windward to the end of the first leg of the course and at 12:30 Shamrock bore away from it with Resolute more than 300 yards astern. Ashore a southwest began working out towards the course.

Shamrock was the first to pick up the breeze of the new southwest and lengthened her lead to nearly half a mile. The first mark buoy at that time was about four miles to windward.

At 1 P. M., with the first mark three miles to leeward, Shamrock jibbed over to starboard and headed for it. Shamrock had overstood the mark in an effort to pick up the new breeze but as it failed she lost by the move. The breeze came in again from the west, letting Resolute up and placing her less than a quarter of a mile eastern of Shamrock. Shamrock jibbed two minutes later and held for the mark.

PRIVATE FUNERAL FOR PRINCE JOACHIM

BERLIN, July 20.—Private funeral services were conducted today for Prince Joachim, youngest son of the ex-kaiser, who committed suicide last Saturday morning. Four of the brothers of Joachim were present, but not the ex-kaiser, the ex-kaiser's son, the former crown prince, who is in Holland. It is said that the former emperor has not yet been told of the death of his favorite son because of the critical condition of his health. Members of the old court profess ignorance of the whereabouts of Joachim's wife from whom he was recently divorced. She did not attend the funeral.

THINK OF THOSE WHO HAD ONLY ONE SUIT

BALTIMORE, July 20.—The whereabouts of E. Elmon, West Baltimore tailor, who disappeared recently, remains a mystery.

Meantime 75 anxious men of the neighborhood are clamoring to recover their suits, which they delivered to Simon to be cleaned and pressed. Their efforts are in vain however, for the police have barred the doors of the establishment and even the owner of the building cannot gain admittance.

When Simon disappeared he left the doors and windows of his shop wide open.

COUNTY NEWS

SEEK RECORD OF CRIPPLED CHILDREN

The county board of health, working in conjunction with the state department of health, will conduct a survey of crippled children, in an endeavor to record certain information regarding every crippled child in the district.

The movement is state-wide and is backed by several prominent clubs throughout the state and by the legislature in the form of an appropriation. Money for the erection of an institution for the care and treatment of crippled children is now available, but because of the lack of sufficient funds definite information regarding such children, the institution has not been built. In the face of institutional treatment a fund is set aside for the treatment of individual cases.

The cases when found will be classified according to their needs and an effort made to co-operate with the parents in procuring for the child a common school education, vocational training, custodial care or surgical or mechanical treatment.

This movement has but one aim—to assist in procuring for crippled children the same advantages that are available to more fortunate children.

Every person can help in the movement by calling the attention of the county board to such cases and by urging parents of crippled children to take advantage of the opportunities along this line.

Joseph T. Tracy of Portsmouth,

candidate for the Republican nomination for state auditor, was in Lisbon Tuesday looking up the Republican leaders.

Two Cases of Smallpox.

Two more cases of smallpox have developed in the home of Austin Kennel, residing on a farm three miles west of Lisbon. Mr. Kennel and family some weeks ago visited friends in Carroll county where a day or two after the visit smallpox developed. Soon after their return home, one of the children was taken ill with the disease and now the other two children have it.

Article XIII

General Application

Section One—The increase in wages and the rates hereby established shall be paid according to the time served to all who were then in the carriers' service and remained therein or who have since come into such service and remained therein.

Section Two—The provisions of this decision will not apply in cases where amounts less than thirty dollars (\$30.00) per month are paid to individuals for special service which takes only a portion of their time from outside employment or business.

Section three—Increases specified in this decision are to be added to the hourly rates as established by or under the authority of the United States railroad administration for employees now being paid by the hour. For employees paid by the day, add eight times the hourly increase specified to the daily rate. For employees paid by the month, add two hundred and four (204) times the hourly rate specified to the monthly rate.

Section four—Each carrier will in payment to employees on and after August 1, 1920, include the increases in wages and the rates hereby established.

Section five—The amounts due in back pay from May 1, 1920, to July 31, 1920, inclusive in accordance with the provisions of this decision will be computed and payment made to the employees separately from the regular monthly or semi-monthly payments so that employees will know the exact amount of their back payments.

Recognizing the clerical work necessary to make these computations for back pay and the probable delay before the entire period can be covered, each month, beginning with May, 1920, shall be computed as soon as practicable and as soon as completed, payments shall be made.

Section six—The increases in wages and rates hereby established shall be incorporated in and become a part of existing agreements or schedules.

Section seven—Except as specifically modified herein, the rules regulating payments of overtime or working conditions in all branches of service and the established and accepted methods of computing time and compensation thereunder, shall remain in effect until changed in the manner provided by the transportation act, 1920.

Section eight—It is not intended in this decision to include or fix rates for any officials of the carriers affected except that class designated in the transportation act of 1920 "as subordinate officials" and who are included in the act within the jurisdiction of this board. The act provides that the term "subordinate officials" includes officials of carriers of such class or rank as the interstate commerce commission shall designate by regulations duly formulated and issued. Hence whenever in this decision words are authorized such as "foremen," "superior" which may apply to officials, such words are intended to apply to only such classes of subordinate officials as are now or may hereafter be defined and classified by the interstate commerce commission as such subordinate officials.

ARTICLE XIV.

Interpretation of This Decision.

Section One—Should a dispute arise between the management and employees of any of the carriers as to the meaning or intent of this decision, which cannot be decided in conference between the parties directly interested such dispute shall be referred to the United States railroad labor board in the manner provided by the transportation act, 1920.

Section Two—All such disputes shall be presented in a concrete joint signed statement setting forth: (1) the article of this decision involved, (2) the facts in the case, (3) the position of the employees and (4) the position of the management thereon. Where supporting documentary evidence is used it shall be attached in the form of exhibits.

Section Three—Such presentations shall be transmitted to the secretary of the United States Railroad labor board who shall place same before the board for final disposition.

By order of
United States Railroad Labor Board,
R. M. BARTON, Chairman.
Attest:
C. P. CARRITHERS, Secretary.

OLD RESIDENT DIED; LEAVES 107 BEHIND

WARREN, Mich., July 20.—Geo. F. Brinker, 91, oldest resident, is dead. He survived by 18 children, 65 grandchildren and 24 great-grandchildren.

Mr. Brinker had been married three times.
Born in Hanover, Germany, December 15, 1829, he came to Detroit when he was nine years old. He later went to Warren to live. During his life he had been a river steamship master, farmer, tavern keeper and cattle herder.

C. G. WILKINSON DIES SUDDENLY

East Palestine Postmaster Succumbs Following Attack Of Heart Disease.

Stricken with a sudden attack of heart trouble, George G. Wilkinson, aged 56, postmaster and president of the East Palestine board of education, is dead.

Mr. Wilkinson was appointed postmaster at East Palestine in 1914 by President Woodrow Wilson upon the recommendation of Senator Alton Pomerene. He served several terms as a member of the board of education and was twice president of the board. He was prominent in Democratic politics in eastern Ohio for many years.

His widow and one son, Cecil J. Wilkinson, East Palestine survive. He also leaves his mother, Mrs. Celestia Cummins, of Harlan, Ind.; two brothers, C. C. of Columbiana, and H. H. of Salem; and an adopted daughter, Miss Ella.

Funeral services will take place on Wednesday afternoon from the late home on East Market street, East Palestine. The body will rest until the morning in the cemetery at Columbiana is completed.

OHIO CITY

(Continued from Page One)

Rates are being adjusted for six delegation visits to follow immediately after the Richland county event. Many letters are coming in telling of plans for pilgrimages that are being formed by enthusiastic Republican organizations from most every state in the union. This rush is expected to keep up almost steadily until Senator Harding shall announce his plan for some big set speeches he is to deliver away from Marion. These major speeches will not come, it is understood, until late in September or early October. Plans for them have not been arranged. It is expected, however, that the senator will make at least one, possibly two addresses in the east and as many more in the middle west. He may speak in New York and Boston and in Chicago, St. Louis, Indianapolis or some other places in the states where the campaign is being hotly waged.

The plan of the front porch campaign, however, will not be changed. All preparations for it are going steadily ahead in Marion. A court of honor is being erected on Mt. Vernon avenue in front of the senator's home. This would seem unnecessary in view of the beauty of the avenue with its wealth of giant oaks and level lawns. The main streets of the town are being prepared for illumination, the buildings are decorated and the streets are being put in order.

CUMMINGS

(Continued from Page One)

The committee voted to name a sub-committee to confer with candidates Cox and Roosevelt on the selection of new officers for the national committee and report back to the full committee at 4 p. m.

Chairman Cummings named the following, who with himself should make up the sub-committee: E. H. Moore, of Ohio; Nolan E. Mack, New York; William P. Connolly, Michigan; Wilbur W. Marsh, Iowa; Samuel B. Hicks, Louisiana; Isadore B. Dckwell, California; Cordell Hull, Tennessee; Thomas R. Love, Texas; S. B. Amidon, Kansas; Mrs. Campbell Cantrell, Kentucky; Mrs. A. L. Smith, Illinois; Angus W. McLean, North Carolina; Mrs. Harriette S. Pyke, Ohio; and Mrs. E. D. Christian, Washington.

Immediately after the knotty problem of the chairmanship has been disposed of, the committee is expected to take up the question of the date and place of the notification ceremonies. August 10 has been tentatively agreed upon, though it is possible that this may be changed. All indications pointed to Dayton as the probable place of holding the ceremony.

Tentative plans for the speaking tours to be conducted by Gov. Cox and his running mate, Franklin D. Roosevelt, were drawn up today for submission to the committee. They are understood to contemplate at least one trip through both the eastern and western states by Gov. Cox, and two trips of approximately three weeks each through the west for Secretary Roosevelt. Gov. Cox and Mr. Roosevelt, it was said, will probably close the campaign with a joint tour of the east. These plans, of course, are subject to revision by the committee.

SHAMROCK LEADS

(Continued from Page One)

Sail handling on the Shamrock was badly bungled. The crew had a great deal of trouble with the Shamrock hallooer. At 11:30 Resolute had increased her lead to 200 yards. She was slipping along smoothly and fast.

PARIS GIRLS VISIT U.S. SENATOR'S WIFE

Mlle. Cornier (above) and Mlle. Bernet.

Mlle. Germaine Cornier and her friend, Mlle. Anne Marie Bernet, are the guests in Washington of Mrs. Thomas Sterling, wife of the senator from South Dakota. They are on their way back to Paris, France, from Vermilion University, South Dakota, where they have been taking a post graduate course.

Shamrock was falling behind because her three head sails refuse to fill. It looks as if Captain Burton was again in trouble through bad judgment and sail setting.

At 11:35 Resolute was 300 yards ahead of Shamrock. Lipton's skipper at that time lowered his forestay sail and jib and set an English bowsprit spinnaker or balloon forestay sail. Shamrock still clung to her No. 1 reaching jib top sail.

At 11:55 the breeze began hauling to the south. Resolute broke out her jib and made preparations to beat to the first mark. Shamrock was half a mile astern but somewhat to the weather.

At noon the Resolute ran into a soft spot and Shamrock drew up until she was within less than a quarter of a mile of the defender.

At 12:16 Shamrock passed Resolute to windward and took the lead again. The little fisherman's stay sail set ahead of Shamrock's mast seemed to draw nicely.

At 12:25 Shamrock was a quarter of a mile ahead of the Resolute. She picked up a draught of air and sailed around Resolute to windward, luck by the first time. Lipton's boat for the first time. Resolute still clung to her balloon which seemed to draw well but could not compete with Shamrock's baby forestay sail.

Both yachts had worked to windward to the end of the first leg of the course and at 12:30 Shamrock bore away from it with Resolute more than 300 yards astern. Ashore a southwester began working out towards the course.

Shamrock was the first to pick up the breeze of the new southwester and lengthened her lead to nearly half a mile. The first mark buoy at that time was about four miles to windward.

At 1 P. M., with the first mark three miles to leeward, Resolute jibbed over to starboard and headed for it. Shamrock had overstood the mark in an effort to pick up the new breeze but as it failed she lost by the move. The breeze came in again from the west, letting Resolute up and placing her less than a quarter of a mile eastern of Shamrock. Shamrock jibbed two minutes later and held for the mark.

PRIVATE FUNERAL FOR PRINCE JOACHIM

BERLIN, July 20.—Private funeral services were conducted today for Prince Joachim, youngest son of the ex-kaiser, who committed suicide last Saturday morning. Four of the brothers of Joachim were present, but not the ex-kaiser, the ex-empress nor the former crown prince, who are in Holland. It is said that the former empress has not yet been told of the death of her favorite son because of the critical condition of her health. Members of the old court profess ignorance of the whereabouts of Joachim's wife from whom he was recently divorced. She did not attend the funeral.

POLICE PROBE SHOOTING CASE

Joe Manister, of Empire, In Serious Condition In Hospital.

Police in the Ohio valley today were engaged in an effort to unravel the mystery surrounding the shooting of Joe Manister, aged 38, Italian, of Empire, who was fired upon in Steubenville Sunday morning. The victim is in the Ohio Valley hospital at Steubenville with little chances to recover, it is said.

Manister went to Steubenville Saturday night to attend an Italian celebration. He explained to police following the shooting that he was walking along Sixth street, Steubenville, when two men stopped him. One of the men, he declared, reached for his watch, while the other grasped him by the arms. Realizing he was the victim of a holdup, Manister began to struggle when one of his assailants fired two shots at him and fled.

One of the bullets struck him in the left breast below the heart. Manister declared that he did not know the men. Police are searching for two foreigners, who, it is claimed, attempted to swindle Manister out of money recently.

WELLSVILLE P. H. C. TEAM IS DEFEATED

In a one-sided game at Follansbee Saturday the Pastime club defeated the Wellsville P. H. C., by the score of 11 to 4.

Bill Mitchell pitched for Follansbee and his clever work was aided considerably by his team mates who delivered six counters in the first inning. The P. H. C. club scored once in the opening frame.

Stoops, Follansbee's right infielder was forced home in the first inning, pitcher Manning of the visitors walking four in a row. Stoops caught the last half of the game for Follansbee relieving Welsh who was hit on the thumb by a pitched ball. He also got three hits and two runs. Billy Williams played a good game for the Pastimes, getting a three bagger and a pretty single. Peck Ratcliffe featured in the field taking 8 out of 9 hard ones. All but one man on the Pastime lineup connected with the ball at some stage of the game. There was a small crowd present. Irondale A. C. plays at Follansbee Saturday.

ELECT OFFICERS OF BOY SCOUT PATROLS

Officers of three patrols, to form the nucleus of troop No. 2, Boy Scouts, were elected at a meeting held last night in the American Sheet & Tin Plate plant community house in Wells avenue.

Troop officers were named as follows: President, Thomas Phillips; secretary, William Payne; treasurer, Pete Johnson.

Pending the addition of new members the second troop will be composed of three patrols, the Panthers, Flying Eagles and Beaver patrol. Leonard Key was named leader of the Panthers, with Charles Schmidt as assistant. Paul Kessell is leader of the Flying Eagles with Francis Connor as assistant. Donald Miller was chosen to head the Beaver patrol. No assistant will be chosen for the latter patrol until the membership is increased.

Previous to the organization meeting, the scouts, under the supervision of Scoutmaster Schmidt and assistants, Leonard Key and Earl Heakin, engaged in drill practice.

The next meetings of the scouts will be held Wednesday evening at the community house.

Two Colored Men Fined.

Arraigned on a charge of cutting with intent to wound, Frank Wammuch, colored, arrested Sunday night following a quarrel with Henry Williams, also colored, was fined \$30 and costs by Mayor Ingram last night. Williams who faced a charge of assault and battery, was fined \$20 and costs.

The two quarreled, it is alleged, over a woman, Williams' wife. According to Williams, Wammuch displayed undue affections toward the former's wife with the result that when the two men Sunday night then came to blows. Williams, according to testimony at the trial, struck Wammuch with a club and the latter used a knife, wounding Williams.

ELKS' HOME HOLDING CO. TO ORGANIZE

The Elks' Antler Herd Holding company, composed of members of the local lodge of the B. P. O. Elks, who are backing a proposition to secure new club rooms, will meet this evening for the purpose of completing organization plans and to make application for papers of incorporation.

The new holding company, as announced today, will consist of 15 members, 12 trustees and three officers. Although the capitalization of the organization has not been determined, it is believed that \$4,000 will be subscribed as a starter.

Money obtained by the new company will be used in purchasing a new home in the city. The Elks have been using their present quarters for approximately 14 years and a rapidly growing membership has made it imperative to secure more commodious quarters. Several offers of dwelling houses here have been made to officials of the organization.

Episcopal Church Picnic. Plans are practically completed for the annual picnic and outing to be held by the Episcopal church next Wednesday afternoon and evening at the "creek bottoms."

It was originally decided to stage the affair at Thompson's park, East Liverpool, but on account of the accessibility of the bottoms, plans were changed. A program of sports and games will be carried out by the picnicers.

Engagement Announced. Announcement has been made of the engagement of Miss Corinne Orr of Wellsville and Winthrop Gladwin Plumb of Columbus. The engagement will terminate in an August wedding.

First Aid Society Meeting. Members of the Junior First Aid society of the American Sheet and Tin Plate community house met Monday evening at the welfare home. Miss Ruth Anderson and Miss Fern Woods were in charge of the evening's activities. The affair concluded with refreshments.

Two Merchants Fined. Charged with having violated city ordinances by obstructing the sidewalk in front of their business places, Philip Schonbach, Main street grocer, and Joe Rubin, Main street fruit dealer, were assessed small fines by Mayor Ingram last night.

POLICE PROBE SHOOTING CASE

Joe Manister, of Empire, in Serious Condition In Hospital.

Police in the Ohio valley today were engaged in an effort to unravel the mystery surrounding the shooting of Joe Manister, aged 35, Italian, of Empire, who was fired upon in Steubenville Sunday morning. The victim is in the Ohio Valley hospital at Steubenville with little chances to recover, it is said.

Manister went to Steubenville Saturday night to attend an Italian celebration. He explained to police following the shooting that he was walking along Sixth street, Steubenville, when two men stopped him. One of the men, he declared, reached for his watch, while the other grasped him by the arm. Realizing he was the victim of a holdup, Manister began to struggle when one of his assailants fired two shots at him and fled.

One of the bullets struck him in the left breast below the heart. Manister declared that he did not know the men. Police are searching for two foreigners, who, it is claimed, attempted to swindle Manister out of money recently.

WELLSVILLE P. H. C. TEAM IS DEFEATED

In a one-sided game at Follansbee Saturday the Pastime club defeated the Wellsville P. H. C., by the score of 11 to 4.

Bill Mitchell pitched for Follansbee and his clever work was aided considerably by his team mates who delivered six counters in the first inning. The P. H. C. club scored once in the opening frame.

Stoops, Follansbee's right infielder was forced home in the first inning, pitcher Manning of the visitors walking four in a row. Stoops caught the last half of the game for Follansbee relieving Welsh who was hit on the thumb by a pitched ball. He also got three hits and two runs. Billy Williams played a good game for the Pastimes, getting a three bagger and a pretty single. Peck Ratcliffe featured in the field taking 8 out of 9 hard ones. All but one man on the Pastime lineup connected with the ball at some stage of the game. There was a small crowd present. Irondale A. C. plays at Follansbee Saturday.

ANOTHER INDICATION OF G. O. P. SUCCESS.

All indications point to a victory for the Republican party in the 1920 presidential election. Besides popular sentiment showing the people of the nation desire a change in the administration at Washington, history, which repeats itself in politics as in other human activities, favors Senator Warren G. Harding, the G. O. P. standard bearer, in the November election.

The "front porch" plan of campaign, which has been adopted by the Republican presidential nominee, is but one of the omens of success. From 1860 down to 1896, when William McKinley, Ohio's illustrious son, defeated William Jennings Bryan in the presidential election, the nominee who decided against a "swing around the circle" was the winner. And now political historians are pointing out that three times the Democratic party has been in power and faced a crisis in public affairs of importance as the presidential election was approaching. In each instance, the party followed the same line of action and went entirely outside the political family circle of the administration to select the nominee, who subsequently was defeated.

This was true in the case of Stephen Douglas, of Illinois, who was chosen the Democratic standard bearer when the term of James Buchanan was nearing its end and the nation was facing a crisis of war. The party in selecting Douglas turned from Buchanan and his friends because the administration was extremely unpopular. And Douglas lost the presidential election.

A similar situation prevailed in 1896, when Grover Cleveland's term was expiring. Cleveland, like Buchanan, was in disfavor and the country had just experienced a great financial crisis. Going outside the administration circle, the Democratic national convention named William Jennings Bryan as its candidate. And once more the Republican nominee was the winner.

Realizing the burden of disfavor which the Wilson administration is shouldering, because of the many domestic and foreign problems of importance which await solution, the San Francisco convention of the Democratic party frowned upon candidates who were numbered in the administration circle and selected Governor James M. Cox of Ohio as its choice for the 1920 campaign.

Judging from all signs, history will complete entirely the third parallel in the November election by giving Senator Warren G. Harding, the Republican candidate, an overwhelming plurality.

VOCATIONAL AID FOR CHILDREN.

Many colleges now have vocational guidance directors whose work it is to help undergraduates prepare for after-graduation job-hunting. In some cases the guide is a member of the faculty whose time is divided between teaching and vocational service. The more advanced step is to have the vocational directorship considered as a full-time job. The purpose of such work is to enable the young man or woman just out of school to avoid several years of drifting and feeling about before finding the right work for his talents and training.

There is another great group of workers who receive almost no vocational guidance or advice of any sort and who therefore enter "blind alley" jobs, rarely advancing to better positions. These are the million or more children who leave school each summer and become wage earners.

As a rule the boys and girls who go to work as soon as the law permits receive no helpful advice from parents. It is estimated that nine-tenths of them take any work that offers, usually unskilled and with low wages. And because they have little or no technical training and no knowledge of the means for acquiring it, they stick to their first jobs or drift about in similar work without learning new processes or advancing to higher opportunities.

The Children's Bureau of the U. S. Department of Labor is strongly urging that vocational or placement departments be organized either in the public schools themselves or in close co-operation with them. It should be the work of such organizations to place the children in positions where opportunity to become proficient in more than one operation is offered, where there is possibility for advancement and for further training. It might be well, too, to require attendance at continuation schools and to provide some sort of follow-up system to insure the young worker's having greater opportunities before his ambition is deadened by a monotonous round in a blind alley job.

PLENTY OF HARVESTERS.

The term, "army of reapers," is no longer a mere figure of speech. There is a veritable army of 100,000 men moving through the western wheat belt, harvesting the crop. It was organized by the federal Department of Agriculture, with the co-operation of the states most interested.

As a result, the grain is being reaped without difficulty. While the country as a whole is grievously short of labor, particularly farm labor, the farmers in the big grain sections have enough help, for the first time in many years.

High wages, said to average \$7 for a ten-hour day, are a strong inducement, but the chief reason for this satisfactory situation is organization and direction of the labor supply from a responsible center.

It has been demonstrated now that labor, while remaining free to do as it pleases so far as individuals are concerned, can be marshaled to meet a big seasonal and sectional demand in agriculture. Why not in other industries, and other sections, and why not in all seasons?

Why cannot the moveable labor of the country be utilized in this way for all kinds of industrial emergencies? Why should there ever be large numbers of men idle in one section or in one industry when another section or industry needs them? Why should "seasonal occupations" prevent workers from finding employment elsewhere or locally in other work, during their dull season?

There is ample room for the government to develop this plan that is now working so well in the wheat fields of Kansas and Iowa.

NEW YORK LETTER

By O. O. MONTYER

NEW YORK, July 20.—Thoughts while strolling around New York: Fellows with red clay on their feet are just in from Jersey. Wonder where they get the wild names for those Jersey towns. If that window cleaner doesn't get inside I'll scream. He's on the twenty-second floor with nothing holding him and only a few inches standing room. A man with a black heart on his sleeve. Suppose his sweetheart jilted him.

A windy day around the Flat Iron building. A good place to study the Leg of Nations. Don't shoot. I'll surrender. A sinuous lady in black. Gives a subtle sense of unexpected claws. She's making some poor guy loop the loop. A dank basement cafe. Serves goulash and puff paste. A celebrated murder took place there.

A fresh faced hatless boy. And his hair is long. Somebody ought to save him. Poetry is claiming too many sturdy young men. There is a happy sign: "Pea soup—1 cent a bowl." Maybe I can still go on eating after all. But it has been a lean winter. People don't seem to invite me around much any more. Wonder if I look seedy.

Rex Beach in his bucking auto. If he steps on the running board it upsets. I don't believe there is a tobacco chewer in this town. Back home everybody chews. Even the family minister. A studied languor about these Fifth avenue women. Conscious of what is commonly known as swelte. They seem to look pityingly upon the rest of the world.

But the worst snobbery on Fifth Avenue is the shops not having signs or anything to designate them. W. A. Brady and his daughter Alice entering a tea room. Is it possible that Bill is falling for that stuff? Still you never can tell. A gang caught Wilson Mizner in an all night drug store eating a raspberry sundae. And he didn't even defend himself.

Just before the New Jersey primary Hiram Johnson was in New York lunching at one of the ultra hotels. A reporter, keen to interview the Californian, loitered outside the door of the dining room, waiting for him to come out. Lingered there, he fell into conversation with the head waiter, a pompous individual, and spoke of the presidential possibility of Senator Johnson.

The maître do hotel, resplendent in his dinner jacket, drew himself up, lifted his chin and sniffed: "I wouldn't vote for him," he declared contemptuously. "Why, he doesn't even hold his fork correctly."

The lakes in Central Park on Sunday afternoon are filled with rented boats. Young lovers, families and bachelors row their way around the island in the center of the lake. The renter is required to pay \$5 before taking a boat. Otherwise it was found that many would get out any place and leave the boats. The charge is 50 cents an hour. The balance is refunded when the boat is returned. The other day a boat was found floating about the lake with a hat and coat. It was supposed to be a suicide and arrangements were being made to drag the lake. But at the right moment a young man came in and claimed them. He confessed that he wanted to make his girl think he had ended it all following a quarrel. Then he asked for his refund. It was denied him because the boat was not found until 48 hours after he rented it so he had to pay for it at the rate of 50 cents an hour. It's a tough world.

A New York paragrapher suggests a horrible situation. What if the detectives in the Elwell murder case would strike?

Aids Digestion.

Digestion begins in the mouth. The food should be thoroughly masticated and insalivated before it is swallowed. When this is habitually neglected stomach trouble is almost sure to follow. If you now have indigestion eat no beef or veal and sparingly of other meats; masticate your food thoroughly and you may recover without taking any medicine. If your bowels are constipated take Chamberlain's Tablets. They not only cause a gentle movement of the bowels, but aid digestion and strengthen the bowels.

Russians, Greeks, Turks, Arabians and French are Principals.

PARIS, July 20.—Four separate theatres of war exist today within the borders of the old Turkish empire as a result of the invasion of Armenia by the eleventh soviet army. The other three zones of activities are: Anatolia, where the Greeks are driving back the Turkish Nationalists; Syria, where the Arab force of King Feisal are opposing the French, and Thrace, where the Turks are carrying on a guerilla warfare against the Greeks.

Constantinople and the eastern shore of the sea of Marmora are being protected by warships. Advances from the east indicate that the soviet army which has crossed into Armenia near the Aas river may attempt to form a junction with Muthapa Kemal Pasha's nationalists army. The Bulgarians are assuming a threatening attitude towards the Greeks in northern Thrace.

FIX LIMIT ON EXPENDITURES IN CAMPAIGN

Election Board Advises Candidates of Corrupt Practices Act.

\$725 COUNTY HIGH MARK

State Representative Candidate Not Allowed to Spend More Than \$350.

Limits on campaign expenditures for county, district and state office seekers at the August and November balloting, provided under the corrupt practices act, were announced Tuesday by L. S. Gilmore, clerk to the Columbiana county election board.

Here is the scale: Representatives in congress, presidential electors and judge of court of appeals, \$2,000.

Judge of common pleas and probate courts, \$500.
State senator, \$300 in each county.
State representative, \$350.

WARNING

In keeping your bowels regular do not become addicted to weakening purgatives or mineral laxatives; just try KORO-LAX; safe, gentle, wholesome. Best and most far-reaching. Obtainable at every drugstore, everywhere. Korolax is relief for many ailments, indigestion, constipation, headache, dizzy spells, belching, gas, heartburn, torpid liver, bad breath, nervousness, dyspepsia, indigestion, obesity, mental and physical distress.

Any county office in Columbiana county, \$725.

Expense limits for county offices are based upon the voting strength of the county. In counties where less than 5,000 votes were cast at the last preceding state election, candidates are limited to \$300. Counties polling above that number permit their candidates to spend \$5 for every 100 votes above 5,000.

Columbiana county polled 13,539 votes at the last general election or 8,539 above the 5,000 maximum. This permits county office-seekers to spend \$425 above the \$300 limit. Candidates for state senator from the 20-22nd district can spend \$300 in each of the four counties, or \$1,200.

Pliny says the ancient Egyptians practiced the art of printing on cloth, but no examples of the art are extant.

Do You Motor

If you do you know how necessary it is to always thoroughly cleanse your face, neck, arms and hands with a good cleansing cream after every ride.

You cannot remove all the dirt and impurities from the pores of your skin by mere soap and water. Your skin quickly becomes rough if a cleansing cream is not used.

We carry a wide assortment of Creams of this kind, also Face and Talcum Powders, Toilet Soaps, Lotions, Perfumes, Toilet Waters, etc. If you drop in you are sure to find just what you want.

ANOTHER INDICATION OF G. O. P. SUCCESS.

All indications point to a victory for the Republican party in the 1920 presidential election. Besides popular sentiment showing the people of the nation desire a change in the administration at Washington, history, which repeats itself in politics as in other human activities, favors Senator Warren G. Harding, the G. O. P. standard bearer, in the November election.

The "front porch" plan of campaign, which has been adopted by the Republican presidential nominee, is but one of the omens of success. From 1860 down to 1896, when William McKinley, Ohio's illustrious son, defeated William Jennings Bryan in the presidential election, the nominee who decided against a "swing around the circle" was the winner. And now political historians are pointing out that three times the Democratic party has been in power and faced a crisis in public affairs of importance as the presidential election was approaching. In each instance, the party followed the same line of action and went entirely outside the political family circle of the administration to select the nominee, who subsequently was defeated.

This was true in the case of Stephen Douglas, of Illinois, who was chosen the Democratic standard bearer when the term of James Buchanan was nearing its end and the nation was facing a crisis of war. The party in selecting Douglas turned from Buchanan and his friends because the administration was extremely unpopular. And Douglas lost the presidential election.

A similar situation prevailed in 1896, when Grover Cleveland's term was expiring. Cleveland, like Buchanan, was in disfavor and the country had just experienced a great financial crisis. Going outside the administration circle, the Democratic national convention named William Jennings Bryan as its candidate. And once more the Republican nominee was the winner.

Realizing the burden of disfavor which the Wilson administration is shouldering, because of the many domestic and foreign problems of importance which await solution, the San Francisco convention of the Democratic party frowned upon candidates who were numbered in the administration circle and selected Governor James M. Cox of Ohio as its choice for the 1920 campaign.

Judging from all signs, history will complete entirely the third parallel in the November election by giving Senator Warren G. Harding, the Republican candidate, an overwhelming plurality.

VOCATIONAL AID FOR CHILDREN.

Many colleges now have vocational guidance directors whose work it is to help undergraduates prepare for after-graduation job-hunting. In some cases the guide is a member of the faculty whose time is divided between teaching and vocational service. The more advanced step is to have the vocational directorship considered as a full-time job. The purpose of such work is to enable the young man or woman just out of school to avoid several years of drifting and feeling about before finding the right work for his talents and training.

There is another great group of workers who receive almost no vocational guidance or advice of any sort and who therefore enter "blind alley" jobs, rarely advancing to better positions. These are the million or more children who leave school each summer and become wage earners.

As a rule the boys and girls who go to work as soon as the law permits receive no helpful advice from parents. It is estimated that nine-tenths of them take any work that offers, usually unskilled and with low wages. And because they have little or no technical training and no knowledge of the means for acquiring it, they stick to their first jobs or drift about in similar work without learning new processes or advancing to higher opportunities.

The Children's Bureau of the U. S. Department of Labor is strongly urging that vocational or placement departments be organized either in the public schools themselves or in close co-operation with them. It should be the work of such organizations to place the children in positions where opportunity to become proficient in more than one operation is offered, where there is possibility for advancement and for further training. It might be well, too, to require attendance at continuation schools and to provide some sort of follow-up system to insure the young worker's having greater opportunities before his ambition is deadened by a monotonous round in a blind alley job.

PLENTY OF HARVESTERS.

The term, "army of reapers," is no longer a mere figure of speech. There is a veritable army of 100,000 men moving through the western wheat belt, harvesting the crop. It was organized by the federal Department of Agriculture, with the co-operation of the states most interested.

As a result, the grain is being reaped without difficulty. While the country as a whole is grievously short of labor, particularly farm labor, the farmers in the big grain sections have enough help, for the first time in many years.

High wages, said to average \$7 for a ten-hour day, are a strong inducement, but the chief reason for this satisfactory situation is organization and direction of the labor supply from a responsible center.

It has been demonstrated now that labor, while remaining free to do as it pleases so far as individuals are concerned, can be marshaled to meet a big seasonal and sectional demand in agriculture. Why not in other industries, and other sections, and why not in all seasons?

Why should there ever be large numbers of men idle in one section or in one industry when another section or industry needs them? Why should "seasonal occupations" prevent workers from finding employment elsewhere or locally in other work, during their dull season?

There is ample room for the government to develop this plan that is now working so well in the wheat fields of Kansas and Iowa.

NEW YORK LETTER

By O. O. McINTYRE

NEW YORK, July 20.—Thoughts while strolling around New York: Fellows with red clay on their feet are just in from Jersey. Wonder where they got the wild names for those Jersey towns. If that window cleaner doesn't get inside I'll scream. He's on the twenty-second floor with nothing holding him and only a few inches standing room. A man with a black heart on his sleeve. Suppose his sweetheart jilted him.

A windy day around the Flat Iron building. A good place to study the Leg of Nations. Don't shoot. I'll surrender. A sinuous lady in black. Gives a subtle sense of unexpected claws. She's making some poor guy loop the loop. A dank basement cafe. Serves goulash and puff paste. A celebrated murder took place there.

A fresh faced hatless boy. And his hair is long. Somebody ought to save him. Poetry is claiming too many sturdy young men. There is a happy sign: "Pea soup—1 cent a bowl." Maybe I can still go on eating after all. But it has been a lean winter. People don't seem to invite me around much any more. Wonder if I look seedy.

Rex Beach in his bucking auto. If he steps on the running board it upsets. I don't believe there is a tobacco chewer in this town. Back home everybody chews. Even the family minister. A studied languor about these Fifth avenue women. Conscious of what is commonly known as svelte. They seem to look pittingly upon the rest of the world.

But the worst snobbery on Fifth Avenue is the shops not having signs or anything to designate them. W. A. Brady and his daughter Alice entering a tea room. Is it possible that Bill is falling for that stuff? Still you never can tell. A gang caught Wilson Mizner in an all night drug store eating a raspberry sundae. And he didn't even defend himself.

Just before the New Jersey primary Hiram Johnson was in New York lunching at one of the ultra hotels. A reporter, keen to interview the Californian, loitered outside the door of the dining room, waiting for him to come out. Lingered there, he fell into conversation with the head waiter, a pompous individual, and spoke of the presidential possibility of Senator Johnson.

The maitre de hotel, resplendent in his dinner jacket, drew himself up. Lifted his chin and sniffed: "I wouldn't vote for him," he declared contemptuously. "Why, he doesn't even hold his fork correctly."

The lakes in Central Park on Sunday afternoon are filled with rented boats. Young lovers, families and bachelors row their way around the island in the center of the lake. The renter is required to pay \$5 before taking a boat. Otherwise it was found that many would get out any place and leave the boats. The charge is 50 cents an hour. The balance is refunded when the boat is returned. The other day a boat was found floating about the lake with a hat and coat. It was supposed to be a suicide and arrangements were being made to drag the lake. But at the right moment a young man came in and claimed them. He confessed that he wanted to make his girl think he had ended it all following a quarrel. Then he asked for his refund. It was denied him because the boat was not found until 48 hours after he rented it so he had to pay for it at the rate of 50 cents an hour. It's a tough world.

A New York paragrapher suggests a horrible situation. What if the detectives in the Elwell murder case would strike?

Aids Digestion.

Digestion begins in the mouth. The food should be thoroughly masticated and insalivated before it is swallowed. When this is habitually neglected stomach trouble is almost sure to follow. If you now have indigestion eat no beef or veal and sparingly of other meats; masticate your food thoroughly and you may recover without taking any medicine. If your bowels are constipated take Chamberlain's Tablets. They not only cause a gentle movement of the bowels but aid digestion and strengthen the bowels.

FOUR THEATRES OF WAR EXIST IN OLD EMPIRE

Turkish Domain is Scene of Hostilities; Armenia Invaded.

PROTECT CONSTANTINOPLE

Russians, Greeks, Turks, Arabians and French are Principals.

PARIS, July 20.—Four separate theaters of war exist today within the borders of the old Turkish empire as a result of the invasion of Armenia by the eleventh soviet army. The other three zones of activities are: Anatolia, where the Greeks are driving back the Turkish Nationalists; Syria, where the Arab force of King Faisal are opposing the French, and Thrace, where the Turks are carrying on a guerrilla warfare against the Greeks.

Constantinople and the eastern shore of the sea of Marmora are being protected by warships.

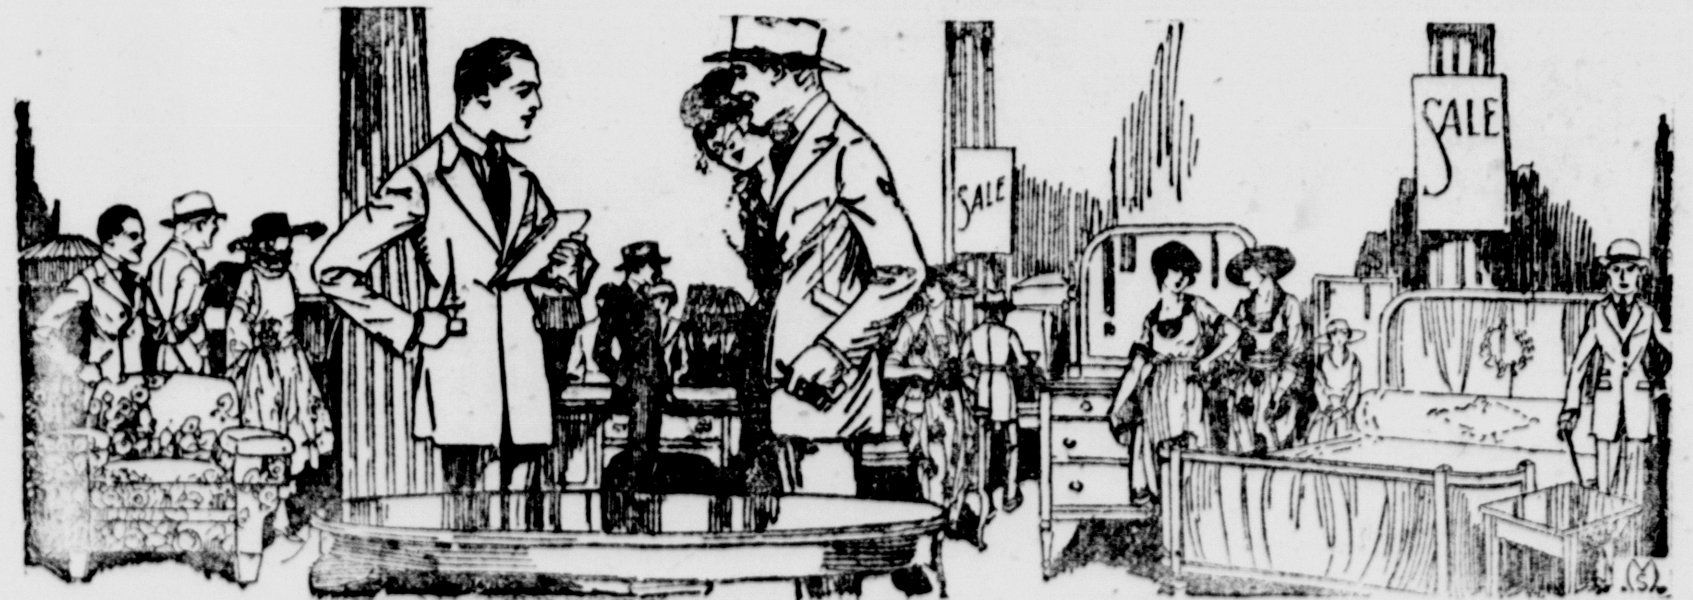

Advices from the east indicate that the soviet army which has crossed into Armenia near the Aas river may attempt to form a junction with Mutha Kemal Pasha's nationalists army. The Bulgarians are assuming a threatening attitude towards the Greeks in northern Thrace.

FIX LIMIT ON EXPENDITURES IN CAMPAIGN

Election Board Advises Candidates of Corrupt Practices Act.

\$725 COUNTY HIGH MARK

State Representative Candidate Not Allowed to Spend More Than \$350.

Limits on campaign expenditures for county, district and state office seekers at the August and November balloting, provided under the corrupt practices act, were announced Tuesday by L. S. Gilmore, clerk to the Columbiana county election board.

Here is the scale: Representatives in congress, presidential electors and judge of court of appeals, \$2,000.

Judge of common pleas and probate courts, \$500.

State senator, \$300 in each county.

State representative, \$350.

WARNING

In keeping your bowels regular do not become addicted to weakening purgatives or mineral laxatives. Just try KODOLAX, safe, gentle, wholesome. Tastes and gives farthest. Obtainable at drug stores, everywhere. KODOLAX is relief for many ailments including constipation, headache, dizzy spells, belching gas, heartburn, torpid liver, bad breath, nervousness, dyspepsia, indigestion, obesity, mental and physical distress.

Any county office in Columbiana county, \$725.

Expense limits for county offices are based upon the voting strength of the county. In counties where less than 5,000 votes were cast at the last preceding state election, candidates are limited to \$300. Counties polling above that number permit their candidates to spend \$5 for every 100 votes above 5,000.

Columbiana county polled 13,539 votes at the last general election or 8,539 above the 5,000 maximum. This permits county office-seekers to spend \$425 above the \$300 limit. Candidates for state senator from the 20-22nd district can spend \$300 in each of the four counties, or \$1,200.

The program will conclude with a peanut scramble and balloon ascension.

Arrangements have been made to furnish free transportation on the Y. & O. for all children under 15 years of age. The tickets will be distributed at the Sunday school.

Missionary Society Meeting

The members of the Women's Missionary society of the Orchard Grove Methodist Episcopal church will be received this evening at 8 o'clock by Mrs. J. T. Harries, at her home in Gardendale avenue. Mrs. Roy Shingleton will be the leader for the evening. An interesting program has been arranged for this, the regular monthly business meeting.

'Just One' Is All

One Tablet Always Right Dosage Because They Never Wear Out

No other laxative in the world can honestly make the above claim. All others soon cease to give results without constant increase of dosage. They may be good at first, but the system gets used to them and refuses to respond so readily.

"Just One" is the new idea laxative. Twenty different laxatives in one box. Each of the 20 tablets is a different and successful laxative formula. You change laxatives every dose you take. You have to change, you cannot overlook it, because there is only one of each kind in each package.

It's very injurious to keep pounding away on the same organ with the same laxative day after day. The organ becomes callous and unresponsive. Then you must either double the dose or get another laxative.

"Just One" works on first one organ and then another. It gets results, but the system has no chance to get used to it. That's why it "never wears out."

You've been waiting for just one. So get a box today. Any druggist anywhere can get "Just One" for you or we will mail it postpaid upon receipt of 25c per box. Ferritone Chemical Co. Council Bluffs, Iowa.

THIEVES LOOT FRUIT CELLAR
Make Big Haul at Moses Hilton Home; Leave Note.

Sneak thieves looted a fruit cellar at the home of Moses Hilton, First street, Newell, Thursday night, making a getaway with 162 glasses of jelly and three hams, which were stored in the cellar, it developed today. The robbery was discovered by Mr. Hilton when he arose the following morning. When he stepped to the back door, he noticed the door of the fruit cellar, which is located in the back yard, standing open. Beneath the door-step, a note addressed to Mrs. Hilton, was found, which read as follows: "Dear Granny:—We thank you kindly for your 110 jars of fruit and your three hams. We would have had it before only for your dog. We will come after the chickens later. We have eaten your fruit before." The Hilton family until recently kept a dog but the canine was mysteriously poisoned a short time ago. The supposition is that the thieves lost some of the fruit in removing or made a mis-count as 162 glasses were stolen. The theft was reported to Justice J. A. Ferguson, who is conducting an investigation.

CONTINUE INVESTIGATION OF COAL INDUSTRY

A. H. Hays, special agent of the Department of Justice, who has been investigating the coal industry in the southern part of West Virginia in regard to coal prices, has announced the investigation is still far from complete. He said he had found a large number of coal operators who cannot be charged with profiteering. He was careful to explain, however, that it is the function of his office only to investigate, and that the United States District Attorney alone can decide whether or not the evidence justifies prosecution. Coal for export has been brought as high as \$11.25 in the last few weeks, while coal for inland trade has been quoted at \$8 and \$9 a ton, he said. A large amount of coal, however, has been sold on contract at \$4 a ton, he added. Mr. Hays explained that, as the Government has not fixed a price on coal, it will have to be decided by the District Attorney what constitutes profiteering.

BUTLER IS LARGEST DISTRICT IN COUNTY

Butler district is the largest district in Hancock county, according to the detailed report of population figures, which has just been announced by the census bureau. With a population of 1,412 in 1910, Butler district, embracing the towns of Weirton and Hollidays Cove, now has 10,733, according to the official figures. This makes a net gain of over 9,327, or 660 percent. Grant district, which embraces Newell and Chester, showed a population gain of 602. The 1910 census figures for this district was 5,686, while in 1920 the report was 6,288. Clay district, taking in New Cumberland, and Poe district, with Pugh-town as the only town, both showed decreases in population. Clay district has 2,527 in 1910 and 2,316 in 1920. The population of Poe district in 1920 was 652 as compared to 860 in 1910. The total population of the county in 1920 was 19,975 while in 1910 it was 10,456, a gain of 9,510.

PESKY BED BUGS

(Pesky Devils Quietus) P. D. Q. is a new chemical that puts the everlasting to the pesky bedbugs, roaches, fleas, ants and cockroaches—three pests—supplied to drugstores, quick and most economical way of ridding the pesky insects by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing. A 36¢ package makes a full quart, enough to kill a million bedbugs, roaches, fleas or cockroaches—and also contains a patent sprout to get the egg nests in the hard to get-at-places, and saves juice. Special Hospital size \$2.50 makes five gallons—contains three quarts—supplied to drugstores or sent prepaid upon receipt of price, either size, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

NEWELL AND CONGO OPPOSES BOND ISSUE

The voters of Newell and Congo, at the special election on Saturday, registered their opposition to the plan of issuing bonds to the amount of \$100,000 for a new court house. Notwithstanding the vote against this proposition in Precinct No. 5 and No. 6, the bond issue carried in the county by a handsome majority. Although there are 450 voters registered in the Newell precinct but 87 electors or less than 20 percent of these registered, went to the polls. Thirty-one votes were cast "for bonds" while 56 were polled against the bonds. For the levy, 31 votes were also cast, while 54 opposed it. The vote at Congo stood 13 to 27, more than two to one against the bond proposition. The prediction was made in Newell Monday that had the bond issue failed to carry, taxes in Newell, as well as in other parts of the county, would have advanced more than 50 percent during the next three years as a new court house would have been erected, payable in three years. By the present method, all of the bonds are not redeemable for 25 years.

Entertained at Dinner-Dance
The members of the G. C. C. Club and lady friends to the number of 25 were entertained at dinner-dance in the I. O. O. F. hall, in the Aaron building, Monday evening. The affair was originally planned as a basket picnic at Twin Springs, but owing to the rain on Sunday, the ground was considered too damp for this sort of an affair. The supper was served at 8 o'clock, a dance following.

John W. Bucey Funeral
The G. A. R. was in charge of the funeral services for the late John W. Bucey, who died early Sunday, conducted Monday evening at the home of his daughter, Mrs. Robert Twaddle, Grant street, Newell. Rev. Jesse Deeds pastor of the First Methodist Episcopal church, delivered the funeral sermon. The body was taken to Hope-well, Jefferson county, Ohio, early on Tuesday morning, (the former home of the deceased, where interment was made.

Bucyrus—Only one state senator will be elected this fall from the 131st state senatorial district, comprising Crawford, Hardin, Logan, Marion, Seneca, Union and Wyandot counties. This information comes direct from Secretary of State Smith to Edward Eckelberry, clerk of the Crawford county election board. Secretary Smith stated that he was misinformed when he sent out the first information that two senators were to be elected from this district.

This year's indigo crop, for some time regarded as an utter failure, will be only about 15 per cent below normal.

Akron—An investigation is being conducted by the Summit county commissioners with a view to determining whether the county is being imposed upon. Attendants at the city hospital declared that an alleged indigent patient has been receiving more flowers, including expensive posies, than any other patient in that hospital. The county is being asked to pay the cost of caring for this patient. If the commissioners' probe reveals that "close" relatives are buying the flowers for the patient, these relatives will be asked to pay the hospital bill.

Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Multisified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

PROMINENT KNIGHT OF PYTHIAS SAYS REESE FORMULA R-11 IS "ACE" OF ALL REMEDIES

W. M. Smith, of Mingo Junction, Ohio, is so Rejoiced at Being Relieved He Wants All Sufferers to Know About R-11

Mr. W. H. Smith of Mingo Junction, Ohio, who is well known in that city as a man of sterling qualities, relates below the benefits derived from his use of The Reese Formula R-11. Mr. Smith is a member of the Mingo Junction Lodge of the Knights of Pythias and a man of such high standing in the community that his word must be considered. Mr. Smith stated: "For four long years I have tried without success to get relief from stomach trouble. The best physicians in and around Mingo Junction failed to accomplish anything. I would suffer from gas and bloating after eating with severe pains in my back and chest and around my kidneys. I would get dizzy and black spots would appear before my eyes. I tried the Reese Formula R-11 as a last hope having very little confidence in its ability to relieve me but I want to say right now that before I had taken all of the first bottle I was completely relieved. I have just bought two more bottles and never intend to be without it in the future. It is the Ace of all medicines and I think the least I can do is to tell others of its wonderful merits. I know a great many will be skeptical as I myself was, but all they need do is try it and they will be as enthusiastic as I am. Reese Formula R-11 shouldn't be thought of as any ordinary medicine for it is in a class by itself." Reese Formula R-11 knocks that "Spring Fever" highern'a kite. Your druggist has it or get a bottle today from McCutcheon's Drug Store and Musser's Pharmacy, Weisville, Ohio.

Why don't you forget about the many other efforts you have made to obtain relief and try The Reese Formula R-11 today. There is health and happiness in every bottle if you suffer from stomach, liver and kidney trouble in any of their various forms such as dizziness, indigestion, rheumatism, nervousness, sleeplessness, backache, urinary or female trouble, etc. Give your system a general spring overhauling, clean up your body the same as you do your home and see how much better you feel and how brighter life will seem. If you wish further information, write direct to our Medical Adviser, Medical Department, The Reese Formula Co., Huntington, W. Va.

'Just One'

Is All

One Tablet Always Right Dosage Because They Never Wear Out

No other laxative in the world can honestly make the above claim. All others soon cease to give results without constant increase of dosage. They may be good at first, but the system gets used to them and refuses to respond so readily.

"Just One" is the new idea laxative. Twenty different laxatives in one box. Each of the 20 tablets is a different and successful laxative formula. You change laxatives every dose you take. You have to change, you cannot overlook it, because there is only one of each kind in each package.

It's very injurious to keep pounding away on the same organ with the same laxative day after day. The organ becomes callous and unresponsive. Then you must either double the dose or get another laxative.

"Just One" works on first one organ and then another. It gets results, but the system has no chance to get used to it. That's why it "never wears out." You've been waiting for just one. So get a box today. Any druggist anywhere can get "Just One" for you or we will mail it postpaid upon receipt of 25c per box. Ferritone Chemical Co. Council Bluffs, Iowa.

THIEVES LOOT
FRUIT CELLAR

Make Big Haul at Moses Hilton Home; Leave Note.

Sneak thieves looted a fruit cellar at the home of Moses Hilton, First street, Newell, Thursday night, making a getaway with 162 glasses of jelly and three hams, which were stored in the cellar, it developed today.

The robbery was discovered by Mr. Hilton when he arose the following morning. When he stepped to the back door, he noticed the door of the fruit cellar, which is located in the back yard, standing open.

Beneath the door-step, a note addressed to Mrs. Hilton, was found, which read as follows:

"Dear Granny:—We thank you kindly for your 110 jars of fruit and your three hams. We would have had it before only for your dog. We will come after the chickens later. We have eaten your fruit before."

The Hilton family until recently kept a dog but the canine was mysteriously poisoned a short time ago. The supposition is that the thieves lost some of the fruit in removing or made a mis-count as 162 glasses were stolen.

The theft was reported to Justice J. A. Ferguson, who is conducting an investigation.

CONTINUE INVESTIGATION
OF COAL INDUSTRY

A. H. Hays, special agent of the Department of Justice, who has been investigating the coal industry in the southern part of West Virginia in regard to coal prices, has announced the investigation is still far from complete. He said he had found a large number of coal operators who cannot be charged with profiteering.

He was careful to explain, however, that it is the function of his office only to investigate, and that the United States District Attorney alone can decide whether or not the evidence justifies prosecution.

Coal for export has been brought as high as \$11.25 in the last few weeks, while coal for inland trade has been quoted at \$8 and \$9 a ton, he said. A large amount of coal, however, has been sold on contract at \$4 a ton, he added.

Mr. Hays explained that, as the Government has not fixed a price on coal, it will have to be decided by the District Attorney what constitutes profiteering.

BUTLER IS LARGEST
DISTRICT IN COUNTY

Butler district is the largest district in Hancock county, according to the detailed report of population figures, which has just been announced by the census bureau.

With a population of 1,412 in 1910, Butler district, embracing the towns of Weirton and Hollidays Cove, now has 10,733, according to the official figures. This makes a net gain of over 9,321, or 660 percent.

Grant district, which embraces Newell and Chester, showed a population gain of 602. The 1910 census figures for this district was 5,658, while in 1920 the report were 6,260.

Clay district, taking in New Cumberland, and Poe district, with Pukhtown as the only town, both showed decreases in population. Clay district has 2,527 in 1910 and 2,316 in 1920. The population of Poe district in 1920 was 652 as compared to 860 in 1910. The total population of the county in 1920 was 19,975 while in 1910 it was 10,456, a gain of 9,519.

PESKY
BED BUGS

(Pesky Devils Quietest) P. D. Q. is a new chemical that puts the everlasting to the pesky bedbugs, roaches, fleas, ants and cockroaches—impossible for the pesky devils to exist where P. D. Q. is used.

Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of eradicating the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 56¢ package makes a full quart, enough to kill a million bedbugs, roaches, fleas or cockroaches and also contains a patent sprout to get the eggs nests in the hard to get-at places, and saves juice.

Special Hospital size \$2.50 makes five gallons—contains three sprouts—supplied to hospitals or sent prepaid upon receipt of price, either size, by the Owl Chemical Co., Terre Haute, Ind.—never peddled.

NEWELL AND CONGO
OPPOSES BOND ISSUE

The voters of Newell and Congo, at the special election on Saturday, registered their opposition to the plan of issuing bonds to the amount of \$100,000 for a new court house. Notwithstanding the vote against this proposition in Precinct No. 5 and No. 6, the bond issue carried in the county by a handsome majority.

Although there are 450 voters registered in the Newell precinct but 87 electors or less than 20 percent of these registered, went to the polls. Thirty-one votes were cast "for bonds" while 56 were polled against the bonds. For the levy, 31 votes were also cast, while 54 opposed it.

The vote at Congo stood 13 to 27, more than two to one against the bond proposition.

The prediction was made in Newell Monday that had the bond issue failed to carry, taxes in Newell, as well as in other parts of the county, would have advanced more than 50 percent during the next three years as a new court house would have been erected, payable in three years. By the present method, all of the bonds are not redeemable for 25 years.

Entertained at Dinner-Dance

The members of the G. C. C. Club and lady friends to the number of 25 were entertained at dinner-dance in the I. O. O. F. hall, in the Aaron building.

ing, Monday evening. The affair was originally planned as a basket picnic at Twin Springs, but owing to the rain on Sunday, the ground was considered too damp for this sort of an affair. The supper was served at 8 o'clock, a dance following.

John W. Bucey Funeral

The G. A. R. was in charge of the funeral services for the late John W. Bucey, who died early Sunday, conducted Monday evening at the home of his daughter, Mrs. Robert Twaddle, Grant street, Newell. Rev. Jesse Deeds, pastor of the First Methodist Episcopal church, delivered the funeral sermon. The body was taken to Hopewell, Jefferson county, Ohio, early on Tuesday morning, the former home of the deceased, where interment was made.

Bucyrus — Only one state senator will be elected this fall from the 13-21st state senatorial district, comprising Crawford, Hardin, Logan, Marion, Seneca, Union and Wyandot counties. This information comes direct from Secretary of State Smith to Edward Eckelberry, clerk of the Crawford county election board. Secretary Smith stated that he was misinformed when he sent out the first information that two senators were to be elected from this district.

This year's indigo crop, for some time regarded as an utter failure, will be only about 15 per cent below normal.

Akron — An investigation is being conducted by the Summit county commissioners with a view to determining whether the county is being imposed upon.

Attendants at the city hospital declared that an alleged indigent patient has been receiving more flowers, including expensive posies, than any other patient in that hospital. The county is being asked to pay the cost of caring for this patient.

If the commissioners' probe reveals that "close" relatives are buying the flowers for the patient, these relatives will be asked to pay the hospital bill.

Alkali in Shampoos
Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

PROMINENT KNIGHT OF PYTHIAS
SAYS REESE FORMULA R-11 IS
"ACE" OF ALL REMEDIES

W. M. Smith, of Mingo Junction, Ohio, is so Rejoiced at Being Relieved He Wants All Sufferers to Know About R-11

Mr. W. H. Smith of Mingo Junction, Ohio, who is well known in that city as a man of sterling qualities, relates below the benefits derived from his use of The Reese Formula R-11. Mr. Smith is a member of the Mingo Junction Lodge of the Knights of Pythias and a man of such high standing in the community that his word must be considered.

Mr. Smith stated: "For four long years I have tried without success to get relief from stomach trouble. The best physicians in and around Mingo Junction failed to accomplish anything. I would suffer from gas and bloating after eating with severe pains in my back and chest and around my kidneys. I would get dizzy and

black spots would appear before my eyes.

"I tried the Reese Formula R-11 as a last hope having very little confidence in its ability to relieve me but I want to say right now that before I had taken all of the first bottle I was completely relieved. I have just bought two more bottles and never intend to be without it in the future. It is the Ace of all medicines and I think the least I can do is to tell others of its wonderful merits. I know a great many will be skeptical as I myself was, but all they need do is try it and they will be as enthusiastic as I am. Reese Formula R-11 shouldn't be thought of as any ordinary medicine for it is in a class by itself."

Reese Formula R-11 knocks that "Spring Fever" highern'a kite. Your druggist has it or get a bottle today from McCutcheon's Drug Store and Musser's Pharmacy, Weirton, Ohio.

Why don't you forget about the many other efforts you have made to obtain relief and try The Reese Formula R-11 today. There is health and happiness in every bottle if you suffer from stomach, liver and kidney trouble in any of their various forms such as dizziness, indigestion, rheumatism, nervousness, sleeplessness, backache, urinary or female trouble, etc. Give your system a general spring overhauling, clean up your body the same as you do your home and see how much better you feel and how brighter life will seem.

If you wish further information, write direct to our Medical Adviser, Medical Department, The Reese Formula Co., Huntington, W. Va.

Make Big Haul at Moses Hilton Home; Leave Note.

Sneak thieves looted a fruit cellar at the home of Moses Hilton, First street, Newell, Thursday night, making a getaway with 162 glasses of jelly and three hams, which were stored in the cellar, it developed today.

The robbery was discovered by Mr. Hilton when he arose the following morning. When he stepped to the back door, he noticed the door of the fruit cellar, which is located in the back yard, standing open.

Beneath the doorstep, a note addressed to Mrs. Hilton, was found, which read as follows:

"Dear Granny: We thank you kindly for your 110 jars of fruit and your three hams. We would have had it before only for your dog. We will come after the chickens later. We have eaten your fruit before."

The Hilton family until recently kept a dog but the canine was mysteriously poisoned a short time ago. The supposition is that the thieves lost some of the fruit in removing or made a mis-count as 162 glasses were stolen.

The theft was reported to Justice J. A. Ferguson, who is conducting an investigation.

CONTINUE INVESTIGATION
OF COAL INDUSTRY

A. H. Hays, special agent of the Department of Justice, who has been investigating the coal industry in the southern part of West Virginia in regard to coal prices, has announced the investigation is still far from complete. He said he had found a large number of coal operators who cannot be charged with profiteering.

He was careful to explain, however, that it is the function of his office only to investigate, and that the United States District Attorney alone can decide whether or not the evidence justifies prosecution.

Coal for export has been brought as high as \$11.25 in the last few weeks, while coal for inland trade has been quoted at \$8 and \$9 a ton, he said. A large amount of coal, however, has been sold on contract at \$4 a ton, he added.

Mr. Hays explained that, as the Government has not fixed a price on coal, it will have to be decided by the District Attorney what constitutes profiteering.

BUTLER IS LARGEST
DISTRICT IN COUNTY

Butler district is the largest district in Hancock county, according to the detailed report of population figures, which has just been announced by the census bureau.

With a population of 1,412 in 1910, Butler district, embracing the towns of Weirton and Hollidays Cove, now has 10,739, according to the official figures. This makes a net gain of over 9,327, or 660 percent.

Grant district, which embraces Newell and Chester, showed a population gain of 602. The 1910 census figures for this district was 5,666, while in 1920 the report were 6,268.

Clay district, taking in New Cumberland and Poe district, with Pugh town as the only town, both showed decreases in population. Clay district has 2,527 in 1910 and 2,316 in 1920. The population of Poe district in 1920 was 652 as compared to 860 in 1910.

The total population of the county in 1920 was 19,975 while in 1910 it was 10,456, a gain of 9,519.

NEWELL AND CONGO
OPPOSES BOND ISSUE

The voters of Newell and Congo, at the special election on Saturday, registered their opposition to the plan of issuing bonds to the amount of \$100,000 for a new court house. Notwithstanding the vote against this proposition in Precinct No. 5 and No. 6, the bond issue carried in the county by a handsome majority.

Although there are 450 voters registered in the Newell precinct but 87 electors or less than 20 percent of these registered, went to the polls. Thirty-one votes were cast "for bonds" while 56 were polled against the bonds. For the levy, 31 votes were also cast, while 54 opposed it.

The vote at Congo stood 13 to 27, more than two to one against the bond proposition.

The prediction was made in Newell Monday that had the bond issue failed to carry, taxes in Newell, as well as in other parts of the county, would have advanced more than 50 percent during the next three years as a new court house would have been erected, payable in three years. By the present method, all of the bonds are not redeemable for 25 years.

Entertained at Dinner-Dance

The members of the G. C. C. Club and lady friends to the number of 25 were entertained at dinner-dance in the I. O. O. F. hall, in the Aaron build-

ing, Monday evening. The affair was originally planned as a basket picnic at Twin Springs, but owing to the rain on Sunday, the ground was considered too damp for this sort of an affair. The supper was served at 8 o'clock, a dance following.

John W. Bucey Funeral

The G. A. R. was in charge of the funeral services for the late John W. Bucey, who died early Sunday, conducted Monday evening at the home of his daughter, Mrs. Robert Twaddle, Grant street, Newell. Rev. Jesse Deeds pastor of the First Methodist Episcopal church, delivered the funeral sermon. The body was taken to Hope-well, Jefferson county, Ohio, early on Tuesday morning, (the former home of the deceased, where interment was made.

Bucyrus — Only one state senator will be elected this fall from the 13-31 state senatorial district, comprising Crawford, Hardin, Logan, Marion, Seneca, Union and Wyandot counties. This information comes direct from Secretary of State Smith to Edward Eckelberry, clerk of the Crawford county election board. Secretary Smith stated that he was misinformed when he sent out the first information that two senators were to be elected from this district.

This year's indigo crop, for some time regarded as an utter failure, will be only about 15 per cent below normal.

Akron — An investigation is being conducted by the Summit county commissioners with a view to determining whether the county is being imposed upon.

Attendants at the city hospital declared that an alleged indigent patient has been receiving more flowers, including expensive posies, than any other patient in that hospital. The county is being asked to pay the cost of caring for this patient.

If the commissioners' probe reveals that "close" relatives are buying the flowers for the patient, these relatives will be asked to pay the hospital bill.

Alkali in Shampoos
Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Multisided coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

PROMINENT KNIGHT OF PYTHIAS
SAYS REESE FORMULA R-11 IS
"ACE" OF ALL REMEDIES

W. M. Smith, of Mingo Junction, Ohio, is so Rejoiced at Being Relieved He Wants All Sufferers to Know About R-11

Mr. W. H. Smith of Mingo Junction, Ohio, who is well known in that city as a man of sterling qualities, relates below the benefits derived from his use of The Reese Formula R-11. Mr. Smith is a member of the Mingo Junction Lodge of the Knights of Pythias and a man of such high standing in the community that his word must be considered.

Mr. Smith stated: "For four long years I have tried without success to get relief from stomach trouble. The best physicians in and around Mingo Junction failed to accomplish anything. I would suffer from gas and bloating after eating with severe pains in my back and chest and around my kidneys. I would get dizzy and

black spots would appear before my eyes.

"I tried the Reese Formula R-11 as a last hope having very little confidence in its ability to relieve me but I want to say right now that before I had taken all of the first bottle I was completely relieved. I have just bought two more bottles and never intend to be without it in the future. It is the Ace of all medicines and I think the least I can do is to tell others of its wonderful merits. I know a great many will be skeptical as I myself was, but all they need do is try it and they will be as enthusiastic as I am. Reese Formula R-11 shouldn't be thought of as any ordinary medicine for it is in a class by itself."

Reese Formula R-11 knocks that "Spring Fever" highern'a kite. Your druggist has it or get a bottle today from McCutcheon's Drug Store and Muser's pharmacy, weilsville, Ohio.

Why don't you forget about the many other efforts you have made to obtain relief and try The Reese Formula R-11 today. There is health and happiness in every bottle if you suffer from stomach, liver and kidney trouble in any of their various forms such as dizziness, indigestion, rheumatism, nervousness, sleeplessness, backache, urinary or female trouble, etc. Give your system a general spring overhauling, clean up your body the same as you do your home and see how much better you feel and how brighter life will seem.

MAN HELD ON DAY LAW COUNT

John Minovitch of Weirton
 Arraigned at Wheel-
 ing.

Justice of the Peace John W. Kin-
 delberger of Wheeling held John Min-
 ovitch of Weirton to the United States
 grand jury to be convened at Martins-
 burg on Sept. 21, under \$500 bond, for
 an alleged violation of the "United
 States prohibition act. Federal Deputy
 Marshall John H. Short took Min-
 ovitch before the magistrate in the ab-
 sence of a United States commissioner
 as there is no such officer at present
 in Wheeling.

Minovitch was arrested a few days
 ago by State Prohibition Officer Bert
 Phillips, who found some raisin jack
 and mash at his home in Weirton.
 Minovitch claims he is a much per-
 secuted man.

He stated that he runs a boarding
 house in Weirton and a few nights ago
 a gang of foreigners who had it in for
 him gathered under the windows of
 his hotel and sang raucous songs until
 far in the night.

He expostulated to no avail and finally
 "pussy footed" to a telephone and
 called up the police. Minovitch states
 that these men were arrested and fined
 for disorderly conduct and he is of the
 opinion that they are responsible for
 his arrest.

He claims that he was not aware
 that there was any raisin jack or mash
 in the boarding house, and if there
 was, it must have belonged to the
 boarders.

He was bound over and told to tell
 his story to U. S. Judge Alston G.
 Dayton.

O. O. ALLISON RETURNS FROM WESTERN TRIP

O. O. Allison, of Virginia avenue,
 cashier at the First National bank of
 Chester, returned home Monday evening
 from Portland, Oregon, where he
 attended the annual Shriners con-
 clave, held there during the latter part
 of June.

On his return trip, Mr. Allison, ac-
 companied by Mr. and Mrs. W. C.
 Lynch of Neptune avenue, who also
 attended the Portland meeting, made
 stops at San Francisco, Los Angeles,
 Salt Lake City, where they visited
 the Yellow Stone National Park, Den-
 ver, Wichita and other points of in-
 terest throughout the west.

At Denver, Mr. Allison and Mr. and
 Mrs. Lynch took different routes, the
 former proceeding home via St. Louis
 and Cincinnati, Mr. and Mrs. Lynch
 going to Dallas, Texas, where they
 plan to visit for a short time. They
 expect to be home within the next
 week or ten days.

The party, traveling in a special
 train, left Wheeling on June 15, the
 trip requiring approximately five
 weeks.

MASONIC CORNER STONE CEREMONY SATURDAY

The local Masons are arranging
 plans for the corner-stone laying of
 their new lodge temple, First street
 and Columbia avenue, Chester, which
 will be conducted with impressive cer-
 emonies at 3 o'clock next Saturday
 afternoon.

A special meeting of the members
 of the lodge will be held at 7:30
 o'clock this evening when final plans
 for the affair will be completed.
 Charles Davis, chairman of the com-
 mittee, was unable to state Tuesday
 morning who the speakers for the af-
 fair would be, although some of the
 grand officers will be here for the
 occasion.

The ceremonies will be open and a
 cordial invitation has been issued to
 the public to attend.

Roofing Porcelain Plant.

A force of carpenters this week are
 engaged in roofing the new plant of
 the Davidson Porcelain company in
 lower Chester. The bricklayers will
 start next week to build the kilns for
 which Gamble & Bryan of East Liver-
 pool have the contract.

D. F. Nellis & Sons, the general
 contractors in charge of the work,
 are making nice headway on the new
 plant considering the obstacles which
 the contractors had to cope with. An
 effort will be made to have the fac-
 tory ready for operation by September
 15 or October 1.

 tem, constipation, loss of appetite, lack
 of confidence, trembling, kidney or liver
 complaints, sleeplessness, exhausted
 vitality or weakness of any kind
 get a box of Wendell's Ambition Pills
 today on the money back plan.

M. E. SUNDAY SCHOOL OUTING DATE SET

The annual outing of the Sunday
 school of the First Methodist Epis-
 copal church of Chester, will be held at
 Thompson's park, back of East Liver-
 pool, on Friday of this week.

Members of the Sunday school and
 those planning to attend the outing
 will meet at the church in time to
 take the 12:45 p. m. car. Baskets will
 be brought to the church to be con-
 veyed to the picnic grounds in a
 truck. All children of the Sunday
 school will be provided with free
 transportation.

The outing will be featured by a
 basket supper to be served at 6
 o'clock. In the afternoon and even-
 ing, there will be a program of sports
 and other entertainment. The sports
 committee is now arranging the pro-
 gram for the day, which will probably
 include a ball game between the men
 of the Sunday school and the congre-
 gation.

GOVERNOR'S REPLY TO MINERS' UNION LEADER

Governor Cornwell Monday made
 reply to a letter addressed to him by
 Fred Mooney, secretary-treasurer of
 District 17, United Mine Workers of
 America, and given to the press Sat-
 urday night, in which the latter de-
 nied that the officers of the miners'
 union had ever asked for the sending
 of Federal troops into Mingo county,
 W. Va.

Mooney's letter had been called
 forth by the telegram and letter sent
 a few days ago by the Governor to
 Sheriff Blankenship of Mingo county,
 in which he had discussed what the
 consequences would be in the event
 Federal troops were sent into that
 section of the State.

Governor Cornwell charges in his
 letter to Mooney that the officers of
 the union did on repeated occasions
 call for Federal troops, and that now
 when they find the great majority of
 the miners of the State do not wish
 this, they are trying to get out from
 under, by abusing him.

HEARING AT COLUMBUS ON W. VA. GAS LAW

West Virginia will send five lawyers
 to Columbus to represent her interests
 in the hearing to open there Tuesday
 before U. S. Commissioner Levi Cook
 on the law passed by the West Vir-
 ginia legislature to prohibit exporta-
 tion of natural gas from the state un-
 til all West Virginia needs are filled.
 Ohio and Pennsylvania are asking
 the U. S. Supreme Court to prevent
 enforcement of the law. The hearings
 were begun in Pittsburgh and will
 be concluded in Charleston, W. Va.

THREE FINED ON LOITERING CHARGE

Charged with loitering and annoy-
 ing workmen engaged in the construc-
 tion of the new plant of the David-
 son Porcelain company in the lower
 end of town, Mayor Mayhew Tuesday
 announced that he had assessed fines
 on three young men, who were ar-
 rested by Chief of Police John Dolby.
 During the last few days a number
 of complaints have been made to the
 city officials concerning a party of
 boys in this section of the city who
 have been making themselves a nu-
 sance. The three lads, who were
 fined, were about 17 years of age.

Since assuming office early in April,
 Mayor Mayhew has had 47 cases,
 most of which were for violations of
 the traffic ordinance.

Chester Mill Idle; No Steel.
 The Chester works of the American
 Sheet & Tin Plate company is idle
 again this week owing to the steel
 shortage. But one carload of steel
 has been received here since the mill
 suspended operations last Thursday
 morning.

Officials of the local plant were
 unable to state Tuesday morning when
 operations would be resumed, this de-
 pending entirely upon steel deliv-
 ries. It is not believed, however, that
 the hot mills will start up this week.

CAMPAIGN AGAINST TRAFFIC OFFENDERS

Mayor James L. Mayhew Tuesday
 announced that the campaign against
 automobile owners who violate the
 traffic ordinance by fast and reckless
 driving would be extended to those
 who drive their machines with open
 cut-outs.

During the past several days, the
 mayor has been in receipt of a num-
 ber of complaints from residents of
 the city concerning the use of cut-outs
 on automobiles. Chester has an ordi-
 nance which requires that all cars
 shall be equipped with mufflers and
 prohibits the use of cut-out devices.
 A heavy fine is fixed for violation of
 this section of the city laws.

Orders have been issued to Chief of
 Police Dolby, instructing him to arrest
 automobile owners who are found to
 be driving cars with the cut-outs
 open.

Chautauqua at New Cumberland.

The New Cumberland chautauqua,
 staged by the Redpath booking agen-
 cy, opened at the county seat Tues-
 day afternoon. A six-day program
 will be offered this year, the affair
 coming to a close Sunday.

The Redpath company is offering
 an unusually good program of enter-
 tainment this year.

To Entertain at Picnic Supper

The members of Class No. 12 of the
 First Methodist Episcopal Sunday
 school will be entertained this evening
 at a picnic supper in the Asbury
 Grove, just back of town. The evening
 will be spent in athletic sports and
 games.

Concert Postponed

The concert, which was scheduled
 to be held in the First Christian
 church of Pughstown next Thursday
 evening, has been postponed until
 Thursday evening, July 29, on account
 of the chautauqua at New Cumber-
 land, W. Va.

MAN HELD ON
DRY LAW COUNT

John Minovitch of Weirton
Arraigned at Wheel-
ing.

Justice of the Peace John W. Kindsberger of Wheeling held John Minovitch of Weirton to the United States grand jury to be convened at Martinsburg on Sept. 21, under \$500 bond, for an alleged violation of the United States prohibition act. Federal Deputy Marshall John H. Short took Minovitch before the magistrate in the absence of a United States commissioner as there is no such officer at present in Wheeling.

Minovitch was arrested a few days ago by State Prohibition Officer Bert Phillips, who found some raisin cake and mash at his home in Weirton. Minovitch claims he is a much persecuted man.

He stated that he runs a boarding house in Weirton and a few nights ago a gang of foreigners who had it in for him gathered under the windows of his hotel and sang ribald songs until far in the night.

He expostulated to no avail and finally "pussy footed" to a telephone and called up the police. Minovitch states that these men were arrested and fined for disorderly conduct and he is of the opinion that they are responsible for his arrest.

He claims that he was not aware that there was any raisin cake or mash in the boarding house, and if there was, it must have belonged to the boarders.

He was bound over and told to tell his story to U. S. Judge Alston G. Dayton.

O. O. ALLISON RETURNS
FROM WESTERN TRIP

O. O. Allison, of Virginia avenue, cashier at the First National bank of Chester, returned home Monday evening from Portland, Oregon, where he attended the annual Shriners convocation, held there during the latter part of June.

On his return trip, Mr. Allison, accompanied by Mr. and Mrs. W. C. Lynch of Neptune avenue, made stops at San Francisco, Los Angeles, Salt Lake City, where they visited the Yellow Stone National Park, Denver, Wichita and other points of interest throughout the west.

At Denver, Mr. Allison and Mr. and Mrs. Lynch took different routes, the former proceeding home via St. Louis and Cincinnati, Mr. and Mrs. Lynch going to Dallas, Texas, where they plan to visit for a short time. They expect to be home within the next week or ten days.

The party, traveling in a special train, left Wheeling on June 15, the trip requiring approximately five weeks.

MASONIC CORNER STONE
CEREMONY SATURDAY

The local Masons are arranging plans for the corner-stone laying of their new lodge temple, First street and Columbia avenue, Chester, which will be conducted with impressive ceremonies at 3 o'clock next Saturday afternoon.

A special meeting of the members of the lodge will be held at 7:30 o'clock this evening when final plans for the affair will be completed. Charles Davis, chairman of the committee, was unable to state Tuesday morning who the speakers for the affair would be, although some of the grand officers will be here for the occasion.

The ceremonies will be open and a cordial invitation has been issued to the public to attend.

Roofing Porcelain Plant.

A force of carpenters this week are engaged in roofing the new plant of the Davidson Porcelain company in lower Chester. The bricklayers will start next week to build the kilns for which Gamble & Bryan of East Liverpool have the contract.

D. F. Nellis & Sons, the general contractors in charge of the work, are making nice headway on the new plant considering the obstacles which the contractors had to cope with. An effort will be made to have the factory ready for operation by September 15 or October 1.

M. E. SUNDAY SCHOOL
OUTING DATE SET

The annual outing of the Sunday school of the First Methodist Episcopal church of Chester, will be held at Thompson's park, back of East Liverpool, on Friday of this week.

Members of the Sunday school and those planning to attend the outing will meet at the church in time to take the 12:45 p. m. car. Baskets will be brought to the church to be conveyed to the picnic grounds in a truck. All children of the Sunday school will be provided with free transportation.

The outing will be featured by a basket supper to be served at 6 o'clock. In the afternoon and evening, there will be a program of sports and other entertainment. The sports committee is now arranging the program for the day, which will probably include a ball game between the men of the Sunday school and the congregation.

GOVERNOR'S REPLY TO
MINERS' UNION LEADER

Governor Cornwell Monday made reply to a letter addressed to him by Fred Mooney, secretary-treasurer of District 17, United Mine Workers of America, and given to the press Saturday night, in which the latter denied that the officers of the miners' union had ever asked for the sending of Federal troops into Mingo County, W. Va.

Mooney's letter had been called forth by the telegram and letter sent a few days ago by the Governor to Sheriff Blankenship of Mingo county, in which he had discussed what the consequences would be in the event Federal troops were sent into that section of the State.

Governor Cornwell charges in his letter to Mooney that the officers of the union did on repeated occasions call for Federal troops, and that now when they find the great majority of the miners of the State do not wish this, they are trying to get out from under, by abusing him.

HEARING AT COLUMBUS
ON W. VA. GAS LAW

West Virginia will send five lawyers to Columbus to represent her interests in the hearing to open there Tuesday before U. S. Commissioner Levi Cook on the law passed by the West Virginia legislature to prohibit exportation of natural gas from the state until all West Virginia needs are filled. Ohio and Pennsylvania are asking the U. S. Supreme Court to prevent enforcement of the law. The hearings were begun in Pittsburgh and will be concluded in Charleston, W. Va.

THREE FINED ON
LOITERING CHARGE

Charged with loitering and annoying workmen engaged in the construction of the new plant of the Davidson Porcelain company in the lower end of town, Mayor Mayhew Tuesday announced that he had assessed fines on three young men, who were arrested by Chief of Police John Dolby. During the last few days a number of complaints have been made to the city officials concerning a party of boys in this section of the city who have been making themselves a nuisance. The three lads, who were fined, were about 17 years of age.

Since assuming office early in April, Mayor Mayhew has had 47 cases, most of which were for violations of the traffic ordinance.

Chester Mill Idle; No Steel.

The Chester works of the American Sheet & Tin Plate company is idle again this week owing to the steel shortage. But one carload of steel has been received here since the mill suspended operations last Thursday morning.

Officials of the local plant were unable to state Tuesday morning when operations would be resumed, depending entirely upon steel deliveries. It is not believed, however, that the hot mills will start up this week.

CAMPAIGN AGAINST
TRAFFIC OFFENDERS

Mayor James L. Mayhew Tuesday announced that the campaign against automobile owners who violate the traffic ordinance by fast and reckless driving would be extended to those who drive their machines with open cut-outs.

During the past several days, the mayor has been in receipt of a number of complaints from residents of the city concerning the use of cut-outs on automobiles. Chester has an ordinance which requires that all cars shall be equipped with mufflers and prohibits the use of cut-out devices. A heavy fine is fixed for violation of this section of the city laws.

Orders have been issued to Chief of Police Dolby, instructing him to arrest automobile owners who are found to be driving cars with the cut-outs open.

Chautauqua at New Cumberland.

The New Cumberland chautauqua, staged by the Redpath booking agency, opened at the county seat Tuesday afternoon. A six-day program will be offered this year, the affair coming to a close Sunday.

The Redpath company is offering an unusually good program of entertainment this year.

To Entertain at Picnic Supper

The members of Class No. 12 of the First Methodist Episcopal Sunday school will be entertained this evening at a picnic supper in the Asbury Grove, just back of town. The evening will be spent in athletic sports and games.

Concert Postponed

The concert, which was scheduled to be held in the First Christian church of Pughstown next Thursday evening, has been postponed until Thursday evening, July 29, on account of the chautauqua at New Cumberland, W. Va.

SATISFIED IF IT
ONLY DOES HALF
AS MUCH FOR ME

East Liverpool Man Highly
Pleased With What the New
Medicine Dreco Has Done for
His Wife.

Relieved Pain in Right Side,
Dizziness and Drove Away the
Blues. Her Eyesight Much
Clearer Now.

"Dreco is the only medicine that did my wife any good," says Mr. John L. Griffin, a well known contractor, living at 331 Sarah street, East Liverpool.

"Mrs. Griffin had such a severe pain in her right side that she could hardly stand up, her eyesight became so poor she was obliged to wear glasses; she would get so dizzy that she felt like she would fall and then she couldn't sleep and was consequently very nervous she had no appetite and what she did eat disagreed with her. All this caused her to become very blue and she felt that she didn't want to go out.

"She has now taken two bottles of Dreco and it seems to have gone directly to the bottom of her trouble, for she is like another woman. She was able to do her work last week with the greatest ease. Since her liver is acting right, she does not have any more dizzy spells and can see better without her glasses.

"She sleeps fine and enjoys everything she eats. 'Can do a good day's work and then be ready to take up her work in the evening at the mission.

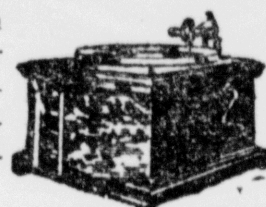

"I am going to take some Dreco myself and if it does me half as much good as it did my wife I will be more than satisfied." Dreco does not contain any iron, mercury, potash, acids or oils, but is made from the juices and extracts of many herbal plants, which combine with the juices of the stomach very pleasantly and act on the vital organs.

All good druggists now sell Dreco and it is being especially introduced in East Liverpool by Flick's drug store, Fifth and Market streets.

Firestone

Cushion
Truck Tires

Many truck tire problems in many lines of business are answered by Firestone Cushion Tires.

They have added cushioning power needed for proper protection to your load and truck. They have the wearing strength needed for maximum mileage.

12% to 27% More Rubber

Firestone Cushion Tires have a greater volume of material. That is one reason why they ride easier. It is obvious, too, that this means longer wear. The extra wide tread provides approximately 20% more area of road contact—giving firmer traction under all conditions.

300% More Efficient in Heat Radiation

Overheating is a common danger to truck tire equipment. But Firestone engineers have evolved this special Cushion shape that lessens the strain through a different flexing of the rubber and gives a greater surface for heat radiation.

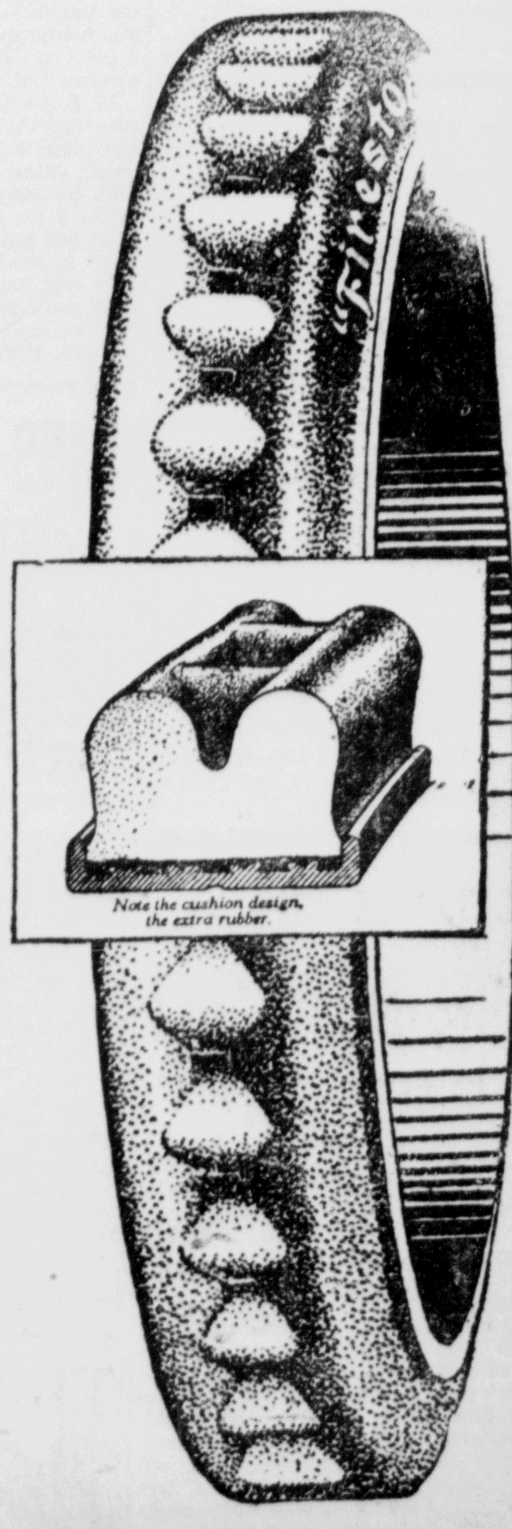

Any Truck Immediately Equipped

Firestone Cushion Tires are built to fit any S. A. E. base. No wheel changes necessary. The nearest Firestone truck tire dealer can apply them to your trucks and trailers without delay or added expense.

If you want resiliency plus extra-long wear, and if you want the practical economy of most miles per dollar, put on Firestone Cushion Tires. Made in all sizes.

MAN HELD ON DAY LAW COUNT

John Minovitch of Weirton
Arraigned at Wheel-
ing.

Justice of the Peace John W. Kin-
delserger of Wheeling held John Min-
ovitch of Weirton to the United States
grand jury to be convened at Martins-
burg on Sept. 21, under \$500 bond, for
an alleged violation of the United
States prohibition act. Federal Deputy
Marshall John H. Short took Min-
ovitch before the magistrate in the
absence of a United States commissioner
as there is no such officer at present
in Wheeling.

Minovitch was arrested a few days
ago by State Prohibition Officer Bert
Phillips, who found some raisin jack
and mash at his home in Weirton.
Minovitch claims he is a much per-
secuted man.

He stated that he runs a boarding
house in Weirton and a few nights ago
a gang of foreigners who had it in for
him gathered under the windows of
his hotel and sang ribald songs until
far in the night.

He expostulated to no avail and finally
"pussy footed" to a telephone and
called up the police. Minovitch states
that these men were arrested and fined
for disorderly conduct and he is of
the opinion that they are responsible
for his arrest.

He claims that he was not aware
that there was any raisin jack or mash
in the boarding house, and if there
was, it must have belonged to the
boarders.

He was bound over and told to tell
his story to U. S. Judge Alston G.

attended the annual Shriners con-
clave, held there during the latter part
of June.

On his return trip, Mr. Allison, ac-
companied by Mr. and Mrs. W. C.
Lynch of Neptune avenue, who also
attended the Portland meeting, made
stops at San Francisco, Los Angeles,
Salt Lake City, where they visited
the Yellow Stone National Park, Den-
ver, Wichita and other points of in-
terest throughout the west.

At Denver, Mr. Allison and Mr. and
Mrs. Lynch took different routes, the
former proceeding home via St. Louis
and Cincinnati, Mr. and Mrs. Lynch
going to Dallas, Texas, where they
plan to visit for a short time. They
expect to be home within the next
week or ten days.

The party, traveling in a special
train, left Wheeling on June 15, the
trip requiring approximately five
weeks.

reply to a letter addressed to him by
Fred Mooney, secretary-treasurer of
District 17, United Mine Workers of
America, and given to the press Sat-
urday night, in which the latter de-
clared that the officers of the miners'
union had ever asked for the sending
of Federal troops into Mingo County,
W. Va.

Mooney's letter had been called
forth by the telegram and letter sent
a few days ago by the Governor to
Sheriff Blankenship of Mingo county,
in which he had discussed what the
consequences would be in the event
Federal troops were sent into that
section of the State.

Governor Cornwell charges in his
letter to Mooney that the officers of
the union did on repeated occasions
call for Federal troops, and that now
when they find the great majority of
the miners of the State do not wish
this, they are trying to get out from
under, by abusing him.

HEARING AT COLUMBUS ON W. VA. GAS LAW

West Virginia will send five lawyers
to Columbus to represent her interests
in the hearing to open there Tuesday
before U. S. Commissioner Levi Cook
on the law passed by the West Vir-
ginia legislature to prohibit export-
ation of natural gas from the state un-
til all West Virginia needs are filled.
Ohio and Pennsylvania are asking
the U. S. Supreme Court to prevent
enforcement of the law. The hearings
were begun in Pittsburgh and will be
concluded in Charleston, W. Va.

THREE FINED ON LOITERING CHARGE

Charged with loitering and annoy-
ing workmen engaged in the construc-
tion of the new plant of the David-
son Porcelain company in the lower
end of town, Mayor Mayhew Tuesday
announced that he had assessed fines
on three young men, who were ar-
rested by Chief of Police John Dolby.
During the last few days a number
of complaints have been made to the
city officials concerning a party of
boys in this section of the city who
have been making themselves a nu-
isance. The three lads, who were
fined, were about 17 years of age.

Since assuming office early in April,
Mayor Mayhew has had 47 cases,
most of which were for violations of
the traffic ordinance.

Chester Mill Idle; No Steel.

The Chester works of the American
Sheet & Tin Plate company is idle
again this week owing to the steel
shortage. But one carload of steel
has been received here since the mill
suspended operations last Thursday
morning.

Officials of the local plant were
unable to state Tuesday morning when
operations would be resumed, this de-
pending entirely upon steel deliv-
eries. It is not believed, however, that
the hot mills will start up this week.

CAMPAIGN AGAINST TRAFFIC OFFENDERS

Mayor James L. Mayhew Tuesday
announced that the campaign against
automobile owners who violate the
traffic ordinance by fast and reckless
driving would be extended to those
who drive their machines with open
cut-outs.

During the past several days, the
mayor has been in receipt of a num-
ber of complaints from residents of
the city concerning the use of cut-outs
on automobiles. Chester has an ordi-
nance which requires that all cars
shall be equipped with mufflers and
prohibits the use of cut-out devices.
A heavy fine is fixed for violation of
this section of the city laws.

Orders have been issued to Chief
of Police Dolby, instructing him to arrest
automobile owners who are found to
be driving cars with the cut-outs
open.

Chautauqua at New Cumberland.

The New Cumberland chautauqua,
staged by the Redpath booking agen-
cy, opened at the county seat Tues-
day afternoon. A six-day program
will be offered this year, the affair
coming to a close Sunday.
The Redpath company is offering
an unusually good program of enter-
tainment this year.

Home Comfort

It is said, centers around the
hearth stone. But open fires
are often a menace to the
home. In 1918, fires ignited
by hot ashes and coals from
open fireplaces caused \$172,-

SATISFIED IF IT ONLY DOES HALF AS MUCH FOR ME

East Liverpool Man Highly
Pleased With What the New
Medicine Dreco Has Done for
His Wife.

Relieved Pain in Right Side,
Dizziness and Drove Away the
Blues. Her Eyesight Much
Clearer Now.

"Dreco is the only medicine that
did my wife any good," says Mr. John
L. Griffin, a well known contractor,
living at 331 Sarah street, East Liver-
pool.

"Mrs. Griffin had such a severe pain
in her right side that she could hardly
stand up, her eyesight became so
poor she was obliged to wear glasses;
she would get so dizzy that she felt
like she would fall and then she
couldn't sleep and was consequently
very nervous she had no appetite and
what she did eat disagreed with her.
All this caused her to become very
blue and she felt that she didn't want
to go out.

"She has now taken two bottles of
Dreco and it seems to have gone di-
rectly to the bottom of her trouble,
for she is like another woman. She
was able to do her work last week
with the greatest ease. Since her
liver is acting right, she does not
have any more dizzy spells and can
see better without her glasses.

"She sleeps fine and enjoys every-
thing she eats. Can do a good day's
work and then be ready to take up
her work in the evening at the mis-
sion.

"I am going to take some Dreco my-
self and if it does me half as much
good as it did my wife I will be more
than satisfied." Dreco does not con-
tain any iron, mercury, potash, acids
or oils, but is made from the juices
and extracts of many herbal plants,
which combine with the juices of the
stomach very pleasantly and act on
the vital organs.

All good druggists now sell Dreco
and it is being especially introduced
in East Liverpool by Flick's drug
store, Fifth and Market streets.

Firestone Cushion Truck Tires

Many truck tire problems in many lines of business are an-
swered by Firestone Cushion Tires.

They have added cushioning power needed for proper protec-
tion to your load and truck. They have the wearing strength
needed for maximum mileage.

12% to 27% More Rubber

Firestone Cushion Tires have a greater volume of material.
That is one reason why they ride easier. It is obvious, too,
that this means longer wear. The extra wide tread provides
approximately 20% more area of road contact—giving firmer
traction under all conditions.

300% More Efficient in Heat Radiation

Overheating is a common danger to truck tire equipment. But
Firestone engineers have evolved this special Cushion shape
that lessens the strain through a different flexing of the rub-
ber and gives a greater surface for heat radiation.

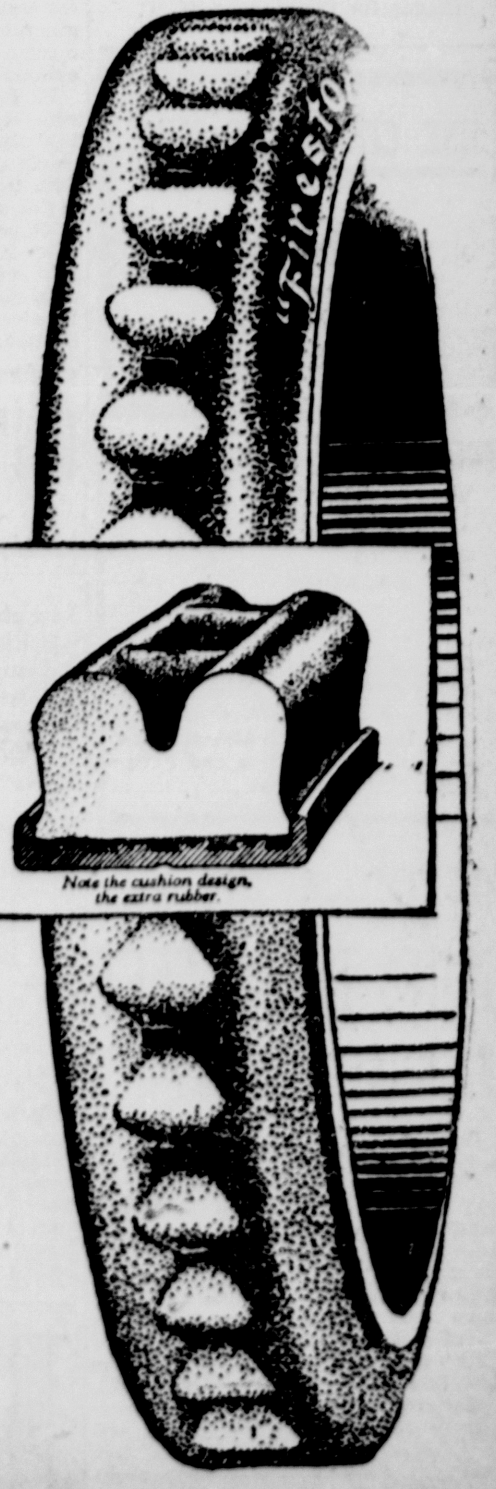

Any Truck Immediately Equipped

Firestone Cushion Tires are built to fit any S. A. E. base. No
wheel changes necessary. The nearest Firestone truck tire
dealer can apply them to your trucks and trailers without
delay or added expense.

If you want resiliency plus extra-long wear, and if you want
the practical economy of most miles per dollar, put on
Firestone Cushion Tires. Made in all sizes.

GAINS THIRTY POUNDS ON THREE BOTTLES OF NERV-WORTH

Josephine Smith of Dayton, Ohio, Had Fallen From 180 Pounds to 120, But Nerv-Worth Soon Restored Her to Health and Helped Her to Rapidly Regain Her Former Strength and Weight.

"About 4 years ago, I broke completely down," said Miss Smith, of Dunbar St., Dayton, Ohio, "and she goes on 'I was very nervous and my stomach and digestion were in bad condition, I had pains in my knees and shoulders and I was also very weak. I had severe headache spells and I would be so dizzy that I was afraid of falling whether in the house or on the street. I weighed 180 pounds and I lost flesh until I weighed only 120. I purchased a bottle of Nerv-Worth and took it regular, and after using only 3 bottles I went up to 150 pounds in weight, and rapidly gained strength and now am gaining weight daily. Nerv-Worth restored my appetite, corrected all my stomach and bowel troubles, and today I am feeling strong and vigorous, and I don't need

YOUNGEST YANK IN WAR IS MUSTERED OUT; NOT YET 15

Raymond Burleigh of St. Joseph, Mo., Enlisted Shortly Before His Twelfth Birthday.

ST. JOSEPH, Mo., July 20.—The youngest soldier in the American army during the World war has been mustered out. He is Raymond Burleigh, who shortly before his twelfth birthday enlisted in the army under the name of Fred De Reaux in St. Joseph.

Raymond enlisted in June, 1917, in Kansas City, giving his age to the recruiting officers as 20 years 11 months. His abnormal development created no suspicion, and soon afterward he went across as a chauffeur. He drove the private cars of generals, colonels, etc., transported ammunition and supplies and got so used to the whir of bullets and the noise of big guns that they sounded "like a swarm of mosquitoes working in a thunder storm."

Raymond ever since a "child" had been interested in mechanics, and when he was assigned as chauffeur to the aviation section he stuck around until finally an aviator took him for a spin through the air. That was just enough to whet his appetite and one bright morning the pilot of a certain machine turned about to see his steed cavorting through the air with a perilous swing.

"What the h—!" declared the aviator wonderingly.

But it was only Raymond, who, having "copped" two machine guns, had set out to win the war.

"They told me when I got back that I looped the loop three times, but if I did I didn't know anything about it," he said. For this venture he was sentenced to six months in the front line trenches. Which was the next best thing to having a plane of his own.

He fought at Chateau Thierry, where he inhaled enough German gas to put him in the hospital several

weeks, during which time he lost use of his voice.

On February 25, 1920, he was returned to this country and released, following a personal letter written by General Pershing to the secretary of war. On July 6 he got his final papers at Philadelphia.

Tests have been made which indicate that air slightly impregnated with chlorine gas will prevent influenza.

GORDON JIFFY CUSHION SLIPS for the seats of Motor Cars

\$3.40 to \$8.15 Per Seat

Crisp, smart style--increased comfort--and permanent cleanliness for the seats of your car. All yours at small cost--with no waiting, no bother.

Gordon Jiffy Cushion Slips are removable. And washable. And distinctively good looking.

Ready at your dealers, for immediate use. Stock sizes to fit your car. You simply button-hole these crisply-clean, one-piece slips in place on special button-heads, like any simple garment. Then the oil, dust, and hidden dirt of upholstered seats are harmless. No danger of soiling the lightest, daintiest dresses--when the car seats are covered with Gordons.

Washable--On and Off in a "Jiffy"

When they are soiled it is but the work of a moment to remove them for washing. And because they are made of durable, pre-shrunk materials, you can drop them into the "family wash" or send them to the laundry without the slightest misgiving.

Two sets are a special convenience--and an inexpensive one as the price of these slips is only \$3.40 to \$8.15 per seat.

YOUNGEST YANK IN WAR IS MUSTERED OUT; NOT YET 15

Raymond Burleigh of St. Joseph, Mo., Enlisted Shortly Before His Twelfth Birthday.

ST. JOSEPH, Mo., July 20.—The youngest soldier in the American army during the World war has been mustered out. He is Raymond Burleigh, who shortly before his twelfth birthday enlisted in the army under the name of Fred De Reaux in St. Joseph.

Raymond enlisted in June, 1917, in Kansas City, giving his age to the recruiting officers as 20 years 11 months. His abnormal development created no suspicion, and soon afterward he went across as a chauffeur. He drove the private cars of generals, colonels, etc., transported ammunition and supplies and got so used to the whir of bullets and the noise of big guns that they sounded "like a swarm of mosquitoes working in a thunder storm."

Raymond ever since a "child" had been interested in mechanics, and when he was assigned as chauffeur to the aviation section he stuck around until finally an aviator took him for a spin through the air. That was just enough to whet his appetite and one bright morning the pilot of a certain machine turned about to see his steed cavorting through the air with a perilous swing.

"What the h—!" declared the aviator wonderingly. But it was only Raymond, who, having "copped" two machine guns, had set out to win the war.

"They told me when I got back that I looped the loop three times, but if I did I didn't know anything about it," he said. For this venture he was sentenced to six months in the front line trenches. Which was the next best thing to having a plane of his own.

He fought at Chateau Thierry, where he inhaled enough German gas to put him in the hospital several

weeks, during which time he lost use of his voice.

On February 25, 1920, he was returned to this country and released, following a personal letter written by General Pershing to the secretary of war. On July 6 he got his final papers at Philadelphia.

Tests have been made which indicate that air slightly impregnated with chlorine gas will prevent influenza.

BURTON IS GIVEN ANOTHER CHANCE

Skipper of Green Craft at the Helm in Today's Race—Resolute's Handicap Is Increased.

By JACK VIEOCK.

ABOARD U. S. S. DESTROYER GOLDBOROUGH OFF SANDY HOOK, N. J., July 20, (via wireless).—Resolute and Shamrock IV, rode lazily at anchor in Horseshoe Cove this morning awaiting the hour for starting the third of their series of international yacht races for the America's cup.

Early in the day the weatherman promised sailing winds. Forecasts were north or northwest breezes, moderate and slightly fresh.

The freakish green challenger was scheduled to go into today's race starting at 11 o'clock, the usual hour with the same skipper and crew that has handled her to date. Sir Thomas Lipton's decision to keep Captain William P. Burton at the wheel of the green sloop came as a surprise in the face of hurried and even worried conferences between the Irish baronet and his closest advisers. What may occur to the personnel of the Shamrock's crew if Resolute wins to-

day and Charles Francis Adams demonstrates his "skipping" superiority once more is a matter of conjecture. It is the general belief, however, that Sir Thomas will make a change unless the skipper of the Shamrock shows to better advantage than he has in the races held so far.

Resolute was a prime favorite in the betting today. She had made backers at odds of 8 to 5 and 7 to 5. Several enthusiasts made wagers that Shamrock will not win another race. The contest today is scheduled to be sailed over a triangular course of thirty miles and if the promises of the weather forecaster hold out, the second real race of the series will be decided by sundown.

The usual armada of pleasure and excursion craft of all kinds steamed out to the "hook" for today's race. Enthusiasm among devotees of yachting is hotter than ever and the number of spectators who were expected to witness the race today was even greater than on Saturday. Resolute was scheduled to enjoy a greater handicap today as a result of a change in the sail area of the challenger. Sir Thomas notified the regatta committee of the New York Yacht club that he desired to use a larger cloth topsail and at the conclusion of taking measurements of this flapper it was announced that the time allowance had been changed to seven minutes, one second.

CLOSE-UPS

WE HAVE WITH US TODAY—

A baseball gem of purest ray serene is George Sisler of the St. Louis Browns. The fates, however, have been unkind to him. They have not provided a lustrous setting for one of the best and steadiest hitters the game ever knew and Sisler, therefore, pursues the even tenor of his 400 batting way without causing more than an occasional ripple on the surface of a day's baseball events.

Sisler is the only legitimate 400 hitter in the game today. His average for something like seventy-five games—approximately half of the season—is around .420. This mark at this time of the year has been approached only once or twice in the last decade and then only by Cobb and Jackson. Four hundred hitters are not common.

Lacking the spectacular qualities of Speaker, Jackson and Ruth, who are the prominent "runners-up," trailing from twenty to forty points, Sisler has not capitalized his batting eyes as his famous rivals have. He is a modest and rather a colorless workman, always dependable but seldom having anything to say.

The former University of Michigan law student is largely responsible for the spurt made by the Browns last month after they had started badly. Sisler's hitting still "stands up" but the Browns—especially the pitchers—have faded out to a degree that throws the St. Louis batting star into a partial eclipse.

COBB'S FORLORN HOPE

Though Ruth is climbing steadily and Speaker and Jackson are holding the terrific pace, the "experts" believe that Sisler will fall heir to Ty Cobb's batting crown this year.

Cobb, after a lay-off of six weeks, has taken up the cudgel again and is well above the 300 mark. However, with only half the season to go, the Georgia peach trails Sisler slowly by nearly a hundred points. Cobb may struggle up to 375 or thereabouts, but there is nothing to indicate that Sisler is going to encounter a bad slump. Cobb's chances are not enhanced by the fact that he is still handicapped by a lame leg. One of Ty's specialties is beating out infield taps, but his bum prop has greatly reduced his speed on the base paths. Ty has been around a long while and must yield to a younger man some time.

Ruth, while he has not collected a hundred hits yet this season, is advancing over a field of bases on balls laid down by nervous pitchers for him to walk. Last season he received more than one hundred first trips to first base and this year he will be the recipient of even a greater number of untwilling favors if the race between the Yanks, White Sox and Indians, is close from now to the September drive. Speaker is batting at a furious rate and ordinarily would be leading the league with a .400 average.

If Sisler beats out this field he will be entitled to all the credit in the world and plenty of Philip DeCatesby Ball's cash for next season.

A TEN-YEAR ARGUMENT

Grover Cleveland Alexander's thirteen-inning defeat of the Giants last week in Chicago turned the balance in Alec's favor for the first time in a decade of titling between National League's speed king and McGraw's team.

When Alec was in his prime as a member of the Philadelphia team he lost more games to the Giants than he won from them. They still had the Indian sign on him when he joined the Cubs. Last season Alec never obtained his best form, but he has come back with bells on this year and is giving the Giants more trouble than he ever caused them before.

Up to last Friday the Giants had won twenty-one games from Alec and lost the same number to him over a stretch of nearly ten years. The "rubber" went thirteen innings before Alec poked his nose in front.

DOESN'T MIND BOUT WITH NEGRO BOXER

NEW YORK, July 20.—Jack Dempsey, world champion heavyweight pugilist, is not averse to fighting a negro boxer, according to an announcement here last night by the International Sporting club. In reversing his attitude on the color line the champion stated he is ready to make a match with Harry Wills, who is scheduled to meet Fred Fulton at the Newark Sportsman's club next Monday.

"As for the colored boxers," Dempsey said, "you can say for me and make it as strong as you like, that I have absolutely no scruples about boxing them. After I won the championship Jack Kearns, my manager, contended that mixed bouts are injurious to the sport and for that reason would not conclude any for me. It is different now. If the press, public or promoters want me to box a negro I'll gladly take the match. That goes

for Harry Wills and the rest of his ilk. To be quite frank about it, I need the money."

CHAMP MAKES DRAB SHOWING

New Middle King Shows Poorly Against Bartfield.

By JACK VIEOCK.

NEW YORK, July 20.—Johnny Wilson, of Harlem, the new middle-weight champion, made a rather drab impression in his first bout since winning the title from Michael O'Dowd, the rugged citizen of St. Paul.

Wilson's first appearance since beating O'Dowd, and, incidentally, his first bout in the metropolitan district as a topnotcher, was against the veteran Soldier Bartfield at Newark. After 12 rounds of jabbing, clinching, sidestepping and swinging with Bartfield, the new champion was awarded a popular decision by the critics at the ring side, a few of whom refused to concede him better than a draw.

Consensus of opinion was that Wilson had won the bout on points, but in winning he failed to disclose anything resembling latent ability of the variety that might account for his victory over O'Dowd.

To be frank, Wilson's showing was a disappointment. Some may say that Bartfield is the sort of a boxer who, because of his very awkwardness is liable to make any good boxer look bad, but as a matter of fact Wilson failed to show the finish that a champion should have. All he exhibited was a limited knowledge of the grand old game.

Another point which discounts his standing as a champion of the first water is the fact that he apparently lacks initiative and aggressiveness. He often upset Bartfield's attack during their twelve-round melee, but

FOUR BOUTS TO COST \$66,500 IN NEWARK

NEW YORK, July 20.—Roped arena purses are headed skyward if we are to take as a criterion the ritual show of the new International Sporting club, which makes its debut at Newark, N. J., on Monday, July 26. The four bouts that night are to cost just \$66,500.

The fighters are to receive the following amounts: Fred Fulton, \$25,000 and Harry Willis \$10,000 for their 12-round bout; Jack Britton \$10,000 and Marcel Thomas, the Frenchman, \$2,500 for ten rounds; Johnny Dundee and Eddie Fitzsimmons \$7,500 for ten rounds and Frank Moran \$5,000 and Wild Burt Kenney \$1,500 for their ten-round go. The prices of tickets are to range from \$3 to \$15. The members of the I.S.C. are to get the ringside seats, as they are paying a much larger price for them than the general public.

having done that he seemed at a loss as to what to do next, failing to follow up an advantage. He also showed a penchant for clinching that was unbecoming of a champion.

Perhaps Wilson was not himself against Bartfield. He may have been stale and, as boxers sometimes do, he may have found Bartfield a puzzle that he couldn't solve effectively. Yet criticism should only tend to help him improve, and he has plenty of room for improvement.

Like a good many boxers of this day and age Wilson has a very good defense. His defense in fact, is more highly perfected than his offense. But if he expects to hold the middle-weight championship for any length of time he will have to burnish up his offensive tactics or he will run into a storm some of these fine days and come out minus the title he took from O'Dowd, and that at the hands of some boxer who may be blessed with nothing more than aggressive-ness and a stiff wallop.

TALK OF DEMPSEY-CARPENTIER BOUT

NEW YORK, July 20.—Talk of Jack Dempsey-Georges Carpentier match soon after the French champion returns to the United States in September was revived here today by reports that Tex Rickard is negotiating for the contract for Carpentier's service held by C. B. Cochran, the British promoter. Dempsey's refusal to fight Carpentier anywhere but in the United States is said to have caused Cochran to indicate a willingness to dispose of his contract.

HEIMIES WILL PLAY P.H.C. CLUB

Game to Be Staged This Evening at Wells-ville.

The first game this week for the East Liverpool Heimies will be staged this evening at Wellsville with the P. H. C. club, the leading independent aggregation of that city, as the local nine's opponents. The game will be played on the Pottery diamond in the west end of the city.

Manager Shel Pyle, of the Heimies, today announced that all members of the club will leave here for Wellsville this evening at 5:30 o'clock. The following men will be used in the

game: Meeks, Heavry, Kidder, Bryan, Eldridge, Wurzel, Pyle, Windland, Heckathorne, Deshler and Brown. Next Saturday afternoon the Newell club and the Heimies, old foes, will meet at Newell.

Star for a day—George Herman Ruth.

Ruth set a new league record for home runs when he tapped Kerr of the White Sox for his 30th and 31st homers of the season. Babe's hitting was not enough to win, however, and the Yankees split even.

Sherdell kept the Phillies from bunting hits and turned in a 12-inning victory for the Cardinals.

Welch hit the ball for a home run with two on the bases ahead of him and Mackmen snatched a victory from the Browns.

Ruptured?—Throw Away Your Truss!

For Many Years We Have Been Telling You That No Truss Will Ever Help You—We Have Told You the Harm That Trusses Are Doing. We Have Told You That the Only Truly Comfortable and Scientific Device for Holding Rupture is the Brooks Rupture Appliance—and That It Is

Sent on Trial to Prove It

Ten Reasons Why You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliance is made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. Our reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and our prices are so reasonable, our terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Child Cured in Four Months

Mr. O. E. Brooks, Marshall, Mich.
Dear Sir:—The baby's rupture is altogether cured, thanks to your Appliance, and we are so thankful to you. If we could only have known of it sooner, our little boy would not have had to suffer near as much as he did. He wore your brace a little over four months.
Yours very truly
ANDREW EGGENBERGER.

Remember

We send our Appliance on trial to prove what we say is true. You are to be the judge. Fill out free coupon below and mail today.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully,

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:— Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on. It just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly not regret it. Rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am, Yours very sincerely,

Soundly Cured at the Age of 81

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Less than a year ago I sent to you for an appliance which came promptly. I at once put it on and it fitted perfectly. I have worn the appliance not quite ten and one-half months. It has cured my rupture.

I tried the other day while the appliance was off, to see if I could force anything out of the opening to make break there, but I could not, though I tried hard.

Now I think this quite remarkable as I am in my eighty-first year. I am an old veteran of the Civil War, born and raised in the town of West, N. H., from where I enlisted in the 10th N. H. Vol.

POTTERY NEWS

POTTERS REJECT MANY PROPOSALS

List of Resolutions Turned Down at Recent Convention of National Brotherhood of Operative Potters.

By M. K. ZIMMERMAN.

Since the close of the annual convention of the National Brotherhood of Operative Potters it has been indicated that some resolutions offered were rejected about as soon as they bobbed up.

Here is the text of one resolution which was rejected: "Proposed that inasmuch as there is a movement on foot to bring capital and labor closer together that each firm consent to place on its board of directors a member of a local union on its plant satisfactory to the firm."

Another resolution rejected provided that Pullman car advantages be at the disposal of delegates who have to travel more than eight hours to reach the national convention city.

Another idea turned down by the convention was the proposed to pay representatives who attend meetings of the standing committee.

One resolution proposed was to authorize the executive board of the brotherhood to keep tab on cost of food and clothing, then every three months whatever percent of increase was found, that such increase be made a wage demand.

Other resolutions rejected follow: "Proposed that the organization sign no agreement with the manufacturers unless it were agreed that the organization should have the right to a regular conference at any time, together with the right to enforce its demands to the point of a strike, if such action were deemed necessary."

"Proposed that the maximum death benefits be increased from \$200 to \$250."

"Proposed the establishment of a uniform wage of \$55 per week; that extras to the amount of \$2.00 per week be permitted; foregoing sums to be subject to the 25 per cent bonus."

"Proposed a 75 per cent increase for all branches of the sanitary trade."

"Proposed that inasmuch as different methods are employed in the making of a casted and a pressed piece of ware, that the N.B. of O. P., begin an advertising campaign in leading magazines and periodicals of the country, by way of educating the public to become more discriminating in the purchase of such articles."

"Proposed that the N.B. of O. P., enter into an agreement with the manufacturers whereby two weeks vacation with pay would be granted to members of the trade, every year, in July."

"Proposed a five and one-half day week, with time and one-half pay for any work done on Saturday afternoon."

"Proposed that members found guilty of violating the working rule be fined \$25 for the first offense, \$50 for the second, and expelled for the third."

"Proposed that the sanitary trade be informed of prices and working agreements made in conferences and meetings with the sanitary manufacturers, and that this information be furnished the trade in printed form, the expenses for such work to be defrayed by the national organization."

"Proposed to deduct one per cent and reinstatement fees from the pay envelope in the office."

"Proposed imposing a fine upon those who failing to report their failure to get an increase when it is due them promptly to the local."

"Proposed that the Western Sanitary Standing Committee be allowed "for the reason that it has not functioned and that a traveling statistician be elected by the trade in lieu thereof. Query Sent to Long Beach, Cal."

Long Beach, California, has been asked by the Homer Knowles Pottery Co., what it will do to secure a new industry. The text of a letter forwarded to a commercial organization there by this new firm reads:

"Incorporation papers have been filed in the state of Delaware for the formation of the Homer Knowles Pottery company, a \$750,000 corporation, to build a modern pottery in California. This has nothing to do with any deal now being promoted in Los Angeles."

"What has your city to offer in the way of a site? We will need close to ten acres, as our first building will cover about 150,000 square feet."

"The pay roll will be between \$35,000 and \$40,000 per month, and the industry will bring about 200 potters and their families to California."

"If you are interested in the matter, I would be very glad to go into further details. We hope to open an office in Los Angeles soon and want to break ground within three months."

An industrial baseball league in Co-shocton is being lead by the Pope-Gosser China company club. So far the teams in this little league have played eight games, and the pottery club has won seven and lost one game, having a percentage of .875. The team representing the glass factory there is in second place.

Alvin W. Day Co. Incorporated.

For the purpose of manufacturing pottery and other ceramic products, the Alvin W. Day company has been formed at Buffalo, N. Y., with a capital stock of \$15,000. Incorporators are F. T. Day, F. E. and W. H. Widner.

G. O. P. Plank Interests Potters

Pottery employees in Ohio who are incapacitated through disease contracted while at work will be given the privileges of the Ohio Workmen's compensation act under a plank in the new Republican state platform adopted at a recent meeting at Columbus. The section is as follows:

"The interest of labor, the source of wealth, have had, and ever will have, the earnest consideration of the Republican party. We commend the Republican members of the eighty-third general assembly for their constructive protection of the interests of the rail and electric road, mines, building trades and hand and machine workers, and we heartily endorse their action in amending to make compulsory the workmen's compensation act. We declare for its maintenance and operation. We demand its benefit to be further extended to those incapacitated through occupational diseases."

Lead poisoning, "dipper's" colic, potters' asthma and other diseases that occur in the pottery industry are considered occupational diseases under the provisions of the new platform, according to the views expressed on the subject.

Elected Member of Salesmen's Asso.

Col. Will A. Rhodes, formerly of this city, now with the Chelsea China company of New Cumberland, W. Va., has been elected to membership in the Pottery, Brass & Glass Salesmen's association of New York, known to the trade as the "Eastern Association."

Dividend on Woolworth Stock

A dividend of \$2 per share on the common stock of the F. W. Woolworth Co., has been ordered for the second quarter which is payable on August 1. Shares have been selling on a range of 107 1/2 to 108 this week.

Review of British Pottery Situation

The Labor Gazette of London in its review of employment in the pottery trades during May says:

"Employment continued good in all branches of the pottery trade and a few firms reported a scarcity of labor. Many employers again complained of a shortage of fuel and of raw material and short time was sometimes worked in consequence. The strike among stoneware pottery operatives in Scotland continued throughout the month."

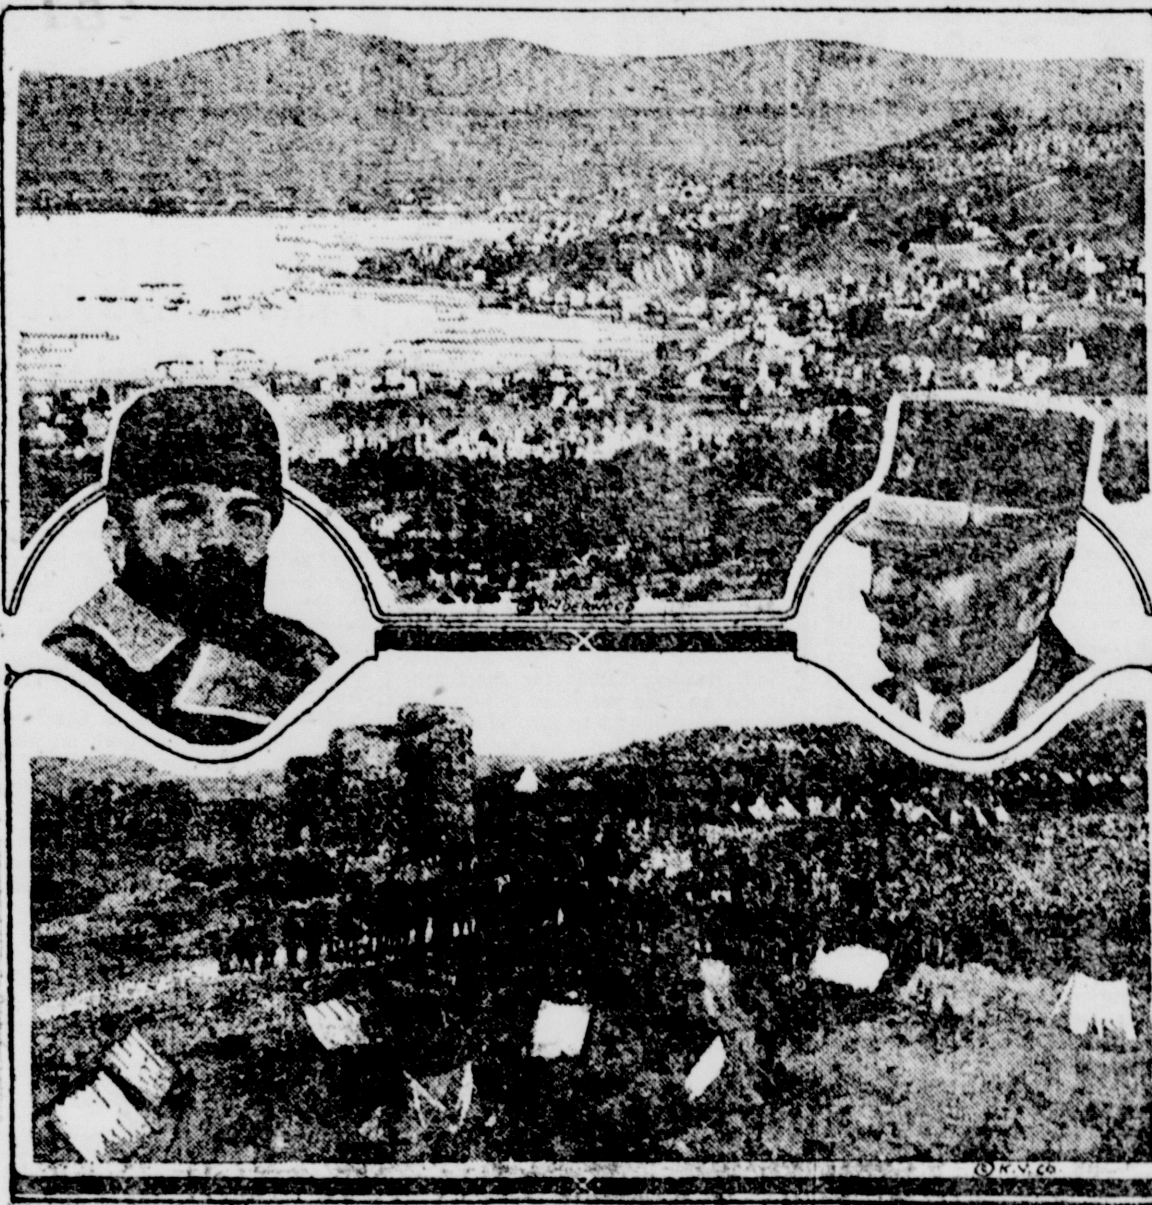

District Sales Managers Here.

District sales managers for the R. Thomas & Sons Co. have been spending a few days at the home offices here. They include J. E. Way, sales manager, New York; R. W. Harnes, western sales manager, with headquarters in Chicago, and M. P. Maxwell, eastern sales manager.

Buyer Visits Here.

Frank Smith, buyer of ceramics for the Glicerist company of Boston, Mass., has been spending several days in this district. The New England trade is in need of merchandise just as much as other sections.

A Greek army of about 100,000, under the command of General Paraskeupoulos, is now engaged in warlike operations in Anatolia

against Mustafa Kemal and his Nationalist army of 87,000 men. The city of Smyrna and its hinterland is the prize sought by

the Greeks. According to a recent official Greek report, the Kemal forces have been badly defeated.

George Brownley at Home Office.

George Brownley, eastern salesman for the Edwin M. Knowles China company, is now at the home office for an indefinite period. He is looking after the desk of George Fowler, who is taking a brief western business trip, which will end with him going into camp in Minnesota for a few weeks with Thomas H. Butcher, sales manager for the Central Glass company of Wheeling. The Minnesota camp is pleasantly located and abounds in hunting and fishing possibilities.

To Move Plant.

Work will be started this week, under the direction of W. M. Parker of Parkersburg, the new general manager of the National Insulation company, on moving the company's plant from Lambert, Ritchie county, to the South Side, Parkersburg. Buildings for the new plant at Parkersburg are being considered.

Swaney Hall Greets Harding.

Pottery and glass salesmen were rather pleased when they learned that it was Swaney Hall, sales manager of the L. E. Smith Glass company of Mt. Pleasant, Pa., who went up to the Harding car to greet the Republican

presidential candidate when the latter was motoring from Washington to Marion recently. Press report carried the incident, but failed to give the name.

Mr. Hall is the son of the late John Hall of this city who for years was

associated with the office of the old East Liverpool Pottery company. "Leave it to Swaney to advertise his old home town," commented Joseph C. Davis of the Knowles, Taylor & Knowles sales department in commenting upon the incident.

Buyers in Local Market.

Among the buyers visiting the local market so far this week were M. J.

BURTON IS GIVEN ANOTHER CHANCE

Skipper of Green Craft at the Helm in Today's Race—Resolute's Handicap Is Increased.

By JACK VIEOCK.

ABOARD U. S. S. DESTROYER GOLDSBOROUGH OFF SANDY HOOK N. J., July 20, (via wireless).—Resolute and Shamrock IV, rode lazily at anchor in Horseshoe Cove this morning awaiting the hour for starting the third of their series of international yacht races for the America's cup.

Early in the day the weatherman promised sailing winds. Forecasts were north or northwest breezes, moderate and slightly fresh.

The freakish green challenger was scheduled to go into today's race starting at 11 o'clock, the usual hour with the same skipper and crew that has handled her to date. Sir Thomas Lipton's decision to keep Captain William P. Burton at the wheel of the green sloop came as a surprise in the face of hurried and even worried conferences between the Irish baronet and his closest advisers. What may occur to the personnel of the Shamrock's crew if Resolute wins to-

day and Charles Francis Adams demonstrates his "skipping" superiority once more is a matter of conjecture. It is the general belief, however, that Sir Thomas will make a change unless the skipper of the Shamrock shows to better advantage than he has in the races sailed so far.

Resolute was a prime favorite in the betting today. She had made backers at odds of 8 to 5 and 7 to 5. Several enthusiasts made wagers that Shamrock will not win another race. The contest today is scheduled to be sailed over a triangular course of thirty miles and if the promises of the weather forecaster hold out, the second real race of the series will be decided by sundown.

The usual armad of pleasure and excursion craft of all kinds steamed out to the "hook" for today's race. Enthusiasm among devotees of yachting is hotter than ever and the number of spectators who were expected to witness the race today was even greater than on Saturday. Resolute was scheduled to enjoy a greater handicap today as a result of a change in the sail area of the challenger. Sir Thomas notified the regatta committee of the New York Yacht club that he desired to use a larger club topsail and at the conclusion of taking measurements of this flapper it was announced that the time allowance had been changed to seven minutes, one second.

CLOSE-UPS

WE HAVE WITH US TODAY—

A baseball gem of purest ray serene is George Sisler of the St. Louis Browns. The fates, however, have been unkind to him. They have not provided a lustrous setting for one of the best and steadiest hitters the game ever knew and Sisler, therefore, pursues the even tenor of his 400 batting way without causing more than an occasional ripple on the surface of a day's baseball events.

Sisler is the only legitimate 400 hitter in the game today. His average for something like seventy-five games—approximately half of the season—is around .420. This mark at this time of the year has been approached only once or twice in the last decade and then only by Cobb and Jackson. Four hundred hitters are not common.

Lacking the spectacular qualities of Speaker, Jackson and Ruth, who are the prominent "runners-up," trailing from twenty to forty points, Sisler has not capitalized his batting eyes as his famous rivals have. He is a modest and rather a colorless workman, always dependable but seldom having anything to say.

The former University of Michigan law student is largely responsible for the spurt made by the Browns last month after they had started badly. Sisler's hitting still "stands up" but the Browns—especially the pitchers—have faded out to a degree that throws the St. Louis batting star into a partial eclipse.

COBB'S FORLORN HOPE

Though Ruth is climbing steadily and Speaker and Jackson are holding the terrific pace, the "experts" believe that Sisler will fall heir to Ty Cobb's batting crown this year.

Cobb, after a lay-off of six weeks, has taken up the cudgel again and is well above the 300 mark. However, with only half the season to go, the Georgia peach trails Sisler slowly by nearly a hundred points. Cobb may struggle up to .375 or thereabouts, but there is nothing to indicate that Sisler is going to encounter a bad slump. Cobb's chances are not enhanced by the fact that he is still handicapped by a lame leg. One of Ty's specialties is beating out infield taps, but, his bum prop has greatly reduced his speed on the base paths. Tyrus has been around a long while and must yield to a younger man some time.

Ruth, while he has not collected a hundred hits yet this season, is advancing over a field of bases on balls laid down by nervous pitchers for him to walk. Last season he received more than one hundred free trips to first base and this year he will be the recipient of even a greater number of unwilling favors if the race between the Yanks, White Sox and Indians, is close from now to the September drive. Speaker is battling at a furious rate and ordinarily would be leading the league with a 400 average.

If Sisler beats out this field he will be entitled to all the credit in the world and plenty of Philip DeCatesby Ball's cash for next season.

A TEN YEAR ARGUMENT

Grover Cleveland Alexander's thirteen-inning defeat of the Giants last week in Chicago turned the balance in Alec's favor for the first time in a decade of tilting between National League's speed king and McGraw's team. When Alec was in his prime as a member of the Philadelphia team he lost more games to the Giants than he won from them. They still had the Indian sign on him when he joined the Cubs. Last season Alec never obtained his best form, but he has come back with bells on this year and is giving the Giants more trouble than he ever caused them before.

Up to last Friday the Giants had won twenty-one games from Alec and lost the same number to him over a stretch of nearly ten years. The "rubber" went thirteen innings before Alec poked his nose in front.

DOESN'T MIND BOUT WITH NEGRO BOXER

NEW YORK, July 20.—Jack Dempsey, world champion heavyweight pugilist, is not averse to fighting a negro boxer, according to an announcement here last night by the International Sporting club. In reversing his attitude on the color line the champion stated he is ready to make a match with Harry Wills, who is scheduled to meet Fred Fulton at the Newark Sportsmen's club next Monday.

"As for the colored boxers," Dempsey said, "you can say for me and make it as strong as you like, that I have absolutely no scruples about boxing them. After I won the championship Jack Kearns, my manager, contended that mixed bouts are injurious to the sport and for that reason would not conclude any for me. It is different now. If the press, public or promoters want me to box a negro I'll gladly take the match. That goes

for Harry Wills and the rest of his ilk. To be quite frank about it, I need the money."

CHAMP MAKES DRAB SHOWING

New Middle King Shows Poorly Against Bartfield.

By JACK VIEOCK.

NEW YORK, July 20.—Johnny Wilson, of Harlem, the new middle-weight champion, made a rather drab impression in his first bout since winning the title from Michael O'Dowd, the rugged citizen of St. Paul.

Wilson's first appearance since beating O'Dowd, and, incidentally, his first bout in the metropolitan district as a topnotcher, was against the veteran Soldier Bartfield at Newark. After 12 rounds of jabbing, clinching, side-stepping and swinging with Bartfield, the new champion was awarded a popular decision by the critics at the ring side, a few of whom refused to concede him better than a draw.

Consensus of opinion was that Wilson had won the bout on points, but in winning he failed to disclose anything resembling latent ability of the variety that might account for his victory over O'Dowd.

To be frank, Wilson's showing was a disappointment. Some may say that Bartfield is the sort of a boxer who, because of his very awkwardness is liable to make any good boxer look bad, but as a matter of fact Wilson failed to show the finish that a champion should have. All he exhibited was a limited knowledge of the grand old game.

Another point which discounts his standing as a champion of the first water is the fact that he apparently lacks initiative and aggressiveness. He often upset Bartfield's attack during their twelve-round melee, but

FOUR BOUTS TO COST \$66,500 IN NEWARK

NEW YORK, July 20.—Roped arena purses are headed skyward if we are to take as a criterion the initial show of the new International Sporting club, which makes its debut at Newark, N. J., on Monday, July 26. The four bouts that night are to cost just \$66,500. The fighters are to receive the following amounts: Fred Fulton, \$25,000 and Harry Willis \$10,000 for their 12-round bout; Jack Britton \$10,000 and Marcel Thomas, the Frenchman, \$2,500 for ten rounds; Johnny Dundee and Eddie Fitzsimmons \$7,500 for ten rounds and Frank Moran \$5,000 and Wild Burt Kenney \$1,500 for their ten-round go. The prices of tickets are to range from \$3 to \$15. The members of the I.S.C. are to get the ringside seats, as they are paying a much larger price for them than the general public.

having done that he seemed at a loss as to what to do next, failing to follow up an advantage. He also showed a penchant for clinching that was unbecoming of a champion.

Perhaps Wilson was not himself against Bartfield. He may have been stale and, as boxers sometimes do, he may have found Bartfield a puzzle that he couldn't solve effectively. Yet criticism should only tend to help him improve, and he has plenty of room for improvement.

Like a good many boxers of this day and age Wilson has a very good defense. His defense in fact, is more highly perfected than his offense. But if he expects to hold the middle-weight championship for any length of time he will have to burnish up his offensive tactics or he will run into a storm some of these fine days and come out minus the title he took from O'Dowd, and that at the hands of some boxer who may be blessed with nothing more than aggressive-ness and a stiff wallop.

TALK OF DEMPSEY-CARPENTIER BOUT

NEW YORK, July 20.—Talk of Jack Dempsey-Georges Carpentier match soon after the French champion returns to the United States in September was revived here today by reports that Tex Rickard is negotiating for the contract for Carpentier's service held by C. B. Cochran, the British promoter. Dempsey's refusal to fight Carpentier anywhere but in the United States is said to have caused Cochran to indicate a willingness to dispose of his contract.

HEIMIES WILL PLAY P.H.C. CLUB

Game to Be Staged This Evening at Wells-ville.

The first game this week for the East Liverpool Heimies will be staged this evening at Wellsville with the P. H. C. club, the leading independent aggregation of that city, as the local nine's opponents. The game will be played on the Pottery diamond in the west end of the city.

Manager Shel Pyle, of the Heimies, today announced that all members of the club will leave here for Wellsville this evening at 5:30 o'clock. The following men will be used in the

game: Meeks, Heavry, Kidder, Bryan, Eldridge, Wurzel, Pyle, Windland, Heckathorne, Dasher and Brown. Next Saturday afternoon the Newell club and the Heimies, old foes, will meet at Newell.

Star for a day—George Herman Ruth.

Ruth set a new league record for home runs when he tapped Kerr of the White Sox for his 30th and 31st homers of the season. Babe's hitting was not enough to win, however, and the Yankees split even.

Sherdell kept the Phillies from bunching hits and turned in a 12-inning victory for the Cardinals.

Welch hit the ball for a home run with two on the bases ahead of him and Mackmen snatched a victory from the Browns.

Ruptured?—Throw Away Your Truss!

For Many Years We Have Been Telling You That No Truss Will Ever Help You—We Have Told You the Harm That Trusses Are Doing. We Have Told You That the Only Truly Comfortable and Scientific Device for Holding Rupture is the Brooks Rupture Appliance—and That It Is

Sent on Trial to Prove It

Ten Reasons Why

You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliance are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. Our reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and our prices are so reasonable, our terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Child Cured in Four Months

Mr. C. E. Brooks, Marshall, Mich.
Dear Sir:—The baby's rupture is altogether cured, thanks to your Appliance, and we are so thankful to you. If we could only have known of it sooner, our little boy would not have had to suffer near as much as he did. He wore your brace a little over four months. Yours very truly
ANDREW EGENBERGER.

Remember!

We send our Appliance on trial to prove what we say is true. You are to be the judge. Fill out free coupon below and mail today.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich.
Dear Sir:—

Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully,

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—
Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing else did but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends—or strangers. I am, Sir, your friend,
Yours very sincerely,
JAMES A. BRITTON,

Soundly Cured at the Age of 81

Mr. C. E. Brooks, Marshall, Mich.

Less than a year ago I sent to you for an appliance which came promptly. I at once put it on and it fitted perfectly. I have worn the appliance not quite ten and one-half months. It has cured my rupture.

I tried the other day while the appliance was off, to see if I could force anything out of the opening to make a break there, but I could not, though I tried hard.

Now I think this quite remarkable as I am in my eighty-first year. I am an old veteran of the Civil War, born and from where I enlisted in the 10th N. H. vol.

VACATION BIBLE SCHOOL COMMENCEMENT PLANS

Marking the close of East End's first Vacation Bible School, commencement exercises will be conducted in the auditorium of the Second Presbyterian church Friday evening, Rev. John M. Diehl, pastor of the church, announced Tuesday.

The Vacation Bible School which has been in progress five weeks in the Second Presbyterian church will close this week. The school admitted children between the ages of four and 14 years and has an enrollment of 200. The largest attendance in any one day has been 165, while the average daily attendance has been 135.

Edward Stotesbury, a senior at Wooster university, is superintendent of the school. He is assisted by Miss Helen Kore, a junior at Wooster university; Miss Inglehart, also a junior at Wooster; Misses Charlotte Irwin

and Eula Capehart, both of this city. Mr. Stotesbury has had charge of the daily devotional exercises, while the four young ladies have taught kindergarten work, industrial work and miscellaneous pursuits.

A feature of the commencement program Friday night will be a regular session of the Vacation Bible school. The pupils will go about their work just as they did during the five weeks' course and the teachers will exhibit their method of instruction. The general public is cordially invited to attend the exercises. The program will start at 8 o'clock.

REV. MYRON W. REESE TO VISIT OLD HOME

Rev. Myron W. Reese, pastor of the Pennsylvania avenue Methodist Episcopal church, will leave Tuesday with his family for Medina, where he will spend three weeks at his old home.

During the absence of Rev. Reese, William T. House, of the East End, a licensed minister, will have charge of the regular church services. Rev. F. L. Dunbar, of Mentor, O., former pastor of the East End church, will occupy the local pulpit one Sunday, Attorney F. L. Wells of Wellsville will speak here August 1.

In appreciation of her services as teacher of the class, Mrs. Myron W. Reese was presented with a purse of \$150 by the officers of class No. 10 of the Pennsylvania avenue Sunday school. The presentation was made Monday evening at the Reese home by George Easterday, president, and Arthur Hill, assistant teacher of the class.

DOWNTOWN PLAYLOT TEAM WINS BALL GAME

By the one-sided score of 18 to 5, the downtown playground baseball team defeated East End's representative nine in the fifth game of the inter-playlot championship series Monday.

The East End team is still in the lead in the race for city baseball honors, having won three games to their opponents' two. The six games of the series will be played in the East End Wednesday.

The downtown and East End teams will clash in volleyball on the East End court Tuesday afternoon at 2:30 o'clock.

Interest in inter-playlot athletics is steadily mounting. Championship of the two playgrounds in baseball, volleyball and basketball will be settled before the season closes the latter part of next month.

Camping Along Raccoon Creek. Chaperoned by Miss Eva Shaw, of the East End, six East End girls, one from Chester and an eighth from Burgettstown, Pa., are camping along the banks of Raccoon creek, near Burgettstown, Pa.

Included in the party are Misses Louise Dopler, Della Barber, Rose Dotta, Laura Dotta, Mary Shreeves, Lucille Thomas, all of the East End; Miss Verna Shaw of Chester and Miss Edith Karsh of Burgettstown.

Ross Caputa Adjudged Insane. Ross Caputa, East End Italian, was adjudged insane by Probate Judge S. W. Crawford at an examination at city hall Monday afternoon. He will be taken to Massillon state hospital for the insane Tuesday.

Caputa was examined by Mrs. M. D. McCutcheon and Clyde R. Larkins. According to relatives, Caputa became mentally unbalanced following a severe attack of Spanish influenza last fall. He was taken to city hall Sunday night by relatives and confined at their request.

BURTON IS GIVEN ANOTHER CHANCE

Skipper of Green Craft at the Helm in Today's Race—Resolute's Handicap Is Increased.

By JACK VIEOCK.

ABOARD U. S. S. DESTROYER GOLDSBOROUGH OFF SANDY HOOK, N. J., July 20, (via wireless).—Resolute and Shamrock IV. rode lazily at anchor in Horseshoe Cove this morning awaiting the hour for starting the third of their series of international yacht races for the America's cup.

Early in the day the weatherman promised sailing winds. Forecasts were north or northwest breezes, moderate and slightly fresh. The freakish green challenger was scheduled to go into today's race starting at 11 o'clock, the usual hour with the same skipper and crew that has handled her to date. Sir Thomas Lipton's decision to keep Captain William P. Burton at the wheel of the green sloop came as a surprise in the face of hurried and even worried conferences between the Irish baronet and his closest advisers. What may occur to the personnel of the Shamrock's crew if Resolute wins today and Charles Francis Adams demonstrates his "skipping" superiority once more is a matter of conjecture. It is the general belief, however, that Sir Thomas will make a change unless the skipper of the Shamrock shows to better advantage than he has in the races sailed so far.

Resolute was a prime favorite in the betting today. She had made backers at odds of 8 to 5 and 7 to 5. Several enthusiasts made wagers that Shamrock will not win another race.

The contest today is scheduled to be sailed over a triangular course of thirty miles and if the promises of the weather forecaster hold out, the second real race of the series will be decided by sundown.

The usual armada of pleasure and excursion craft of all kinds steamed out to the "hook" for today's race. Enthusiasm among devotees of yachting is hotter than ever and the number of spectators who were expected to witness the race today was even greater than on Saturday. Resolute was scheduled to enjoy a greater handicap today as a result of a change in the sail area of the challenger. Sir Thomas notified the regatta committee of the New York Yacht club that he desired to use a larger club topsail and at the conclusion of taking measurements of this flapper it was announced that the time allowance had been changed to seven minutes, one second.

CLOSE-UPS

WE HAVE WITH US TODAY—

A baseball gem of purest ray serene is George Sisler of the St. Louis Browns. The fates, however, have been unkind to him. They have not provided a lustrous setting for one of the best and steadiest hitters the game ever knew and Sisler, therefore, pursues the even tenor of his 400 batting way without causing more than an occasional ripple on the surface of a day's baseball events.

Sisler is the only legitimate 400 hitter in the game today. His average for something like seventy-five games—approximately half of the season—is around .420. This mark at this time of the year has been approached only once or twice in the last decade and then only by Cobb and Jackson. Four hundred hitters are not common.

Lacking the spectacular qualities of Speaker, Jackson and Ruth, who are the prominent "runners-up," trailing from twenty to forty points, Sisler has not capitalized his batting eyes as his famous rivals have. He is a modest and rather a colorless workman, always dependable but seldom having anything to say.

The former University of Michigan law student is largely responsible for the spurt made by the Browns last month after they had started badly. Sisler's hitting still "stands up" but the Browns—especially the pitchers—have faded out to a degree that throws the St. Louis batting star into a partial eclipse.

COBB'S FORLORN HOPE

Though Ruth is climbing steadily and Speaker and Jackson are holding the terrific pace, the "experts" believe that Sisler will fall heir to Ty Cobb's batting crown this year.

Cobb, after a lay-off of six weeks, has taken up the cudgel again and is well above the 300 mark. However, with only half the season to go, the Georgia peach trails Sisler slowly by nearly a hundred points. Cobb may struggle up to .375 or thereabouts, but there is nothing to indicate that Sisler is going to encounter a bad slump. Cobb's chances are not enhanced by the fact that he is still handicapped by a lame leg. One of Ty's specialties is beating out infield taps, but his bum prop has greatly reduced his speed on the base paths. Ty has been around a long while and must yield to a younger man some time.

Ruth, while he has not collected a hundred hits yet this season, is advancing over a field of bases on balls laid down by nervous pitchers for him to walk. Last season he received more than one hundred free trips to first base and this year he will be the recipient of even a greater number of unwilling favors if the race between the Yanks, White Sox and Indians, is close from now to the September drive. Speaker is batting at a furious rate and ordinarily would be leading the league with a .400 average.

If Sisler beats out this field he will be entitled to all the credit in the world and plenty of Philip DeCadeby Ball's cash for next season.

A TEN-YEAR ARGUMENT

Grover Cleveland Alexander's thirteen-inning defeat of the Giants last week in Chicago turned the balance in Alec's favor for the first time in a decade of titanic battles between National League's speed king and McGraw's team.

When Alec was in his prime as a member of the Philadelphia team he lost more games to the Giants than he won from them. They still had the Indian sign on him when he joined the Cubs. Last season Alec never obtained his best form, but he has come back with bells on this year and is giving the Giants more trouble than he ever caused them before.

Up to last Friday the Giants had won twenty-one games from Alec and lost the same number to him over a stretch of nearly ten years. The "rubber" went thirteen innings before Alec poked his nose in front.

DOESN'T MIND BOUT WITH NEGRO BOXER

NEW YORK, July 20.—Jack Dempsey, world champion heavyweight pugilist, is not averse to fighting a negro boxer, according to an announcement here last night by the International Sporting Club.

In reversing his attitude on the color line the champion stated he is ready to make a match with Harry Wills, who is scheduled to meet Fred Fulton at the Newark Sportmen's club next Monday.

"As for the colored boxers," Dempsey said, "you can say for me and make it as strong as you like, that I have absolutely no scruples about boxing them. After I won the championship Jack Kearns, my manager, contended that mixed bouts are injurious to the sport and for that reason would not conclude any for me. It is different now. If the press, public or promoters want me to box a negro I'll gladly take the match. That goes

for Harry Wills and the rest of his ilk. To be quite frank about it, I need the money."

CHAMP MAKES DRAB SHOWING

New Middle King Shows Poorly Against Bartfield.

By JACK VIEOCK.

NEW YORK, July 20.—Johnny Wilson, of Harlem, the new middleweight champion, made a rather drab impression in his first bout since winning the title from Michael O'Dowd, the rugged citizen of St. Paul.

Wilson's first appearance since beating O'Dowd, and, incidentally, his first bout in the metropolitan district as a topnotcher, was against the veteran Soldier Bartfield at Newark.

After 12 rounds of jabbing, clinching, sidestepping and swinging with Bartfield, the new champion was awarded a popular decision by the critics at the ring side, a few of whom refused to concede him better than a draw.

Consensus of opinion was that Wilson had won the bout on points, but in winning he failed to disclose anything resembling latent ability of the variety that might account for his victory over O'Dowd.

To be frank, Wilson's showing was a disappointment. Some may say that Bartfield is the sort of a boxer who, because of his very awkwardness is liable to make any good boxer look bad, but as a matter of fact Wilson failed to show the finish that a champion should have. All he exhibited was a limited knowledge of the grand old game.

Another point which discounts his standing as a champion of the first water is the fact that he apparently lacks initiative and aggressiveness. He often upset Bartfield's attack during their twelve-round melee, but

FOUR BOUTS TO COST \$66,500 IN NEWARK

NEW YORK, July 20.—Roped arena purses are headed skyward if we are to take as a criterion the initial show of the new International Sporting club, which makes its debut at Newark, N. J., on Monday, July 26. The four bouts that night are to cost just \$66,500.

The fighters are to receive the following amounts: Fred Fulton, \$25,000 and Harry Willis \$10,000 for their 12-round bout; Jack Britton, \$10,000 and Marcel Thomas, the Frenchman, \$2,500 for ten rounds; Johnny Dundee and Eddie Fitzsimmons \$7,500 for ten rounds and Frank Moran \$5,000 and Wild Burt Kenney \$1,500 for their ten-round fight. The prices of tickets are to range from \$3 to \$15. The members of the I.S.C. are to get the ringside seats, as they are paying a much larger price for them than the general public.

having done that he seemed at a loss as to what to do next, failing to follow up an advantage. He also showed a penchant for clinching that was unbecoming of a champion.

Perhaps Wilson was not himself against Bartfield. He may have been stale and, as boxers sometimes do, he may have found Bartfield a puzzle that he couldn't solve effectively. Yet criticism should only tend to help him improve, and he has plenty of room for improvement.

Like a good many boxers of this day and age Wilson has a very good defense. His defense in fact, is more highly perfected than his offense. But if he expects to hold the middleweight championship for any length of time he will have to burnish up his offensive tactics or he will run into a storm some of these fine days and come out minus the title he took from O'Dowd, and that at the hands of some boxer who may be blessed with nothing more than aggressiveness and a stiff wallop.

TALK OF DEMPSEY-CARPENTIER BOUT

NEW YORK, July 20.—Talk of Jack Dempsey-Georges Carpentier match soon after the French champion returns to the United States in September was revived here today by reports that Tex Rickard is negotiating for the contract for Carpentier's service held by C. B. Cochran, the British promoter. Dempsey's refusal to fight Carpentier anywhere but in the United States is said to have caused Cochran to indicate a willingness to dispose of his contract.

HEIMIES WILL PLAY P.H.C. CLUB

Game to Be Staged This Evening at Wells-ville.

The first game this week for the East Liverpool Heimies will be staged this evening at Wellsville with the P. H. C. club, the leading independent aggregation of that city, as the local nine's opponents. The game will be played on the Pottery diamond in the west end of the city.

Manager Shel Pyle, of the Heimies, today announced that all members of the club will leave here for Wellsville this evening at 5:30 o'clock. The following men will be used in the

game: Meeks, Heavry, Kidder, Bryant, Eldridge, Wurzel, Pyle, Windland, Heckathorne, Deshler and Brown. Next Saturday afternoon the Newell club and the Heimies, old foes, will meet at Newell.

Sport Bravities

Star for a day — George Herman Ruth.

Ruth set a new league record for home runs when he tapped Kerr of the White Sox for his 30th and 31st homers of the season. Babe's hitting was not enough to win, however, and the Yankees split even.

Sherdell kept the Phillies from bunching hits and turned in a 12-inning victory for the Cardinals.

Welch hit the ball for a home run with two on the bases ahead of him and Mackmen snatched a victory from the Browns.

Ruptured?—Throw Away Your Truss!

For Many Years We Have Been Telling You That No Truss Will Ever Help You—We Have Told You the Harm That Trusses Are Doing. We Have Told You That the Only Truly Comfortable and Scientific Device for Holding Rupture is the Brooks Rupture Appliance—and That It Is

Sent on Trial to Prove It

Ten Reasons Why

You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.

2. The Appliance for retaining the rupture cannot be thrown out of position.

3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.

4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.

5. It is small, soft and pliable, and positively cannot be detected through the clothing.

6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a hard brace.

7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.

8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.

9. All of the material of which the Appliance is made is of the very best that money can buy, making it a durable and safe Appliance to wear.

10. Our reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and our prices are so reasonable, our terms so fair, that there certainly should be no hesitancy in sending free coupon today.

Child Cured in Four Months

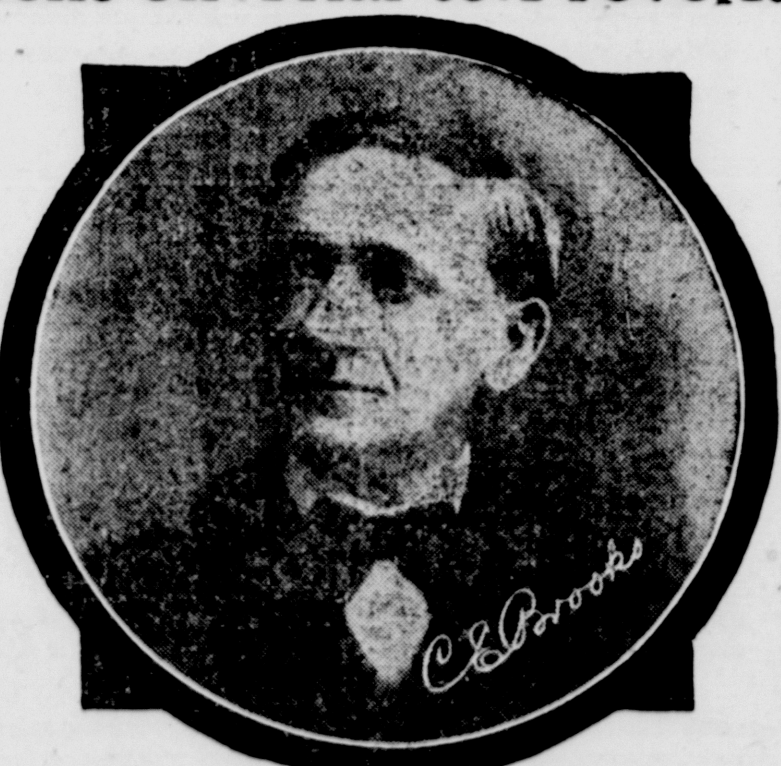

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—The baby's rupture is altogether cured, thanks to your Appliance, and we are so thankful to you.

If we could only have known of it sooner, our little boy would not have had to suffer near as much as he did.

He wore your brace a little over four months. Yours very truly

ANDREW EGGENBERGER.

The Above is C. E. Brooks, Inventor of the Appliance. Mr. Brooks Cured Himself of Rupture Over 30 Years Ago, and Patented the Appliance from His Personal Experience. It Ruptured, Write Today to the Brooks Appliance Co., Marshall, Mich.

Remember

We send our Appliance on trial to prove what we say is true. You are to be the judge. Fill out free coupon below and mail today.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for about a year in all, although it cured him 3 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you. Yours respectfully,

WM. PATTERSON, No. 717 & Main St., Akron, O.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—It will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on. It just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am,

Yours very sincerely,

JAMES A. BRITTON,

42 North Ave., Bethlehem, Pa.

Soundly Cured at the Age of 81

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Less than a year ago I sent to you for an appliance which came promptly. I at once put it on and it fitted perfectly. I have worn the appliance not quite ten and one-half months. It has cured my rupture.

Every day while the appliance was off, to see if I could force anything out of the opening to make a break there, but I could not, though I tried hard.

Now I think this quite remarkable as I am in my eighty-first year. I am an old veteran of the Civil War, born in the town of New Boston, N. H. from where I enlisted in the 10th N. H. vol.

infantry.

NEWS NOTES FROM MOVIELAND

Justine Johnstone is to become a Realtor star—the sixth. The others are Alice Brady, Mary Miles Minter, Constance Binney, and the two newest ones, Wanda Hawley and Bebe Daniels. Miss Johnstone is the unanimous choice of the jury of twelve internationally known artistic, literary and professional people to whom Realtor entrusted the task of picking its new star.

Miss Johnstone is of Swedish extraction and is reported as being twenty years old. She was born in Englewood, N. J., and was educated at the Emma Willard finishing school at Troy, N. Y. She favored a dramatic career even in her early childhood and took part in many plays and while at the Emma Willard school she rose to prominence as president of the dramatic society.

In 1915 she was a member of the "Follies" and again in 1916. She may be remembered by many as "Columbia" in the 1915 "Follies," an honor her beauty won for her.

Last summer she started both the professional circles and the public by joining a stock company in Connecticut. She had planned a career in serious dramatic roles, for which she thought she needed work in stock. These plans, it seems, have been abandoned and Miss Johnstone is now under contract with Realtor to appear in pictures. Her first picture will be "Moonlight and Honeyuckle," by George Scarborough, a stage hit of last year.

"If I Were King" to Be Released Soon.

William Fox announces that he has ready for early release a pretentious film production of "If I Were King," from the successful novel and stage play by Justin Huntly McCarthy.

William Farnum enacts on the screen the character of Francois Villon, in which E. H. Sothern made so great a hit on the stage.

To Film "The Passion Flower."

Nance O'Neill's current stage vehicle, "The Passion Flower," which enjoyed a successful New York engagement last winter, will be produced as a motion picture in South America with the entire original company, after a tour of the United States.

English Under Difficulties.

Rose Dion, the well known French actress, who is now one of the Goldwyn players at the Culver City studio, says she understands "the English, oh! quite perfectly," through a megaphone. But she just can't make out what people are saying when they speak "au naturel."

Here is a new one, fans, a new face which will soon be seen in a Metro picture. You simply must learn the new ones for they are coming up so fast into the star class. This is Mary Louise Beaton who but recently joined Metro as a stock player. She is now serving her novitiate as a screen actress, her first effort being a minor part in "Alias Jimmy Valentine," in which Bert Yvett starred. She is following with a part in "Clothes," and then will come her "chance" for she is to do the lead in the Americanization picture, "Strangers Beware!"

Miss Beaton is a Philadelphia society girl of great charm and numerous accomplishments. Her friends expect great things of her and Metro does also.

One of the Best Things We Sell

We try to handle only the better class materials in every line we stock and we know every item we carry will stand comparison with any similar stock in the entire country.

But we have no hesitancy in saying VALDURA 99.5% PURE ASPHALT PAINT is one of the best things we sell.

Here is a black preservative paint so good that we do not hesitate to offer quick return of your purchase money if you do not find it better than any other paint of the kind you ever used. VALDURA is absolutely pure asphalt—there is not a trace of coal tar or any other inferior materials in it. VALDURA has had the test of time and is endorsed by critical users all over the U. S.

Valdura 99.5% Pure Asphalt Paint

will prove a revelation to you. Anyone can apply it in almost any kind of weather. It will waterproof and protect anything you apply it to and it will give you long time service at low cost. VALDURA won't run in the hottest sun or crack in the coldest weather.

POTTERY NEWS

POTTERS REJECT MANY PROPOSALS

List of Resolutions Turned Down at Recent Convention of National Brotherhood of Operative Potters.

By M. K. ZIMMERMAN.

Since the close of the annual convention of the National Brotherhood of Operative Potters it has been indicated that some resolutions offered were rejected about as soon as they bobbed up.

Here is the text of one resolution which was rejected: "Proposed that inasmuch as there is a movement on foot to bring capital and labor closer together that each firm consent to place on its board of directors a member of a local union on its plant satisfactory to the firm."

Another resolution rejected provided that Pullman car advantages be at the disposal of delegates who have to travel more than eight hours to reach the national convention city.

Another idea turned down by the convention was the proposed to pay representatives who attend meetings of the standing committee.

One resolution proposed was to authorize the executive board of the brotherhood to keep tab on cost of food and clothing, then every three months whatever percent of increase was found, that such increase be made a wage demand.

Other resolutions rejected follow: "Proposed that the organization sign no agreement with the manufacturers unless it were agreed that the organization should have the right to a regular conference at any time, together with the right to enforce its demands to the point of a strike, if such action were deemed necessary."

"Proposed that the maximum death benefits be increased from \$200 to \$250."

"Proposed the establishment of a uniform wage of \$58 per week; that extras to the amount of \$2.00 per week be permitted; foregoing sums to be subject to the 25 per cent bonus."

"Proposed a 75 per cent increase for all branches of the sanitary trade."

"Proposed that inasmuch as different methods are employed in the making of a casted and a pressed piece of ware, that the N.B. of O.P., begin an advertising campaign in leading magazines and periodicals of the country, by way of educating the public to become more discriminating in the purchase of such articles."

"Proposed that the N.B. of O.P., enter into an agreement with the manufacturers whereby two weeks' vacation with pay would be granted to members of the trade, every year, in July."

"Proposed a five and one-half day week, with time and one-half pay for any work done on Saturday afternoon."

"Proposed that members found guilty of violating the working rule be fined \$25 for the first offense, \$50 for the second, and expelled for the third."

"Proposed that the sanitary trade be informed of prices and working agreements made in conferences and meetings with the sanitary manufacturers, and that this information be furnished for such work to be destroyed by the national organization."

"Proposed to deduct one per cent and reinstatement fees from the pay envelope in the office."

"Proposed imposing a fine upon those who failing to report their failure to get an increase when it is due them promptly to the local."

"Proposed that the Western Sanitary Standing Committee be allowed 'for the reason that it has not functioned and that a traveling statistician be elected by the trade in lieu thereof. Query Sent to Long Beach, Cal."

Long Beach, California, has been asked by the Homer Knowles Pottery Co., what it will do to secure a new industry. The text of a letter forwarded to a commercial organization there by this new firm reads:

"Incorporation papers have been filed in the state of Delaware for the formation of the Homer Knowles Pottery company, a \$750,000 corporation, to build a modern pottery in California. This has nothing to do with any deal now being promoted in Los Angeles."

"What has your city to offer in the way of a site? We will need close to ten acres, as our first building will cover about 150,000 square feet."

"The pay roll will be between \$35,000 and \$40,000 per month, and the industry will bring about 200 potters and their families to California."

"If you are interested in the matter, I would be very glad to go into further details. We hope to open an office in Los Angeles soon and want a break ground within three months."

SMYRNA IS PRIZE SOUGHT BY GREECE IN NEW TURK WAR

View of the city and harbor of Smyrna (above) and Greek army camp in Anatolia, not far from Smyrna. Mustafa Kemal (left) and General Paraskeoupoulos.

A Greek army of about 100,000, under the command of General Paraskeoupoulos, is now engaged in warlike operations in Anatolia against Mustafa Kemal and his Nationalist army of 57,000 men. The city of Smyrna and its hinterland is the prize sought by the Greeks. According to a recent official Greek report, the Kemal forces have been badly defeated.

George Brownley at Home Office.

George Brownley, eastern salesman for the Edwin M. Knowles China company, is now at the home office for an indefinite period. He is looking after the desk of George Fowler, who is taking a brief western business trip, which will end with him going into camp in Minnesota for a few weeks with Thomas H. Butcher, sales manager for the Central Glass company of Wheeling. The Minnesota camp is pleasantly located and abounds in hunting and fishing possibilities.

To Move Plant.

Work will be started this week, under the direction of W. M. Parker of Parkersburg, the new general manager of the National Insulation company, on moving the company's plant from Lambert, Ritchie county, to the South Side, Parkersburg. Buildings for the new plant at Parkersburg are being considered.

NEWS NOTES FROM MOVIELAND

Justine Johnstone is to become a Reelstar star—the sixth. The others are Alice Brady, Mary Miles Minter, Constance Binney, and the two newest ones, Wanda Hawley and Bebe Daniels. Miss Johnstone is the unanimous choice of the jury of twelve internationally known artistic, literary and professional people to whom Reelstar entrusted the task of picking its new star.

Miss Johnstone is of Swedish extraction and is reported as being twenty years old. She was born in Englewood, N. J., and was educated at the Emma Willard finishing school at Troy, N. Y. She favored a dramatic career even in her early childhood and took part in many plays and while at the Emma Willard school she rose to prominence as president of the dramatic society.

In 1915 she was a member of the "Follies" and again in 1916. She may be remembered by many as "Columbia" in the 1915 "Follies," an honor her beauty won for her. Last summer she started both the professional circles and the public by joining a stock company in Connecticut. She had planned a career in serious dramatic roles, for which she thought she needed work in stock. These plans, it seems, have been abandoned and Miss Johnstone is now under contract with Reelstar to appear in pictures. Her first picture will be "Moonlight and Honeyuckle," by George Scarborough, a stage hit of last year.

"If I Were King" to Be Released Soon.

William Fox announces that he has ready for early release a potent picture of "If I Were King," from the successful novel and stage play by Justin Huntly McCarthy. William Fox enacts on the screen the character of Francois Villon, in which E. H. Sothern made so great a hit on the stage.

To Film "The Passion Flower."

Nance O'Neill's current stage vehicle, "The Passion Flower," which enjoyed a successful New York engagement last winter, will be produced as a motion picture in South America with the entire original company, after a tour of the United States.

English Under Difficulties.

Rose Dion, the well known French actress, who is now one of the Goldwyn players at the Culver City studio, says she understands "the English, oh! quite perfectly," through a megaphone. But she just can't make out what people are saying when they speak "an natural."

Here is a new one, fans, a new face which will soon be seen in a Metro picture. You simply must learn the new ones for they are coming up so fast into the star class. This is Mary Louise Beaton who but recently joined Metro as a stock player. She is now serving her novitiate as a screen actress, her first effort being a minor part in "Alias Jimmy Valentine," in which Bert Yvett starred. She is following with a part in "Clothes" and then will come her "chance" for she is to be the lead in the Americanization picture, "Strangers Beware!"

Miss Beaton is a Philadelphia society girl of great charm and numerous accomplishments. Her friends expect great things of her and Metro does also.

VACATION BIBLE SCHOOL COMMENCEMENT PLANS

Marking the close of East End's first Vacation Bible School, commencement exercises will be conducted in the auditorium of the Second Presbyterian church Friday evening, Rev. John M. Diehl, pastor of the church, announced Tuesday.

The Vacation Bible School which has been in progress five weeks in the Second Presbyterian church will close this week. The school admitted children between the ages of four and 14 years and has an enrollment of 200. The largest attendance in any one day has been 165, while the average daily attendance has been 135.

Edward Statesbury, a senior at Wooster university, is superintendent of the school. He is assisted by Miss Helen Kore, a junior at Wooster university; Miss Inglehart, also a junior at Wooster; Misses Charlotte Irwin

and Eula Capehart, both of this city. Mr. Statesbury has had charge of the daily devotional exercises, while the four young ladies have taught kindergarten work, industrial work and miscellaneous pursuits.

A feature of the commencement program Friday night will be a regular session of the Vacation Bible school. The pupils will go about their work just as they did during the five weeks' course and the teachers will exhibit their method of instruction. The general public is cordially invited to attend the exercises. The program will start at 8 o'clock.

REV. MYRON W. REESE TO VISIT OLD HOME

Rev. Myron W. Reese, pastor of the Pennsylvania avenue Methodist Episcopal church, will leave Tuesday with his family for Medina, where he will spend three weeks at his old home.

During the absence of Rev. Reese, William T. House, of the East End, a licensed minister, will have charge of the regular church services. Rev. F. I. Dunbar, of Mentor, O., former pastor of the East End church, will occupy the local pulpit one Sunday, Attorney F. L. Wells of Wellsville will speak here August 1.

In appreciation of her services as teacher of the class, Mrs. Myron W. Reese was presented with a purse of

\$150 by the officers of class No. 10 of the Pennsylvania avenue Sunday school. The presentation was made Monday evening at the Reese home by George Easterday, president, and Arthur Hill, assistant teacher of the class.

The class, composed of 31 young men and women, took the initiative in raising the purse. Members of the church contributed toward the fund. Mrs. Reese also directs the singing in both the church and in the Sunday school.

Address of the Reese family during their stay in Medina will be 227 South Elmwood street, Medina, Ohio. They will reopen the old Reese home—stead in Medina which has been closed since the death of Rev. Reese's sister. Rev. Reese will settle the estate during his stay.

DOWNTOWN PLAYLOT TEAM WINS BALL GAME

By the one-sided score of 18 to 5, the downtown playground baseball team defeated East End's representative nine in the fifth game of the inter-playlot championship series Monday.

The East End team is still in the lead in the race for city baseball honors, having won three games to their opponents' two. The six games of the string will be played in the East End Wednesday.

The downtown and East End teams will clash in volley ball on the East End court Tuesday afternoon at 2:30 o'clock.

Interest in inter-playlot athletics is steadily mounting. Championship of the two playgrounds in baseball, volley ball and basketball will be settled before the season closes the latter part of next month.

Camping Along Raccoon Creek. Chaperoned by Miss Eva Shaw, of the East End, six East End girls, one from Chester and an eighth from Burgettstown, Pa., are camping along the banks of Raccoon creek, near Burgettstown, Pa.

Included in the party are Misses Louise Dopler, Della Barber, Rose Dotta, Laura Dotta, Mary Shreeves, Lucille Thomas, all of the East End; Miss Verna Shaw of Chester and Miss Edith Karsh of Burgettstown.

Ross Caputa Adjudged Insane.

Ross Caputa, East End Italian, was adjudged insane by Probate Judge S. W. Crawford at an examination at city hall Monday afternoon. He will be taken to Massillon state hospital for the insane Tuesday.

Caputa was examined by Mrs. M. D. McCutcheon and Clyde R. Larkins. According to relatives, Caputa became mentally unbalanced following a severe attack of Spanish influenza last fall. He was taken to city hall Sunday night by relatives and confined at their request.

NEWS NOTES FROM MOVIELAND

BY DAISY DEAN

Justine Johnstone is to become a Reelstar—the sixth. The others are Alice Brady, Mary Miles Minter, Constance Binney, and the two newest ones, Wanda Hawley and Bebe Daniels. Miss Johnstone is the unanimous choice of the jury of twelve internationally known artistic, literary and professional people to whom Reelart entrusted the task of picking its new star.

Miss Johnstone is of Swedish extraction and is reported as being twenty years old. She was born in Englewood, N. J., and was educated at the Emma Willard finishing school at Troy, N. Y. She favored a dramatic career even in her early childhood and took part in many plays and while at the Emma Willard school she rose to prominence as president of the dramatic society.

In 1915 she was a member of the "Follies" and again in 1916. She may be remembered by many as "Columbia" in the 1915 "Follies," an honor her beauty won for her. Last summer she started both the professional circles and the public by joining a stock company in Connecticut. She had planned a career in serious dramatic roles, for which she thought she needed work in stock. These plans, it seems, have been abandoned and Miss Johnstone is now under contract with Reelart to appear in pictures. Her first picture will be "Moonlight and Honey-suckle," by George Scarborough, a stage hit of last year.

"If I Were King" to Be Released Soon.

William Fox announces that he has ready for early release a pretentious film production of "If I Were King," from the successful novel and stage play by Justin Huntly McCarthy.

William Farnum enacts on the screen the character of Francois Villon, in which E. H. Sothern made so great a hit on the stage.

To Film "The Passion Flower."

Nance O'Neill's current stage vehicle, "The Passion Flower," which enjoyed a successful New York engagement last winter, will be produced as a motion picture in South America with the entire original company, after a tour of the United States.

English Under Difficulties.

Rose Dion, the well known French actress, who is now one of the Hollywood players at the Culver City studio, says she understands "The English, oh! quite perfectly," through a megaphone. But she just can't make out what people are saying when they speak "au naturel."

Here is a new one, fans, a new face which will soon be seen in a Metro picture. You simply must learn the new ones for they are coming up so fast into the star class. This is Mary Louise Beaton who but recently joined Metro as a stock player. She is now serving her novitiate as a screen actress, her first effort being a minor part in "Alias Jimmy Valentine," in which Bert Ytelle starred. She is following with a part in "Clothes" and then will come her "Chance" for she is to do the lead in the Americanization picture, "Strangers, Beware!"

Miss Beaton is a Philadelphia society girl of great charm and numerous accomplishments. Her friends expect great things of her and Metro does also.

They're Up in the Air.

Edward Sutherland, mayor of "Ragtown," the summer sleeping encampment of male stars atop the Los Angeles Athletic club, has been served with a notice to the effect that unless he and his gang get off the roof they will be all quartered for the summer in the Los Angeles jail. It seems the roof dwellers did not consult the fire and construction laws of the city. Among the club members who had planned to occupy sites in "Ragtown" are Jack Gilbert, Thomas Meighan, Antonio Moreno, William Duncan and Director Jerome Storm.

Theda Bara Goes Abroad.

Theda Bara sailed recently for London. She was accompanied by her sister. Miss Bara has ended her engagement in "The Blue Flame" and is going abroad to study a new role. It is said she will appear in an historical play in the early fall.

Elvidge in Legitimate.

June Elvidge is deserting the movies for a space. June will be seen in "The Miracle Maid," a new legitimate production, which is listed to open soon in Chicago. The offering is said to be a comedy drama.

Gossipy Bits.

That she is Gloria Swanson's "double" is declared of Dollatrice Johnson, a new beauty who will appear in Charles Ray's First National picture, "Forty-Five Minutes from Broadway."

"The Mist Wife," starring Earle Williams, is to be exhibited in September in a melodrama of Chinese songs called "The Purple Cipher."

Jack Pickford is starting work on a movie from George Ade's comedy, "Just Out of College."

WANTED—A lover; must be six feet three.

Are you six feet three, Mr. Movie Fan? If so, communicate at once with Betty Blythe, beautiful film star, residing at the Hotel Hollywood, Hollywood, Cal.

Miss Blythe seeks a permanent lover for film purposes. The one requisite is that he be of the proper longitudinal dimension. The star, being unusually tall, and most leading men in pictures being unusually short, has issued a call to the colleges of the United States for a young man, preferably good looking, who is interested in becoming a picture actor, and who measures the said number of inches. He must be of athletic proportions in keeping with his height, of the rugged masculine type and able to swim, ride horseback, drive a car, dance and look intelligent.

A college man is preferred, as the star believes that brains as well as brawn is demanded now by picture fans. Miss Blythe intends to commence picture production as soon as she can find the right physical and intelligent giant. She recently completed a film play of James Oliver Curwood story, "No Made of the North," and is now enjoying a vacation while her director looks for the "great lover."

Here's your chance, you men who look like advertisements for collars and college clothes.

How to Become a Star.

Ellen Perry has a recipe on "How to Become a Star" which she gladly submits for the benefit of those who may be interested in the gentle art of acting:

1. Begin young.
2. Work hard.
3. Dress simply.
4. Live modestly and quietly.
5. Avoid extravagance and if possible be born in Ireland.

They're Going Over.

Last week Violet Henning sailed for England, on July 31 Dorothy Gish sails, Mary Pickford is now over there and Ethel Clayton sailed July 10, and there you are. It's the fashion to spend the summer months in Europe, and in motion picture circles it is better to be dead than behind the times. Never has there been such an exodus of stars to foreign shores. Some of them pleasure bent, others to rest, and all of them to cast an eye on the picture situation.

The four years of war and the almost complete severing of motion picture relationships between Europe and the United States is largely responsible for all the theatrical and screen folk going abroad this summer. There is so much to see, and so much to learn about foreign films.

Sailing also on the Imperator August 15 will be Albert Parker and Norma and Constance Talmadge.

June Signs.

The constantly growing list of Pathe stars has been augmented by the addition of June Caprice who has just been signed to a long term contract by Paul Brunet, vice president and general manager of Pathe Exchange, Inc. Miss Caprice has been starred in several productions distributed by Pathe, including "Oh, Boy!" and "A Damsel in Distress," and has proved herself a box office medium of considerable merit.

VACATION BIBLE SCHOOL COMMENCEMENT PLANS

Marking the close of East End's first Vacation Bible School, commencement exercises will be conducted in the auditorium of the Second Presbyterian church Friday evening, Rev. John M. Diehl, pastor of the church, announced Tuesday.

The Vacation Bible School which has been in progress five weeks in the Second Presbyterian church will close this week. The school admitted children between the ages of four and 14 years and has an enrollment of 200. The largest attendance in any one day has been 165, while the average daily attendance has been 135.

Edward Stotesbury, a senior at Wooster university, is superintendent of the school. He is assisted by Miss Helen Kore, a junior at Wooster university; Miss Inglehart, also a junior at Wooster; Misses Charlotte Irwin

and Eula Capchart, both of this city. Mr. Stotesbury has had charge of the daily devotional exercises, while the four young ladies have taught kindergarten work, industrial work and miscellaneous pursuits.

A feature of the commencement program Friday night will be a regular session of the Vacation Bible school. The pupils will go about their work just as they did during the five weeks' course and the teachers will exhibit their method of instruction. The general public is cordially invited to attend the exercises. The program will start at 8 o'clock.

REV. MYRON W. REESE TO VISIT OLD HOME

Rev. Myron W. Reese, pastor of the Pennsylvania avenue Methodist Episcopal church, will leave Tuesday with his family for Medina, where he will spend three weeks at his old home.

During the absence of Rev. Reese, William T. House, of the East End, a licensed minister, will have charge of the regular church services. Rev. F. I. Dunbar, of Mentor, O., former pastor of the East End church, will occupy the local pulpit one Sunday. Attorney F. L. Wells of Wellsville will speak here August 1.

In appreciation of her services as teacher of the class, Mrs. Myron W. Reese was presented with a purse of

\$150 by the officers of class No. 10 of the Pennsylvania avenue Sunday school. The presentation was made Monday evening at the Reese home by George Easterday, president, and Arthur Hill, assistant teacher of the class.

The class, composed of 31 young men and women, took the initiative in raising the purse. Members of the church contributed toward the fund. Mrs. Reese also directs the singing in both the church and in the Sunday school.

Address of the Reese family during their stay in Medina will be 227 South Elmwood street, Medina, Ohio. They will reopen the old Reese home—stead in Medina which has been closed since the death of Rev. Reese's sister. Rev. Reese will settle the estate during his stay.

DOWNTOWN PLAYLOT TEAM WINS BALL GAME

By the one-sided score of 18 to 5, the downtown playground baseball team defeated East End's representative nine in the fifth game of the inter-playlot championship series Monday.

The East End team is still in the lead in the race for city baseball honors, having won three games to their opponents' two. The six games of the string will be played in the East End Wednesday.

The downtown and East End teams will clash in volleyball on the East End court Tuesday afternoon at 2:30 o'clock.

Interest in inter-playlot athletics is steadily mounting. Championship of the two playgrounds in baseball, volleyball and basketball will be settled before the season closes the latter part of next month.

Camping Along Raccoon Creek. Chaperoned by Miss Eva Shaw, of the East End, six East End girls, one from Chester and an eighth from Burgettstown, Pa., are camping along the banks of Raccoon creek, near Burgettstown, Pa.

Included in the party are Misses Louise Dopler, Della Barber, Rose Dotta, Laura Dotta, Mary Shroves, Lucille Thomas, all of the East End; Miss Verna Shaw of Chester and Miss Edith Karsh of Burgettstown.

Ross Caputa Adjudged Insane. Ross Caputa, East End Italian, was adjudged insane by Probate Judge S. W. Crawford at an examination at city hall Monday afternoon. He will be taken to Massillon state hospital for the insane Tuesday.

Caputa was examined by Mrs. M. D. McCutcheon and Clyde R. Larkins. According to relatives, Caputa became mentally unbalanced following a severe attack of Spanish influenza last fall. He was taken to city hall Sunday night by relatives and confined at their request.
